MOUNTAIN JOE

Not so long ago I recall reading an advertisement in The Mountaineer about the Haywood Home Building and Loan Association, in which the phrase: "It is not what you make, but what you save that counts."

There is a whole lot of truth in that one sentence. So many folks feel they have to make a big salary before they can save just a little each week.

No matter how small your salary, you will always find that it buys more at Burgin's
