### Lawloseness

dastardly acts under the cover throughout the World War of masks or darkness appears and is still sticking. Belgium

A Guilford county farmer had the Belgians is to succeeded in growing a fine field of tobacco, one that pro-mised a fair return for his labor and efforts. While he was naleep at night his field was visited by "night-walkers," who destroyed an acre and a half of his crop. This is believed to have been a case of vengeance wrought by bootleg-gers. Black as this crime is, a worse one was committed early Sunday morning in Johnston county. A consolidated school building, which was being rushed to completion for occupancy at the opening of the school term, was blown up with dynamite. While it is reported that such threats had be determined on. It is not too broad dissatisfied with the location grop will at the best be only a very of the new building, no one would have imagined that an over immediately appears over the enin that fine county.

### A Different Smile

Chain District former who planvis is the dry goods market in this one's jury was that the deceased ted a fest acres in tobacco this country to clear the market of a come to his death from accidental year. These scattering farmers, very inter position of the coarser are wearing a different smile from that of their neighbors, and well they should. They are receiving "good money for the efforts put forth in pay a pake which will permit the growing the "weed." They affectives to covert the raw manage learned the lesson that the late elect without a loss. two money crops are better than one, and at the same time have proved that the lands of this section will produce a good grade of tobacco. The success with which they are meeting should encourage many other farmers to grow, a tobacco crop next year. Our observation, even before the arrival of the holl weevil, has been that the farmer who planted both cotton and tobacco was more inndent financially than the

The fact that Dunn raised a total of \$1,469.13, or \$749.13 to are than its quota of \$720.00, for the Near East relief this year speaks well for its citizenship. As Geo. H. Bellamy. State chairman, states in a letter to Rev. A. R. McQueen who was chairman of the drive, "Truly this in a wonderful phowing in these times when sails may take place under the capacitant of the server well field may be absurded. Such deciding as may take place under the capacitant of the server well field may be absurded the complete that the server was being put forward in Manchester than was generally realised.

Under such circumstances and in face of the apparent inadequate yield a face of the apparent inadequate yield and a face of the a The fact that Dunn raised showing in these times when early movement will find many mer-money is nothing like as plen-shants, spinners and speculators tiful as it used to be."

### "come State Banks Paying Handsome Dividends

Raleigh, Aug. 25,- Dividends paid on capital stock by State banks in North Carolina during the fiscal year ending the past June 30 totaled \$2,225,859.41 and averaged 9 per cent, 4 per cent more than the dividends paid by State banks during the previous year, which aggregated \$1,392,926.67, according to a State banks in North Carolina, including 57 branches, completed and announced today by Clarence Lathem, chief State bank examiner.

This increase in dividends paid by the State banks, together with other financial data included in the statement, signifies increased business and prosperity in North Car-olna, Mr. Latham said.

The total recurces of the State anks at the close of business last July 30 was shown in the report as \$269,676,676.78, or \$26,110,870.84 more than at the same time the year previous, indicating a steady climb towards the resources at the corn-sponding time in 1920; a peak year, when they totaled \$284,888,919.84, ecording to official records.
