Prospective Baseball Talent Have Chance To Preform Before Big League Scouts Soon

Managers From Big Leagues To Be On Hand To See Prospective Players In Action

According to a recent letter received from Oliver French, President of the Asheville Baseball Club, interested players will be given an opportunity to attend a baseball camp which will begin in Asheville on March 30.

The announcement may be of particular interest to some Hazelwood boys having a splendid opportunity to break into organized baseball.

All young players desiring to attend this baseball camp are asked to be present Monday morning, March 30th, fully prepared to take part in daily practices.

Richard Queen Wins Honor At Brevard C.

Word has been received here that Richard Queen, former student at Waynesville High School, won third position in the state-wide oratorical contest which was recently held in Charlotte and sponsored by the Junior colleges of North Carolina.

Mr. Queen obtained the privilege of representing his school by winning the college medal at commencement last year, by attending the meeting of the southern group of the International Relationship Club held this year at Winthrop College, Rock Hill, S. C., and by winning the contest in his school on the oration "Must War Go On," the same speech which won state honors for the former orator of the local high school.

With the exception of two, all junior colleges of the state were represented, and for young Queen to win third position besides winning first places in contests of Brevard College, is considered an honor.

Mr. and Mrs. Carl Swanger announce the birth of a daughter, Tuesday, March 17.

Mrs. C. S. Davis is on the sick list this week.

Earl Massey is in the Haywood County Hospital where he underwent an operation on Monday.

Born to Mr. and Mrs. Austin Morgan, a daughter, Mrs. Morgan is the former Miss Edna Birchfield.

Ernest Truitt is very sick at his home on McClure street.

Furniture Plant Whistle Likely To Blow Any Minute

The whistle of the Waynesville Furniture Plant is likely to blow at any time now, it was learned by this paper from a reliable source yesterday.

The new roof has been placed on the plant. The motors have been dried out and replaced.

The boilers have been inspected, and final approval for "firing-up" is expected to reach officials any minute.

Unless something unforeseen happens, there will be some lumber placed on the yard this week-end.

In the mean-time, work will go right ahead in getting the remainder of the plant in shape for "full steam" ahead.

Some 40,000 feet of steam pipes will be tested in the dry bin, probably today or tomorrow.

—and from the most reliable sources, the whistle cord will, likely be pulled any time—the tune of which will remind citizens of the good old days, and that "better times are here again."

Teachers Are Entertained By The Booster Club

The Hazelwood Booster Club entertained the Hazelwood faculty at their regular monthly meeting Thursday evening of last week. The meeting was held at the Town Hall.

The president, L. N. Davis, was in charge of the meeting. After a bountiful dinner served by the ladies of the Baptist church, the chairman of the program committee, Sam Knight, took charge. The members of the faculty were introduced and each gave a response. The speakers of the evening were introduced in turn. They were R. L. Prevost and L. M. Richeson.

Mr. Prevost spoke on "The Thrift Campaign," and what it would mean to Hazelwood as a community for its professional and business people to practice thrift.

Short talks were given by other Boosters, including Superintendent M. H. Bowles, Superintendent Jack Messer, Major J. H. Howell, C. N. Allen, and E. L. Withers.

containing 10.71 acres, more or less, subject to the rights and easements of the Southern Railway.

Said land will be subdivided into parcels and a map exhibited at said sale, and the property will be offered for sale in parcels and then as a whole, to the highest bidder.

Sale made pursuant to an order of the Judge of the Superior Court, made at February Term, 1936, of the Superior Court of Haywood County, in an action entitled, "Citizens Bank & Trust Company, et al. vs. Haywood Furniture Manufacturing Corporation, et al." and the sale will be subject to the approval of the Court.

This 6th day of March, 1936. Receiver of Haywood Furniture Mfg. Corps. No. 451—Mar. 12-19-26-Apr. 2.

NOTICE OF COMMISSIONER'S SALE IN THE SUPERIOR COURT STATE OF NORTH CAROLINA COUNTY OF HAYWOOD, THE FEDERAL LAND BANK OF COLUMBIA,

HAZELWOOD PRESBYTERIAN CHURCH

There will be a congregational meeting following the morning service Sunday. It is hoped that every member and other interested persons will be present.

Attendance continues to be most encouraging, both at Sunday school and church services. The adult Bible class gives a special invitation for others to come.

Dr. John J. Fix, director of Religious Education in the Synod of Appalachia, will be with us on Friday night, April 3, for a conference on leadership training. Dr. Fix who resides in Bristol, Tenn., has been with us on several previous occasions and we look forward with interest to his coming again.

Rev. and Mrs. Orie C. Landrum, Miss Catherine Walls and Mr. Rufus A. Gaddis attended the memorial service for Dr. R. P. Smith, at the First Presbyterian church, Asheville, on Tuesday night.

The church year ends next Sunday, March 29. The annual every member canvass has about been completed and we expect to have the budget for the new church year fully subscribed. We have been able to pay the entire benevolent budget this year, for the first time in several years and will probably exceed last year in payment on current expenses and pastors' salary. A furnace has been installed and other improvements made in addition.

Next Sunday's program will be: Sunday school, morning and evening preaching services, and young people's meeting. There will be special music at both services. We welcome all to worship here who do not go elsewhere.

Bethel Future Farmers To Meet

The Bethel chapter of the Future Farmers of America will hold its annual Father and Son banquet Saturday night, March 28, at 7:30 o'clock.

Mr. J. A. Glazener, County Agent of Transylvania county, will be the principal speaker, Burton Cathey, of Bethel, will act as toast master. The F. F. A. boys will be hosts to their fathers. With the aid of the Home Economics department, under the supervision of Miss Mary Emma Ferguson, the boys will try to prepare the banquet, as much as possible, from home grown products. About sixty persons are expected to attend.

ERNEST MESSER.

Several Ores of Nickel There are several ores of nickel, which are found in different parts of the world, including Germany, Austria, Cornwall, and Scotland. For many years the greatest source of supply was in New Caledonia, a French island in the South seas. But more recently the greatest producing district has been Sudbury, Ontario, Canada.

Looking In On The Brighter Side Of The Great Floods

While the flood in Eastern America was doing a billion dollars worth of damage, there were also some interesting bits of humor that went along with the tragedy of it all.

REMEMBERS PENNIES

ORANGE, Mass.—A woman resident of Orange remembered her pennies at the height of the Connecticut valley flood. She asked telephone headquarters here to disconnect her telephone, saying she did not believe she would need it any more.

"You'd better hurry," she told the operator, "the house has started down the river."

By the time linemen arrived, they reported, the house was far down stream.

SAVED, NAMED MOSES

BRUNSWICK, Me.—They named him Moses because he was saved from the flood. Moses is the son of Mr. and Mrs. Emilian Racine, born prematurely yesterday, Dr. Maurice Dionne said, in a house surrounded by raging flood waters of the Androscoggin river. Child and mother were taken from the house by boat and moved in an ambulance to safety.

CALLIOPE IS USED

HOLYOKE, Mass.—When the pow-waters of the Androscoggin river, er plant of the American Tissue mills was short circuited by the flood, the company pressed into service a calliope, ordinarily used for advertising purposes, to operate lights and telephones.

The calliope was equipped with a gasoline driven electrical generator.

JUMPS THROUGH BOAT

PITTSBURGH.—Two policemen laboriously rowed their boat alongside a house partly covered by the floods to rescue a man hanging from a second floor widow.

They cautioned him not to be nervous and he replied:

"Don't worry?" Then he leaped and went through the bottom of the boat, carrying the officers with him.

NATURAL COP

The police worked long hours during the flood with little time out for food. One was found, in full uniform, leaning against the city-county building in the rain.

He was sound asleep.

French India

The five provinces in India belonging to the French are: Mahe, Karikal, Pondichery, Yanam and Chandernagor. They are under a governor, whose seat is at Pondichery. In Paris they are represented by one senator and one deputy.

TIMELY

Farm Questions and Answers

Question: How can I make a profit from my hens when egg prices are low?

Answer: Peak production usually means low prices on eggs and this condition is natural at this time of the year. The logical method of correcting this trouble is to cull the flock and remove all low producers. This will materially cut the feed bill and bring up the average production per bird. Another way is lay down a supply of eggs in water glass. Directions for this work may be secured by writing the Poultry Department at State College.
