Waynesville Township Southern Assembly to E. D. Soper. Lucy Jordan Taylor to Margaret

A firm which comes into a new community to do business and goes about it in the friendly way which the Pet Products company, demonstrated last week, is bound to succeed... henceforth... and ever afterward... it will have the good will of the people of Haywood county... for friendliness has a way of winning friends... their hospitality was more than a look at their plant and a "brown mule"... it showed an attitude that creates a feeling between business and the public that is sure to meet response... it was too bad about the rain on the last day... but it didn't seem to interfere with the parade... it went straight on through town... but the down pour did stop the milking contest between the mayor of Hazelwood and the mayor of Waynesville, which was regrettable... as both are such experienced hands... I imagine it would have been an interesting contest... I understand they both mastered the art, when young and are veteran milkers....

I hear it rumored from reliable sources... (in fact from owner himself)... "Kirk" is contemplating renaming the Kirkpatrick Apartments... he hasn't quite decided as to what he will call it... but "Honey-moon Haven"... is under serious consideration... there are no less than five brides and grooms in the place... for fear you think I'm spoofing I'll name them... Coach and Mary Emma Weatherly... Anna Catherine Coin and Phillip Queen... Rosalyn Ray and A. W. Collins... Caroline Ashton and Jim Henderson... Gertrude Platt and Robert Hugh Clark... and across the street at the Clevevill... Wilda Fincher and Wayne Moore, who were married last Saturday night... have an apartment reserved upon their return from their wedding trip...

Kirk says... they are absolutely the finest tenants in the world... they are well pleased with everything... they have such a fine attitude toward life... in fact he calls them "prize tenants"... he says they are not wanting this or that changed... and they seem perfectly satisfied... and Elizabeth Taylor. Safety League Meeting Here Is Largely Attended

Coveted Trophies Won By Asheville Gas Co. And Beacon Mfg. Company

More than five hundred persons attended the monthly meeting of the Western North Carolina Safety League, which was held here on Thursday night in the high school auditorium. The council is sponsored by the Safety Division of the North Carolina Safety Commission. Member of the league sponsoring the meeting on Thursday night were as follows: The N. C. Exploration Company, of Fontana, Carolina Wood Turning Company, of Bryson City, Royle-Pilkington Company, A. C. Lawrence Leather Company, and the Unagusta Manufacturing Company. The Western League includes the membership of industries from Black Mountain and Hendersonville to Murphy. It represents from 18,000 to 14,000 employees. Of special interest was the award-

without Bill... W. G. Byers... is getting to be in demand as a public speaker... last week at the Welfare conference at Brevard... the week before at Taylorsville, where he presented a flag to the school which was sent to Mrs. Tom Edwards by her son, Jack Edwards... who was recently promoted to Lt. Commander in the U. S. Navy... we nominate Libby Kitchen Cuddeback, technician in the district health department... as a candidate for gracious manners... both at home and in dealing with the public... the brick in the old jail... later the Kenmore... and so on... must have been some brick... I see they are going into the "new" filling station... being erected on the lot... I bet the Pet Dairy employees are glad last week is over... and they are back at work... entertaining can be very strenuous... I have observed them at work and play... and I think they have a more restful look... had at work... one of the loveliest things I have seen in sometime is the eucyonimus vine (don't vouch for the spelling)... on the Rufus Siler home... wonder why more of it is not planted... and last may I wish you a happy Thanksgiving...

ing of the silver trophies which are given in two groups. The first group competing in one class includes the industries that have the most man hours to their credit, during a given period of time, employing up to one hundred men or less. The second group includes industries that employ more than 100 and up to several thousands.

The handsome trophy of the first group was won by the Asheville Gas Company, of Asheville. The award of the trophy of the second group was presented to the Beacon Manufacturing Company, of Swannanoa. The program centered around a discussion of the hazards of the various industries. Mr. Shaw, of the Sales-Biltmore Bleacheries, Ben Colkitt, of the Royle-Pilkington Company and Mr. Magnant, of the Beacon Manufacturing Company, spoke on the hazards of the textile industry. Mr. Rees, of the Hans-Rees Tannery, of Asheville, and L. M. Richey, of the A. C. Lawrence Leather Company, discussed the hazards of the leather industry. R. L. Prevost, president of the Unagusta Manufacturing Company, spoke on the hazards of the wood industry. Mac Salley, of the American Enka Corporation, presided, R. L. Prevost extended a welcome to the visitors.

CONDITION Any market improvement in milk and butter prices during the next few years will depend on further recovery in business and a rise in the general level of prices, says John A. Arey, of State College.

Drs. Todd And Todd Open Offices Here

Drs. Todd and Todd reported this week that they were well pleased with the public response to their opening on Saturday of their office for the practice of optometry. The offices are over Alexander's Drug Store.

A branch office has been established in Hendersonville, but this office here will be the main office, it was announced.

Both are graduates of the Northern Illinois College of Optometry, Chicago, having spent three years in the school and served an 18-months internship at a clinic in Chicago. Before coming back to his home in Hendersonville, Dr. Todd was associated with Youngdahl and Youngdahl, Chicago.

Dr. C. M. Todd, is a native of Cando, North Dakota, and received her education in that town and in Chicago before entering the study of optometry. Both were granted their license in July of this year by the North Carolina board.

Associated with them, is Dr. Edith Anderson, of Titusville, Pa.

Dr. Anderson is also a graduate of Northern Illinois College of Optometry.

Drs. Todd said they looked over a number of towns, and decided that Waynesville, was by far, the "best balanced, and best all-round" town in the state.

A marriage is more likely to be happy when there is a giving husband and forgetting wife.

The CHRISTMAS SEASON Opens!

Dec. 1st

Next Thursday, The Mountaineer, will carry many suggestions for gifts for the whole family. Special Christmas features, and above all, a personal message from Santa Claus, and complete details of his arrival here on Saturday, December 3rd.

Watch for the Christmas Editions of The Mountaineer

Crammed with scores of logical gift ideas for the whole family.

Mr. Advertiser---

Next week's issue of this newspaper will be printed on a special green paper for the opening of the Christmas Season in this community. Ample supply of new illustrations available without cost for your advertising.

I'M GLAD WE SAW THIS FAIRBANKS-MORSE STOKER BEFORE WE BOUGHT EXPENSIVE AUTOMATIC HEAT!

YOU'LL be glad if you invest-gate Fairbanks-Morse Automatic Coal Burners before you let yourself in for expensive fuels. Twenty per cent of today's automatic coal burner buyers are switching from some other form of automatic heat to automatic coal heat. They are discarding costly equipment purchased only a short time ago

in order to put in automatic coal heat. Why? That's what you want to know before you buy. We can show you.

Fill the handy hopper of this Fairbanks-Morse Automatic Coal Burner once a day or less. It does the rest. 98% less work. Up to 50% lower fuel cost.

Ben J. Sloan
