NEWSPAPER A BUSINESS GUIDE

The newspaper that carries a good line of advertisements is to the shopper what the time table is to the traveler and the published guide is to the tourist. Busy people will study these advertisements in the home or in the office as they do a time table, and, before they start out shopping, they have determined where they are going.

The newcomer or visitor in the city finds the advertising columns of a newspaper a reliable guide to follow, just as he finds the printed guide for tourists to points of interest a matter of interest and time-saving.—Ohio Newspaper.

ALLIGATOR STEAK IS GOOD, SAYS CLERGYMAN

Wilmington, April 3.—Alligator steaks make a most palatable dish, according to Rev. James E. W. Cook, of this city, who has just returned from Southport, where he conducted Lenten services last week.
 The clergyman reported on his arrival here that an alligator caught near Fort Caswell was killed and steaks prepared by a government bacteriologist who was there at the time and that the meals was most toothsome and palatable.
 Quite a number of persons were served the steaks and the meal was said to be excellent in flavor by all those who partook.

INDUSTRY IN GOOD HEALTH
 The State appears to have entered upon an abiding good day. Capital,

at least, has confidence in the future, as an evidence of which new textile plants are springing up almost faster than they can be counted. Two new industrial plants were developed in the office of Secretary of State Everett, during the course of business, yesterday, one being a \$500,000 cotton mill at Hudson, six miles east of Lenoir, and the other a new mill of 40,000 spindles, in addition to the Erwin mill plant already in operation at Dunn. In the meantime, information of progressive increases in wages continue coming in from all parts of the State, and the voice of the labor agitator is growing fainter in the distance.—Charlotte Observer.

How Many Will Live?

You can count those baby chicks now and mark up a number. But counting them three weeks later may mean a very much smaller number, unless you start to feeding them right. Baby chicks' digestive systems are exceedingly delicate. Too many women feed chicks on things they think are good chick feed. As a result the loss of chicks is large.

Purina Chick Startena
 (With Buttermilk)

is the very last word in a starting feed. It represents the knowledge of many years' experience in poultry feeds.

Chick Startena and Baby Chick Chow are balanced to supply just the right nourishment to baby chicks. One of Startena's principal ingredients is buttermilk, which keeps the tiny digestive systems active.

Better still, Chick Startena is guaranteed when fed as directed. You can count on more baby chicks when you start them on Chick Startena. Order for your chicks now.

Ford

ANNOUNCEMENT
 of Interest to
MILLIONS of FAMILIES
 "I will Build a Car for the Multitude."

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five Dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.
