This Party Is All For You--

This firm established fourteen years ago, started with a meager stock of merchandise, and in much smaller quarters than we have today.

During the fourteen years we have been serving this section with quality merchandise, we have constantly been on the alert for the best lines for every department. As a result of this consistent program, we have today, assembled under one roof, the better known lines of merchandise in every department, on our two floors, covering more than 15,000 square feet of floor space. This is our anniversary, but the party is for you. We'll be looking for you.
