

### Motorists Will Pay New Federal Tax Starting Feb. 1st

The new federal use tax on motor vehicles of \$6 per year, effective February 1, 1942, will be handled by collectors of internal revenue direct with vehicle owners and plans for collecting the levy through postoffices and possibly agencies outside the government have been abandoned.

According to official information, collectors of internal revenue throughout the country are now preparing to compile lists of owners of motor vehicles and will notify them that the tax is due on February 1. On that date, payment in the sum of \$2 covering the period from February 1 to July 1, 1942, must be made. Then on July 1, \$6 will be due for the full fiscal year, July 1, 1942, to July 1, 1943.

Upon payment of the tax a sticker will be issued by the Bureau of Internal Revenue to be attached to the motor vehicle. The sticker follows the vehicle, so when it is sold or traded, the buyer benefits and the original owner securing a new vehicle must secure another sticker. Penalties are provided for owners permitting the use of vehicles without the revenue stickers.

This new tax marks the first "federal registration fee" ever levied on motor vehicles and it is anticipated that it will raise \$160,000,000 per year. But the treasury officials anticipate plenty of headaches in handling the use tax and particularly from the standpoint of enforcement.

There are some who can take time by the forelock and others who can't take it by the tail.
