Dollars Decrease in the Pocket
They increase if deposited in the Commercial bank. Interest at four per cent is compounded quarterly; your dollars keep growing every day and night. Money in the pocket is more easily spent for things that may give you no benefit or real pleasure. If in the bank, it is withdrawn only when needed. \$1.00 will start an account in this bank. Regular saving will make it grow.

WHERE SALVATION IS FREE
The Florida Christian Advocate facetiously quotes some one who suggest such a plan could not work in a Methodist church, since an offering to the Lord is an essential element of worship, and that "where two or three Methodists gather together, there the collection plate is also."

THE LANGUAGE OF THE LAW
"If I were to give you this apple," said Ben. Joseph Clants to a little girl of whom he was very fond, "I would simply say, 'I give you this apple,' but should the transaction be interpreted to a lawyer to put in writing he would say: 'I hereby give, grant and convey to you all my interest, right, title and advantage of and in said apple, together with its seed, skin, juice, pulp and pits and all rights and advantages therein, with full power to life, such as otherwise on the same, or give away with or without the seed, skin, juice, pulp or pits, anything hereafter, or to any other deed or deed, instrument of any nature or kind whatsoever, to the contrary in anywise notwithstanding.'"

"Shield budding is the type most used. The bud should be placed on a stock about the size of a lead pencil. This usually means one year old wood with the peach and two year wood with the apple."

Firestone CUTS TIRE PRICES 10%
We announce a 10% reduction in tires and tubes effective June 11. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.
Firestone factories are organized on a basis of large volume and intensive production. Costs are down but quality is at its peak. Stockholder workmen are daily building many thousands of Gum-Dipped Cords—the best Firestone ever produced, and we believe, the leader on the market today.
Firestone cords took the first four places and eight of the ten most important positions in the Indianapolis sweepstakes, May 12, without a single tire failure.
Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases 144% in the past six months. We have replaced many expensive branches with warehouses. We now have 120 distributing points which are delivering Firestone tires to the consumer at the lowest cost in our history.
Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what Most Miles per Dollar means to you today.
