AUTRYVILLE NEWS

(By D. W. Hall.) Autryville, July 25.—Mr. G. E. Hall is on the sick list.

Prof. and Mrs. W. M. Autry and part of their children, of Waynesboro, Miss., came up not long ago on an extended visit to relatives in this community. Mr. and Mrs. Autry formerly resided in this section, but moved to Mississippi a few years ago, where Mr. Autry has a position superintending a turpentine farm. He says that business down there is good.

A protracted meeting was recently held at Long Branch by the pastor, Rev. J. S. Johnson, of Cedar Creek.

Mr. and Mrs. Roscoe Baine, of Cumberland, spent a short while recently visiting Mr. and Mrs. W. J. Capps in this vicinity.

Messrs. W. J. Capps, J. P. House and Mr. R. Baine made a trip to Fayetteville Saturday of the past week.

A protracted meeting was held at Clement church in this vicinity the past week, closing Sunday, the 22nd. Rev. J. S. Harrell, of Sunbury, Gates county, did most of the preaching, assisted by the pastor, Rev. W. M. Page, of Buie's Creek, and on the last day or two before closing, Rev. Mr. Womble assisted in the meeting.

Dr. E. Tate Sessions, one of Sampson county's young physicians, who has been residing at Autryville the past few years and practicing in the surrounding community, left not long since for New York city, to take a post-graduate course in medicine in the New York Post-Graduate Medical School and Hospital. We had a card from him a few days ago. He says he is getting along fine.

Mr. Ransom Starling, who resides at the home of his sister, Mrs. Gilliard Gainey, just across the Cumberland-Sampson line in Cumberland, erected a storehouse there some months ago, and has been selling goods there the past few months.

FORD PRODUCTION SHOWS INCREASE

Yet The Output Falls To Meet The Ever Growing Demand

Detroit, Mich., July 24.—A total of 1,050,185 automotive products were built by the various divisions of the Ford Motor Company during the first six months of the present year, according to figures just compiled.

The output for the half year was as follows: Ford cars and trucks, domestic and foreign, 941,245; Canada, 46,871; Fordson tractors, 58,557, and Lincoln cars, 3,512.

A new monthly record for production was established by the domestic assembly plants in June, with a total of 175,040 Ford cars and trucks, exceeding the output of May by nearly 5,000.

New production marks have been set up almost daily since January, but there hasn't been a time when manufacture even approximated the demand.

With production increasing in an endeavor to meet the demand, it is expected that the company will finish the year with a total approximating 1,800,000 Ford cars and trucks for domestic use alone.

This is the opinion expressed by officials in view of the present prosperous conditions, the increasing number of orders, and the outlook for even better times prevailing during the coming months.

In bringing up production, efforts all along have been devoted to building better. As a result many improvements have been made, and though Ford cars and trucks are today at the lowest price level in the history of the company, they are of higher quality and present a greater value to the purchaser than ever before.

The demand for Ford trucks and light delivery cars is particularly optimistic, since it reflects the attitude of business men, as well as farmers, toward expansion and greater efficiency. Sales of Ford trucks are more than double those of last year, which indicates the extent of the general prosperity.

For months Ford dealers have had no stocks on hand, buyers absorbing the cars and trucks as rapidly as they are turned out of as-
