

Rev. W. F. Ferguson Pounded By 'Flock'

On Wednesday evening, Nov. 28, about 35 members of the Antioch Baptist church in Iron Duff surprised their pastor, Rev. W. F. Ferguson, with a pounding, bringing a bounteous supply of food, a fine quilt and many other useful articles. It was sincerely appreciated by the pastor and his wife and was indeed gratifying to know that in his new home there are so many true friends and real neighbors.

Both young and old joined in an impromptu program of songs, riddles and recitations and enjoyed an evening of real Christian fellowship.—(Contributed.)

Complete Report Of Grand Jury

STATE OF NORTH CAROLINA, COUNTY OF HAYWOOD.

IN THE SUPERIOR COURT.

NOVEMBER-DECEMBER TERM, 1935.

TO HIS HONOR, WILSON WARLICK, Judge Presiding and hearing the November-December Term, 1935, of the Superior Court of Haywood County, North Carolina:

We, the Grand Jury, beg to report our investigations, in accordance with His Honor's instruction.

We have carefully considered all bills sent before us, and have returned the majority of them to the Court as True Bills; the rest were continued for lack of witnesses.

COUNTY HOME: We found 46 people, 28 grown people, and 18 children in the Home. The inmates, on being questioned, had no complaints as to the treatment they got. The rooms in the building were in a good condition as to housekeeping as could be expected. This visit was made on Monday, Nov. 30, the first day of Court. The buildings on the farm are in good condition as to upkeep and repairs. The water has to furnish water for the new barn is not completed, but we have been informed by the Commissioners that this will be completed at an early date, making this a modern barn. We found on the farm the following supplies and stock: 175 bushels of wheat; 1,000 bushels of corn; corn stover from 29 acres; hay from 10 acres; straw from 17 1/2 bushels of wheat; 100 bushels of Irish potatoes; 10 cows; 2 mules; 100 hens; 15 hogs to kill; 2 brood sows and 22 pigs; all necessary farm machinery, also all in good condition.

As to the recommendation of the erection of a Children's Home in the County, which was made in a previous report, we have taken this matter up with the Board of Commissioners and have been informed that with the requirements of the State Board of Welfare, which would have to be met, that at the present time it would be almost, if not entirely, a financial impossibility.

SCHOOL BUILDINGS: We visited all the two story school buildings in the county and found them in good condition, properly equipped with fire escapes, and the buildings in good condition as to upkeep and repairs, and being as well preserved as proper use will permit. Except the Clyde High School was closed for boiler repairs or replacement. The County Superintendent of Schools informed us that this work would be completed in a short time, and ready for school to reopen. We recommend that some deodorant be used extensively in the boys toilet at North Canton school building. The roofs on Hazelwood, Waynesville Elementary and Waynesville High school buildings all need to be repaired.

COUNTY HOSPITAL and NURSES HOME: We found the County Hospital and Nurses Home in excellent condition in every respect.

COURT HOUSE: We found the offices in court house, namely: Register of Deeds, Clerk of Court, Sheriff, County Superintendent of Schools, Tax Collector and Auditor in good condition; records all appear to be neatly and properly kept. Janitor service in building shows a marked improvement over conditions existing at last investigation.

We are informed that the County Commissioners have approved a Federal Labor Project providing for the re-indexing of the Register of Deeds Records from 1898 to date, and desire hereby to commend the commissioners for this action, which has heretofore been recommended by the Grand Jury.

COUNTY JAIL: We found the conditions in the jail to be reasonably good. The recommendation made previously in regard to closing up kitchen windows has not been attended to, but the commissioners assured us that this would be done immediately. One door to entrance of jail is in such condition that it can only be opened from one side, this needs to be adjusted.

We believe as a whole, that the county buildings and institutions, and management of same, are such that the citizens of this county or any other county, might well feel proud of.

We, the Grand Jury, wish to express to the Presiding Judge, Honorable Wilson Warlick, our appreciation for the courteous and considerate manner in which he has borne with us.

Respectfully submitted, this the 3rd day of December, 1935.

F. M. BYERS, Foreman of Grand Jury.

(Ordered published by Judge Wilson Warlick.)

Fight Landmark's Sale to Ford

Side of America's oldest windmill, above, built in 1633, to Henry Ford for the motor magnate's museum at Dearborn, Mich., brought a wave of protest from citizens of West Yarmouth, Mass., where the mill has stood for 362 years.

State Might Miss Benefits Of Social Security Bill, Said

Governor Ehringhaus was told in a letter from John G. Winant, chairman of the Social Security board, that unless appropriate State statutes are approved by the board before January 1, 1936, no benefits under the Social Security act may be expected by the State of North Carolina.

Thus the aged, unemployed, cripples and children in the state would receive no benefits from the Federal act.

The same letter was sent to Governors of other states that the Federal board held had not complied with the requirements in enacting appropriate legislation.

North Carolina cannot enact any such legislation before January, 1937, without a special session of the Legislature, and Governor Ehringhaus had repeatedly expressed the opinion that acts of the 1935 Legislature would meet the requirements.

Coach Weatherly used many substitutions and gained some idea of what the next edition of the Mountaineers will resemble. Playing on a field as muddy as a farmer's barn yard, both teams displayed fighting spirit. The Grace High team, although untried, kept coming back at all chances. E. Chambers, Metcalf, and McKenzie were outstanding for the visitors while Bryson, Yount and Reeves were the class of the Mountaineers' final game of the season.

Schedule Completed For Basket Ball In County This Season

Trophy Will Be Awarded High School Team Making Best Record, Rules Agreed Upon

The coaches and principals of four of the five Haywood county high schools met on Tuesday, November 19, in the office of Jack Meesser, superintendent of Haywood county schools, and made a schedule for the approaching basketball season and passed rules of eligibility for the players.

It was agreed by this group that each player must be a bona fide student of some high school in the county and must pass at least three academic subjects; that each player may play only four years, and cannot play after becoming twenty-one years of age.

Two championship trophies will be given, one to the boys team and one to the girls team winning the most games over the other county teams. To stimulate sportsmanship, Superintendent Jack Meesser will give a sportsmanship trophy to the team that is most sportsman like in its attitude toward visiting teams. The recipient of this award will be determined not only by the conduct of the team, but by the conduct of the spectators as well.

The following schedule was made: December 17, Bethel at Clyde. December 20, Bethel at Fines Creek. January 10, Clyde at Waynesville. January 10, Fines Creek at Bethel. January 17, Clyde at Fines Creek. January 24, Bethel at Waynesville. January 31, Waynesville at Fines Creek. February 7, Waynesville at Clyde. February 14, Waynesville at Bethel. February 14, Fines Creek at Clyde. February 21, Fines Creek at Waynesville. February 21, Clyde at Bethel.

ODD QUEENS

Not many royal queens left in the world, but plenty of other kinds in our State. Read the interesting illustrated article which will be found in the December 8 issue of the American Weekly, the big magazine which comes regularly with the BALTIMORE SUNDAY AMERICAN. SNEEZE KILLS MAN

SALINA, Kans.—A sneeze caused the death of Elmer Fred Williams, fifty-one, yardmaster for the Santa Fe Railroad. It burst a small artery in his heart, doctors said. While at work he sneezed, collapsed and died while being taken to a hospital.

TAKES FIRE TO FIREMEN

GASTONIA.—When the fire department can't come to you, take your fire to the fire department, is the advice of W. P. Whishant. Whishant was outside the city limits when his automobile caught on fire. So he drove to the city pulled an alarm box and waited for firemen to put out the blaze.

Many a Friend Recommends BLACK-DRAUGHT

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it! . . . Mrs. Joe G. Roberts, of Portersville, Ala., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. Black-Draught is good for constipation. I find that taking Black-Draught prevents the bilious headaches which I used to have. . . . A purely vegetable medicine for relief of . . .

CONSTIPATION, BILIOUSNESS

Mountaineers End Season With 34-0 Victory Over Grace

Bryson In Line, Yount and Reeves As Backs Star In Thanksgiving Day Game

(W. Times-Review.)

Rouping all over the field Coach Weatherly's fast-stepping backs, led by a fast-charging line, carried the Mountaineers to a decisive 34-0 victory over Grace High of Asheville. Early in the first quarter Waynesville received the ball on her own forty-eight. A steady drive was made in which Cecil Yount scored and Garrett Reeves added the extra point. The second quarter soon saw Rathbone, fast-charging Mountaineer tackle, throw a Grace back behind his goal for a safety. Reeves took the kick on the opponents forty, returning to the twenty-nine. On a beautiful reverse Yount skirted his right end for the second touchdown. A smash at the line failed to win the extra point. The next score was a result of splendid runs by Doug Moore and Bill Swift. Moore drove five yards for the score. A pass intended for Chaffin failed to reach its mark. The half soon ended with the Mountaineers leading 23-0.

The Waynesville eleven scored early after the rest period when Reeves placed the ball on the Grace High forty. Smith and Reeves drove to the one yard line where Smith scored on a line drive. Summerrow passed

Announcement--

I am pleased to announce that I have now associated with me, Mr. Key, a man of 16 years experience in the best shops in Miami, Fla., and Macon, Ga.

We are now prepared to give better work and service than ever. I will appreciate your business.

HOLLYWOOD—The Harlow fans are in an uproar over Jean changing the color of her hair and are bombarding the star with letters. About 16 per cent upbraided her for deserting the platinum blonde ranks and most of the rest want details about the new color, and information about the shades of makeup and lipstick she plans to use with it.

Jean Harlow

The color christened "Drownette" is a honey-hued brown. Jean defends the change as necessary to her career. "I felt I needed a new personality," she says. "And, as my hair has dominated my personality to date, I decided to change it. I'm trying it out in 'Duff-Duff' and I think I'm going to like it."

Director Richard Boleslawski bet his wife he could get her and Ann Harding aboard a Honolulu boat without anybody knowing it but the news was all over Hollywood a few hours after their plane took off for San Francisco. Ann goes to Hawaii with the full permission of her studio. Her court victory in the custody fight for her daughter, Jane, took only one day, but the mental strain before the action had the star on the verge of a nervous breakdown. She felt, and B-K-K agreed with her, that she could do a much better job on "The Indescentible" Mrs. T. "I'll stay and see days in Honolulu, returning on the same boat."

Preparations for Toy Garnett's expedition to China grow more warlike every day. The director has just made application through Y. Kinn, Chinese vice consul here, for a gunboat to act as convoy for his yacht, the Athene, when it braves the pirate-infested Bis Bay to get atmospheric shots for Toy's two pictures, "Singapore Bound" and "Jouaneve". Besides this, the yacht will be armed with one-pounders and machine guns, in addition to rifles and pistols for the crew.

You Asked Me and I'm Telling You: Samuel Ellis, San Francisco. "The Birth of a Nation" not only had the biggest gross of any picture ever made, but it was doubly profitable

because the screen's first epic cost only \$131,000 to make. Less than the ordinary program picture at a major studio today. The estimates of the complete take of the film run into the millions. In Iowa alone, it grossed a million dollars the first year.

The most embarrassed person in Hollywood on Hallowe'en night was Director Leo McCarey. Leo volunteered to run around the neighborhood and ring door bells with his daughter, Mary. They punched the buzzer at one house and Mary was off the porch like a flash. Poor Leo, however, was just backing away when a light snapped on and the irate householder stepped out. His amazement at seeing Leo turned to fury.

"Well, I'll be blankety-blank-blank!" he exclaimed. "A man of your age running around the neighborhood ringing door bells." To throw Leo into complete confusion, when he tried to call Mary, she had disappeared. The two men nearly had a fist fight and the cops had to be called before everything was smoothed out.

Otto Kruger has sailed on the Aquitania to play in "The Tenth Man" for British International. And, correct me if I'm wrong, but won't he be the first American actor to portray an Englishman in a British-made film?

HOLLYWOOD TICKER-TAPE—

The recent wind storm blew down five of the new trees that Claudette Colbert had planted at her new Hollywood Hills estate. . . . The Marlon Dietrich-Jack Gable friendship is not so much in evidence these days. It was Brian Aherne, who invited her to the meeting of the Russian Eagle supper club. . . . Unless our eyes deceived us the other night, Julie Hayden is back in town. . . . Poor Patricia Ellis. On one of those scavenger hunts, she was told to get the skirt of a Brown Berly waitress, the autograph of the head waiter at the King's club and an old bicycle tire. When she finally got back to the party, everyone else had arrived before, and they gave her the booby prize.

Claudette Colbert

DID YOU KNOW—

That Stan Laurel's real name is Stanley Jefferson?

"My wife likes the smartness and roominess of the Ford—but THIS V-8 ENGINE'S WHAT OPENED MY EYES!"

ENGINEERS have known for years the undisputed advantages of the V-type engine . . . simplicity, economy, compactness, ruggedness. But until Ford announced the first Ford V-8 in 1932, no one had found a way to bring these advantages to the low-priced field.

Since its introduction this engine has been constantly refined and improved—but the basic features of Ford design have remained through the production of over two million V-8 engines.

This is the engine that powers the beautiful 1936 Ford V-8 . . . and, because it is V-type and compact, gives "all that extra room" that many [a] woman has

wondered about in the Ford V-8 body. This is the engine which proved sparkling performance and eight cylinder smoothness are economical if you have a V-type engine with a dual-down-draft carburetor that takes the "gas" used by a four and splits it into eight equal charges.

This is the engine you need for quick, sure, cold-weather starting this winter—the engine that's "opened the eyes" of over two million enthusiastic Ford owners.

You'll find such an engine in no other car at anywhere near the price of the Ford V-8 for 1936—So why not arrange to drive one today?
