ALTHOUGH 66 HE FEELS TWENTY YEARS YOUNGER

Man Who Saw Lincoln Lying in State Is Relieved of Billiousness and Pains in Stomach by Taking Dr. Thacher's Liver and Blood Syrup.

"I actually feel more than twenty years younger since taking Dr. Thacher's Liver and Blood Syrup," said James L. Buckley, machinist employed by Geo. W. Brooks Company, living at 55 W. Polk St., Philadelphia the other day. Mr. Buckley is 66 years old and has lived in Philadelphia all his life and is one of the few persons living who saw President Lincoln's body as it lay in state in Independence Hall.

In this connection the public is reminded that each druggist selling Dr. Thacher's Liver and Blood Syrup is authorized by the Thacher Laboratories to return the purchase price in any case where the first bottle fails to benefit.

"I suffered from stomach trouble, indigestion and constipation for almost two years," he said. "My food would not form gass and move. I was burning up inside. Splitting headaches would come on and last all day and I became so nervous I could hardly hold my hands still long enough to take a drink of water. I was badly constipated and would go for three or four days without a movement. I was bilious, too, fell off in weight and could hardly sleep nights.

"I have taken three bottles of Dr. Thacher's Liver and Blood Syrup and feel just fine. All my old troubles are gone and now I can hardly get enough to satisfy my appetite."

Dr. Thacher's Liver and Blood Syrup is sold in Dunn by Hood and Graham and in Duke by E. R. Thomas Drug Co.
