**Our Pledge To 1937**

The new year presents a new opportunity. Our pledge is to go forward with the same fundamental policies as have governed us in the past.

These policies pledge us to give you each year a better store than ever before. This means better merchandise, better displays. They call for a store that is more attractive, in every way, both inside and out.

We don't promise you the lowest prices every time, although usually we give you just that. We do promise you, however, the best values, the best buys. We promise you merchandise that will give service.

In styling, we promise you for 1937, the smartest that the market affords within the price ranges that are demanded. We maintain a buyer on the New York market every day in the year. You will find our merchandise—fashion-right.
