Use This Laxative made from plants

Theford's BLACK-DRAUGHT is made from plants that grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat. In Black-Draught you have a natural laxative, free from synthetic drugs. Its use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily. Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.
