### Father And Son Banquet Held By Crabtree FFA Boys

James G. K. McClure, of Asheville, was the principal speaker at the annual Father and Son banquet held by the Crabtree chapter of the Future Farmers of America on Friday night in the school cafeteria. He was introduced by Glenn C. Palmer.

Mr. McClure stressed the importance of quality in livestock, field crops and especially in the characters of the boys themselves.

Taylor Rogers, president of the chapter, served as toastmaster. The dinner for the 125 attending was prepared by the girls of the home economics department, assisted by a group of mothers of the FFA boys, and faculty members.

The invocation was given by the Rev. R. P. McCracken, with the opening ceremony conducted by the chapter officers. Carlton Holt gave the welcome, to which his father, H. H. Holt, responded.

Billy Jim Bradshaw gave the Future Farmer creed. Howard Chambers presented the agricultural program of the FFA boys. B. F. Nesbit, advisor and agricultural teacher, presented the special guests of the evening.

### Ordered Deported

Raissa Berkman Browder, wife of Earl Browder, Communist candidate for the presidency, was ordered deported by Attorney General Robert H. Jackson on the ground she entered the U. S. illegally. He acted on recommendation of the immigration appeals board and said the finding was based on her own testimony describing her surreptitious entrance in 1933. Jackson said she is a citizen of Russia.

### Boy Scouts Hold Court Of Honor Here Tuesday

M. H. Bowles, supervisor of the Waynesville district schools, addressed the November session of the Haywood district court of honor for the Boy Scouts, which was held here on Tuesday evening. Mr. Bowles had as his subject, "National Book Week."

Canton troop 4 and troop 1 were awarded the white streamers, which they won in the Haywood district scout-O-Ral.

Ray Mann, Canton troop 7, was presented a tenderfoot certificate by Floyd New, of Asheville, assistant Scout Executive of the Daniel Boone Council.

Russell Luther, M. B. Reeves, Jr., Edwin Rogers, David Smart, and Roy Sutton, all of Canton, troop 11, were presented with second rank by district chairman William Medford.

The first class award was presented to Tommy Warren, Canton, troop 4, by Commissioner A. M. Fairbrother, of Canton.

District Committeeman M. H. Bowles, presented merit badge certificates to the following Scouts: Wilburn Rhea, Canton, troop 1, bookbinding, handicrafts, leathercrafts, reading and safety; Bobby Colkitt, Waynesville, troop 2, signaling; Bobby Gibson, of Waynesville, troop 2, carpentry, handicrafts, woodcarving, and painting; Billy Edwards, Canton, troop 4, handicraft; Phillip Moore, Canton, troop 4, swimming, cooking and athletics. The Haywood district approved a Scout leaders training course to be held next Monday, Tuesday and Wednesday at the Scout hut in Waynesville.

Announcement was made of the meeting of the Scout Masters, assistant Scout Masters, troop committeemen, district committeemen, and other adults interested in Scouting to be held on Monday evening, December 2nd, at the Canton "Y" for the purpose of electing the district officers.

### Elmer Hendrix Wins FFA Trip To National Meet

Elmer Hendrix, former member and officer of the Smoky Mountains National chapter Future Farmers of America, is in Kansas City this week attending the 13th annual convention of Future Farmers.

Young Hendrix was awarded the trip by the state forces of agricultural education since he is the winner of the supervised practice farm program in the fifth district. The contest is sponsored annually by the state in co-operation with the Chilean Nitrate Education Bureau.

During his four years in agriculture in the local high school young Hendrix was an active member of the Future Farmer chapter and of the general school program.

He was federation winner in the state public speaking contest, a member of the livestock judging team for three years; winner in the project story contest; a delegate to the state convention of FFA last summer; in his own chapter, served on constitution and nominating committees; as vice president and member of the executive committee for two years.

He was an outstanding student in his school days. He was awarded the State Farmer degree by the state chapter in Raleigh in August, and is an applicant for the American Farmer degree which probably will be awarded while he is in Kansas City this week.

The program of supervised practice on which young Hendrix was selected as district winner was as follows: in 1936 he took 3 acres of corn; two hogs for meat, one acre soil improvement crop; one milk cow, and an acre of rye.

In the second year he took: 5 acres of corn; 2 acres of soil improvement crops; one acre of hay; 11 brood sows; 5 acres of tobacco; 2 beef animals, and 3 acres of pasture.

In the third year he had: 6 acres in corn; 3 acres in soil improvement crops; 3 hogs; 3 beef cattle; a sow and litter; 3 acres in pasture; 50 apple trees; 1 acre in spinach; and one-fourth acre in strawberries.

Last year he had as a project program: 9 acres in corn, 3 head of beef cattle, 2 acres in potatoes, 4 acres in rye, 4 acres in soybeans, one-half acre in tomatoes, one-half acre in cabbage, 1 acre of beans, 5 acres of pasture, 25 hives, 2 hives of bees, 1 sow and litter, 5 hogs, 1 mare and colt for work stock, 100 baby chicks, one-fourth acre of raspberries, 1 acre in strawberries.

At present he owns a forty acre farm in partnership with his father which he manages entirely by himself.

### TIMELY—Farm Questions and Answers

Question: What price is the new milk plant at Statesville paying for fluid milk?

Answer: Extension dairyman, John Arey, says this plant is paying \$1.60 per hundred pounds for 4 per cent milk with a premium on milk of higher butterfat. Right now, 2,500 farms are supplying this milk plant with about 80,000 pounds of milk a day and are finding this market a good substitute for cash crops.

Question: Is barley a good feed for hogs?

Answer: Yes. Pound for pound it is not as efficient as corn, but barley does produce pork of excellent quality. It does not pay to grind corn for hogs but it does pay to grind barley and the grinding increases its feed value by 17 per cent. If barley is substituted for corn as hog feed, Extension swine specialist Ellis Vestal, recommends that 120 pounds of the whole barley replace 100 pounds of shelled corn. Because of the usual droughts in summer, it may be well to plant some barley this fall for hog feed next year.

Question: What is a good fall and winter grazing crop for my poultry flock?

Answer: Roy Dearstyne, head poultryman, says crimson clover and any of the small grains are fine but that Italian rye grass is one of the best. The birds on the State College poultry farm seem to prefer rye grass to even crimson clover or alfalfa when all three are available. The grass furnished green grazing during the entire winter for the past two years except during extremely cold weather when the birds had to be confined. An acre of rye grass will furnish grazing for 100 birds, but it is best to divide the acre into two parts and alternate the grazing to allow time for re-growth.

Happiness consists in being and in doing good; only what God gives, and what we give ourselves and others through His tenure, confers happiness; conscious worth satisfies the hungry heart, nothing else can.—Mary Baker Eddy.

graduating class of 1940, is the 7th member of the local chapter to win the award in supervised practice work since 1937. In that year William McCracken and his teacher, J. C. Brown, (State award); 1938, Harold Francis (district); 1939, James Francis (State award); William McCracken (district, and J. C. Brown, teacher).

Elmer Hendrix is the son of Mr. and Mrs. Swann Hendrix, of the Allen's Creek community.

### Wife Preservers

It is better to have clean soap suds to wash the colored clothes in the family wash, rather than to use the suds in which you have washed the white pieces. There is always a danger of lint from the first part of the wash appearing on colored clothes if the same water is used.

Electric broilers may be cleaned easily inside and out if wiped with a damp cloth before they are entirely cool. Then dry thoroughly with another soft cloth.

### Wife Preservers

When you are going to make fancy sandwiches, slice the loaf of bread lengthwise, and you will have a larger surface to work on. Day-old bread cuts better for sandwiches than fresh.

### Indo-China Invasion

Japanese troops clashed with soldiers of the French garrison at Dong Dang (arrow) as Japan invaded French Indo-China on a large scale, following decision by the helpless Vichy government in France to grant three air bases in Indo-China and the right to send in 6,000 troops to man them. Thailand indicated she, too, would like a share in the land, sending over a bombing plane to harass the new French China, imperiled on the new front, moved in to meet the Japs.
