

Go to Church Sunday

HAZELWOOD PRESBYTERIAN CHURCH

O. C. Landrum, Pastor.
 Mother's Day will be observed with a special program by the Sunday school and a sermon by the pastor at the morning church service. A special effort is being made to have all the mothers of the church present. A carnation will be presented to each of them. Special musical numbers will be given by the young peoples' choir.

Rev. W. P. Chedester, former pastor, will conduct the evening service. All the friends of Mr. Chedester are invited to hear him as well as every one else. Rev. Wriston Hartzell of the Oak Forest Presbyterian church conducted the service last Sunday night.

On Thursday night, May 15, the men of the church will meet. In connection with this meeting there will be congregational supper. All the men, women and young people of the church are invited to be present. Visitors are always welcome to our church.

THE WAYNESVILLE BAPTIST

H. W. Baucum, Pastor.
 The thought for Sunday morning will be in keeping with MOTHER'S DAY. Certainly we should honor GOOD MOTHERS, and we should be grateful for a special day that causes us to stop and think of what they mean to the world.

We invite and urge every mother of our congregation to be present for the eleven o'clock service. If there are those who would like to attend and have no way to come please notify the pastor or the Sunday school superintendent. Mr. Jack Messer and transportation will be provided for you.

All B. Y. P. U.'s will meet at seven o'clock. There will be no service at eight o'clock but we will join the Presbyterians in their revival.

We wish for our sister church a great revival. We will get out of this meeting what we put in it.

REVIVAL SERVICES AT PRESBYTERIAN CHURCH

The week beginning next Sunday the 12th and going through Sunday the 19th the Rev. John P. Williams of Atlanta will be with this church in a special series of revival services. Sundays 11 a. m. and 8 p. m.; week days 10 a. m. and 8 p. m. We are thus devoting one week out of the fifty-two to our church, our souls, our God. Only a part of the week, a morning hour and an evening hour,

will be given to public worship. Let us honestly and earnestly plan not to miss a service. Bro. Williams is well known in Waynesville, having held a very successful revival here two years ago; he is also well known in Clyde, the home town of Mrs. Williams. Rev. and Mrs. Williams visit in Clyde quite often. We cordially invite the friends and relatives in Clyde to come over to the services. Some interested friends in Franklin, Brevard and Canton have said they were coming at least one day. We shall be delighted to see them and also visitors from other nearby communities, especially places as near as Hazelwood, Lake Junaluska, Bethel and Delwood.

We very earnestly invite our sister churches, both pastor and people, and the public at large to attend these revival services. Come and hear Brother Williams and you will come again.

R. P. WALKER, Pastor.

"Grace Church in the Mountains," EPISCOPAL

Rev. Albert New, M. A. Rector
 On Sunday, May 12th, the Rector of Calvary Church, Fletcher, the Reverend Edgar R. Neff, will occupy the pulpit, and every one is urged to hear our special preacher on Sunday. Mr. Neff is a speaker of unusual force and ability, and will bring us a fine inspiring message. Make an effort, and sacrifice if necessary, to be present.

ST. JOHN'S CATHOLIC CHURCH

Rev. Howard V. Lane, Pastor.
 Third Sunday after Easter. Morning Mass at 11 A. M.

Sermon, "Your joy no man shall take from you." St. John XVI 22.
 Benediction of the Blessed Sacrament after the Mass.
 Morning Mass at Franklin, at 8.
 All are invited to these services.

WAYNESVILLE METHODIST

Paul Hardin, Jr., Pastor.
 Sunday is Mother's Day. There is no finer or more appropriate way to honor our mothers than to attend a church service in their honor. We invite you to worship with us.

All services will be held at the usual hours with the exception of the night service. At 8 o'clock we will worship with our friends of the Presbyterian church.

Remember that our morning church service as well as the assembly period of the Sunday school will be given over to honoring our mothers. Be there.

We welcome you to every service at the Methodist church.

ALONG THE SKYLINE

Seen and heard here and there...
 The Rambler's nomination for the most accommodating young man in Waynesville... Jack Leatherwood.
 One of two Waynesville folks got a date "cussin' out the other day. A tourist believed what he saw on the sign across the street in front of the First National Bank and lit out down the Delwood road to race through the Great Smokies Park. He got about as far as Delwood before he found out that he couldn't get into the park that way. And was he angry or was he just plain mad! The Rambler doesn't blame him nor does anybody else. The arrow at least, should come off that sign until the road over Soco Gap is completed.
 There was a letter in the open forum section of the Asheville Times the other day, written by a tourist. He expressed his appreciation of the courtesies that had been extended to him during a recent visit to our neighboring city. He heaped special praise upon certain people connected with the city. Few realize how important it is to a tourist town that such courtesies be shown to visitors. They apply not only to city employees, but also to the citizens themselves. On the street, in hotels, in stores, in homes, in churches, in theaters, folks will just naturally like a place that treats them decently. Let's all show a dash of courtesy along the skyline!
 There was also a letter in the same section of the Times complaining that Asheville didn't have any benches along the streets for the visitors to sit on and rest their weary bones. Which reminds the Rambler of a story they tell on St. Petersburg. It seems that a man was found dead and that he had no identification papers on him. But they knew he was from St. Petersburg because he had a green splinter in the seat of his pants!
 Whataya say we all go sit on a bench and whittle!

There are lots of young people on the streets these days. And they present a picture of pleasant perplexity. School is out—and they don't know what to do. Many of the kids express a very real regret when school closes. For the time being they are tired of it and they look forward eagerly to the things they've planned to do during the summer vacation. But somehow time drags for most of 'em and when the bus roll is called in the fall they're ready to go.

COUNTY AGENT W. D. SMITH'S column

One of the interesting things the County Board of Commissioners accomplished in their meeting on Monday of this week was to approve the project of a potato storage house for the county. The board guaranteed the right for the house. The building is to be placed on the south end of the old factory site between the highway and railroad near where Galloway's sawmill now operates. A new modern building next to the highway, using the newest equipment known for potato storage, will be a decided asset to the county farmers. Details of the building are yet to be worked out with the Rehabilitation organization, which will provide the building. However, it is certain that the building will not be less than 50 x 50 feet, with three floors, and a capacity of at least 10,000 bushels. It is possible that the potato crop for the county sometimes amounts to 100,000 bushels. It may be that a larger building can be arranged for later, if not immediately. The third floor is to be so that a truck can load or unload from the highway or to the highway; on the ground floor it will be possible to load or unload to trucks or train. It is hoped to get this project under way at once; it has been under consideration for several

months. The commissioners expect to clear the title to the land this week.

We are now ready to launch out on the production of seed potatoes. It has been proven now that it can be done. With this project completed this year we can increase the production of seed potatoes this year. Any farmers who want the services of the County Agent and the potato experts this growing season should let the county agent know at once because we are able to go only to the fields where we are asked to go.

Our terracing program here in the county is now ready to go forward. The board of commissioners on Monday voted to finance a terracing unit for the county. This unit is to be self-liquidating, paid for within two years by the small fee which will be paid by each farmer for whom terracing is done. This unit does not cost the farmer who does not use it one penny directly or indirectly.

A number of farmers are ready to use the outfit at once. We are going to work with this unit with groups. We will have to do this in order to save money. The unit is now in Clyde township. If the fellows in this community are ready to use the unit we will continue there with such areas as can be terraced now. If there are ditches and drain in any community which need attention most of these jobs can be taken care of with this outfit.

MR. MILLER ILL

Mr. C. W. Miller suffered an angina attack on Sunday morning at 1:30 o'clock and his condition has been critical since. The physicians in charge of the case hold little hope for his recovery. Mr. Clarence Miller and daughter, Miss Mary Nell Miller, of Lexington, Ky., Mrs. George A. Niles, of Griffin, Ga., and Mr. David Miller, of Atlanta, Ga., have arrived to be at the bedside of their father.

PLANTS

makes a pointed observation

THE SIGN OF Happy Motoring!

Stop at any of the 30,000 Esso dealers and stations, displaying the familiar Esso sign, if you're in doubt about the roads. Ask for a copy of "Esso Tours and Detours"—Esso Marketers official monthly publication containing authentic maps of current road construction, vacation information, touring data; etc. Individual road maps are also yours for the asking.

Parents... nowadays... are a problem, aren't they? Just take this matter of running the car. Parents are just at that impressionable age when all these filling stations... with their bright pumps and luring claims... offer a constant temptation. So I took my stand early. I insisted that my parents patronize only Esso dealers and stations. For Esso station products... backed by the world's leading petroleum organization... are the proven best you can buy. So, believe me, you don't catch my parents driving in anywhere except at a familiar Esso sign! And that takes a big load off my mind when I'm not along to look after things. For I'm sure that they're in good hands when they stop at an Esso sign and will get all those little courtesies and services that assure "Happy Motoring."

ESSO MARKETERS

RECOMMENDED FOR Happy Motoring!... Aerotype ESSO—the recognized leader among premium fuels... ESSOLENE—guarantees smoother performance than any other regular-price gasoline... ESSOLUBE—premium quality oil at regular price.
