DR. PAUL A. STEWART Eye-Sight Specialist Dunn, N. C. North Carolina

Eight per cent of the cotton acreage in North Carolina was poisoned for boll weevil this year. It is time now to plan for increasing this about eight times for next season. A crotchman woke up one morning to find that in the night his wife had passed away. He leaped from his bed and ran horror-stricken into the hall. "Mary," he called down-stairs to the general servant in the kitchen, "come to the foot of the stairs quick." "Yes, yes," she cried, "What is it?" "Holl only one egg for breakfast this morning!" he said. - Bison.
