As yet there is no indication of a decrease in the number of automobile accidents.

It appears that Governor Morrison will win his prison case, spited adverse criticism.

So long as a little cover at night makes you more comfortable, cotton will not spread itself growing.

Now, that Bollington B. Weevil denies that his tribe is guilty of attacking the spring chicken crop, we beg his pardon.

"Shoots His Wife, Then Kills Himself"—Headline, which suits us better than, "Kills His Wife, Then Shoots Himself."

One beauty about the reputation of Dunn as a model town, is that it has the goods to back it up, that is, all except a modern hotel.

Washington newspaper correspondents are having one hard time in picking the 1934 Democratic presidential timber. To every available prospect there seems to be a mighty draw-back.

The Charlotte Observer is moved to insinuate that the citizens of the Mecklenburg capital have become too lazy to "celebrate the signing of the Mecklenburg declaration of independence." What's wrong with Charlotte?

Longway "spiced" the "spice" for properly constructed school buildings. To the credit of State, North Carolina has replaced most of the danger-traps with modern structures. Yet, there are here and there, scattered throughout the State, buildings of the type that resulted in the death of many innocent children, together with many grown-ups.

Harnett County School News

The second and latest edition of the Harnett County School News, issued on May 15, is an illustrated number, in which the advancement being made in the county along educational lines, is portrayed in both pictures and words. Besides carrying pictures of the numerous, modern brick school buildings, with which the county is sprinkled, the illustrations include that of the old type, one room, school building of days gone by.

This edition gives a comprehensive history of the work done during the past school year, together with numerous articles pertaining to school work and education. After reading the current issue of the Harnett County School News, one is better acquainted with what is being done in the county in the way of providing adequate school facilities. Every citizen of the county should read it.

The School News is published by the Educational and Public Welfare forces of the county, and in our opinion, it is an undertaking well worth while.

Looks Bad For Jury

A jury empaneled in Chatham county Superior court last week was ordered to get their hats and go home by Judge J. Lloyd Horton, according to a dispatch sent out from Pittsboro. The jury had failed to convict a white man and a negro on the charge of violating liquor laws, and we take it that the jury did not base its verdict upon the evidence. The jurymen were first guided by the presiding judge for the verdict which they rendered. This reprimand from a judge does not look good for the jury to which it was directed. It indicates that the jury was in sympathy with those who had violated the prohibition laws, or at least that the judge did not think the jury capable of passing upon the guilt or innocence of the accused. In other words, the judge must have felt that there was something radically wrong with his jury. Judge Horton is holding court in Harnett county this week.

Poor Judgment

We take it that few members of the two Co-operative Marketing Associations—cotton and tobacco—will take the chance of contract-breaking this year. Poor judgment was shown by members who last year broke their selling contracts, not only from a financial standpoint, but from that of faith in co-operation. A member who breaks his contract shows that he has more faith in individual effort than in co-operative effort.

Many who failed to live up to their contract were led to do so by persons whom they took to be their friends. Yet, they were enemies. The member who fails to live up to his co-operative selling contract shows a poor spirit towards his brother-member. The person who tells you that dumping a crop on the market is better for the farmer than orderly marketing in the co-operative way is looking to his own interest and not to that of the producer.

Not Mere Fancy

The crowded condition of the car provided for colored passengers on north-bound trains passing through Dunn indicates that the talk about negro exodus from the South is not mere guess talk. We have noticed for several weeks past that the north-bound trains carry many more negro passengers than south-bound. This fact has led us to believe that the negroes or the South are headed for "the promised land." It appears that a steady stream of negroes is pouring northward. One effect of this exodus of the colored population of the South, will be less cotton and higher prices.

DUNN HI'S AGAIN ARE THE WINNERS

Take Game From Fayetteville In 9 Inning On Fayetteville Grounds

Dunn Hi's played a return game with the Fayetteville Hi's Wednesday. Jupiter Fluvius acted like a naughty boy by throwing a few of his damp drops and out curves on the Fayetteville diamond. Despite the rain, which came in the morning and early noon, the game was played and the Dunn boys proved to be better mud hens and won the old ball game 11-3.

Sound duty fell on "Hobo" Stewart, while "Binam" Cain was again pitted in the pit of pitchbox. Dunn started off with a rush and tallied in the first canto and from then on until the fourth canto the scoring stood at a standstill. Then the Fayetteville boys managed to get three men on the stations. Then with a crash "Binam" with the mighty Cain hit an easy pty to "Deac" Baggott in centerfield and he thought someone was going to help him to a Gallagher and Shean act and he missed the ball and fumbled, rolled and threw it wild and three Fayetteville runners crossed the guttapercha, then a clean hit scored "Bin" Cain. Then Bethune ended the inning by tying out to Hodges in left.

In the seventh inning Coach Wright said, "look at the score board, boys." They looked and found the score 4-1 in the Fayetteville boy's favor. Then with fire in their eyes the Dunn boys hit Cain's offerings all over the field, "Sid" Wilson singled, Ras Wilson did the same, B. Baggott then came to the plate, and walloped the egg to the pailings for a triple. Immediately Dugd walked and Sutton did the "Babe" act" by walloping the agent so hard that it cleared the tall grass in center field. This made the score 5 to 4 in favor of the locals. In the eighth canto, Dunn scored two more markers, via hits by Hodges, Coats and D. Baggott's liner errorred B. Anderson in center.

With a comfortable lead "Hobo" pitched rather loosely, and allowed three men to get on base on hits then again D. Baggott pulled another Alphonse and Gaston stunt and three more Fayetteville runners counted. In the ninth canto "Julie" Doyd tripled, a moment later piffered the terminal station with the winning tally. Fayetteville went 1 2 3 route in their half of the ninth canto, and thus the game ended.

S. H. E. Fayetteville 10 9 5 Dunn 11 14 3 Battery: Cain, Bethune and Kelly; Stewart and B. Baggott.

NEW THRILLS FURNISHED IN RICHARD TALMADGE FEATURE

Dick Tainage, in his latest feature, "Watch Him Step," at the Colonial, introduces some entirely new methods of defying gravity and producing thrills. If you marveled at Dick before, you will gasp at the stunts he does and the chances he takes in this photoplay. In "Watch Him Step" Dick cavorts around a ledge at the top of a ten story building, walks up the side of a house and carries his girl back down with one arm as easily as we carry our head on our shoulders, dives headfirst over whatever obstacle happens to be in his way; in fact, he literally leaps, dives,

jumps and falls his way through five reels of the fastest moving comedy drama ever filmed.

SEVENTY-FOUR PEOPLE VICTIMS OF SCHOOL FIRE

(Continued from page 1.)

grave tonight. Officials apparently gave little thought to investigation today.

Bathed in the glory of a setting South Carolina sun, 62 bodies, that less than 24 hours before had been fun-loving men, women, and children late tonight were placed on one big grave in Boulah Methodist church yard.
