Reynolds' Bill Would Tighten Up **Immigration Laws**

Hearst Papers Praise Bill Jointly Sponsored By North Carolina Senator

The bill r cently introduced in Con-gress by Senator Robert R. Reyno.ds., the prompt and mandatory deportaegarding immigration, has been the source of much comment over the enre mation. Only recently, the Hearst papers, came out with an editorial under the heading, "Congress and The I indesirable Alien Problem" in which they went into detail of the bill and empared it with another conflicting

Will the fame and fortune won by Ziegfeld beauties of the past be duplicated by the 1936 edition of "glorified girls" who are now featured in the movie version of the Follies? If so, their careers will be meteoric ones for many of those who started in the chorus of the late master showman's lavish revues went on to scale the heights. Tragedy blighted some of the loveliest; several deserted Broadway for marriage, and others became headliners in the entertainment world. Marion Davies shot to stardom in Hollywood, as did Lupe Velez and Billie Dove. Gilda Gray, Milwaukee girl, be-

came an international sensation as a "shimmy" dancer. Imogene Wilson, one of the most stunning of Ziegfeld beauties, became embroiled in a scandal, went to Europe, returned to try her luck in Hollywood bat failed to click, and married a millionaire who shortly after went broke. Ruth Etting climbed to the heights in radio. Lilyan Tashman was another who made good, only to have her career cut short by death last year. Many Insects Were Not Killed By Cold

The severe cold weather of the past few months did not bring a cessation of hostilities in the war between man

and insects.
The brief truce is now over, said C. H. Brannon, extension entomologist at State College, and good farmers are getting ready to renew the

Although exceedingly cold temperature, kill some insects, he said, enough will survive the winter to seriously damage the crops in the spring and summer unless preventative measures are taken:

He urged tobacco growers to watch their plant beds carefully for signs of flea beetle injury. When beetles are found, apply poisons according to recommendations of county farm

Horn worms are a continual source of loss to tobacco growers, but ma-chines have been devised to aid in their control. The same machine can often be used in the cotton field too, Brannon added.

Derris dust containing three-fourths of one per cent rotenone is the most effective poison against Mexican Bean beetles, he stated, and it is not poi-senous to human beings.

Orchardists who have not yet applied the winter scale spray should complete the applications before it is oo late in the spring. Also get ready to follow the spraying and dusting schedules for spring and summer.

The Reynolds Bill would, in time-

of national emergency, permit the deportation of pauper aliens, as in ther countries.

This would relieve the Federal and State Covernments, as well as private charitable organizations, of the ex-pense of maintaining a horde of destitute foreigners in addition to the millions of our own people dependent on overstrained relief agencies both public and private.

In addition, it would simplify the problem of finding re-employment for Americans who are out of work, by enving available jobs for our own

The Reynolds-Starnes Bill does not attempt to deal with so-called "hardship" deportation cases, which are main excuse for the Kerr Bill

Genuine "hardship" cases, which are in fact relatively few, are to be provided for in a separate measure. The contrasting ments and demer its of the Reynolds Bill and of the Kerr Bill were described accurately by

Senator Reynolds when he said: "The bill which I have introduced proposes to expel definitely and pos-itively all habitual criminals in the United States, which the so-aller Kere Bill certainly would not accom-

plish.
"The Kerr Bill makes two holes in our immigration barriers for every one it plugs.

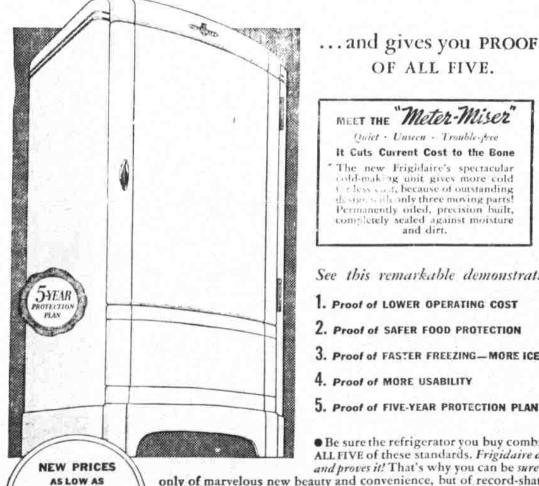

A comprehensive alien and immi gration measure is necessary at this session, and the Congress should see to it that the measure is comprehen sive enough to deal adequately with all the problems involved: The Reynolds-Starnes Bill is not per-

feet. But if the Reynolds-Starnes Bil should be taken as the basis for such legislation, the legislators would be able to make any improving amendments deemed necessary or advisable without detriment to the real and predominant interests of the country.

THE NEW special Sunday rates for out-of-town calls provide an unusually low cost long distance service all day Sunday for both Person-to-Person and Station-to-Station service.

Another new feature is the introduction of a reduced night rate period every night after 7 P.M., on Person-to-Person long distance service. Formerly, reduced night rates were in effect only on Station-to-Station service, but now reduced night rates are in

effect every night after 7 P.M., and all day Sunday on both Person-to-Person and Station-to-Station service.

Take advantage of these bargain hours to keep in close personal touch with out-of-town relatives and friends by telephone. There is likely some one who would greatly enjoy a telephone visit with you tonight. Ask "long distance" for rates. You will probably be happily surprised to learn how much you can save by calling during the bargain hours.
