One question leads to another-and that is why a threeminute long distance telephone call is not only effective, but truly economical.

It is a two-way exchange of ideas. It saves time. It allows the warm tones of your voice to express your personality. It enables you to use a surprisingly large number of words. Best of all, it is low in cost.

Look in the front pages of your telephone directory, or ak the "Long Distance" operator, for the rates on the call you would like to make.

Long distance telephone rates on most calls are even lower after 7 P. M. every night, and all day Sundays. But any tine, to anywhere, telephone to get results.

HEADACHE due to constipation

Relieve the cause of the trouble! Take purely vegetable Black-Draught. That's the sensible way to treat any of the disagreeable effects of constipation. The relief men and women get from taking Black-Draught is truly refreshing. Try it! Nothing to upset the stomach — just purely vegetable leaves and roots, finely ground.

The Mountaineer wonders how many other trees in Haywood county have showed up this season with a second crop.
