

A Week Of The War

Chairman Nelson of the war production board abolished the OPM transferred its function relating production, purchasing, priorities, materials, civilian supplies and subcontracting to a new streamlined organization under the name of the War Relocation Authority. In addition, Mr. Nelson stressed under the new board a stress reporting and planning to suggest improvements from time to time.

Mr. Nelson stressed two fundamental differences between the old and new organization: an increase in amount of authority and a more definite delegation of responsibility to promote speed. He said the objective of the new organization was the full mobilization in war effort of every national resource, large and small.

The War Front
President Roosevelt told his conference an inter-allied military council and similar joint commands are in existence, and excellent progress is being made to strengthen the position of the United States in the Southwest Pacific.

Autos, Trucks and Tires
The WPB ordered all production passenger cars and light trucks for any purpose halted February 1. The announcement of the order will be on hand by that date which cannot be sold without government permission. OPA announced that there is no prospect of rationing for used cars or of

IN THE NIGHT
A big, red truck shrieks by and wails into the distance. Another fire! It's a very satisfying feeling to snuggle between the covers again with the thought that if ever it is your home the loss is ours, not yours.

Transportation

The Interstate Commerce Commission granted railroads permission to increase passenger fares 10 per cent. Exempt from the increase are special fares granted to military or naval men on furlough. Permission was also granted to the Railway Express Agency, Inc., to make an emergency additional charge of 10 cents per package sent at first, second or third-class rates.

Army
The President said the United States are collaborating with the U. S. to effect transfers to the American armed service of the Americans who had enlisted before the war under foreign flags. War Secretary Stimson announced completion of plans for the formation of a 6th armored division and two additional all-negro units; an infantry division and an air pursuit squadron. The House passed and sent to the Senate legislation appropriating \$12,500,000,000 to provide 33,000 new army planes and equipment for them.

Navy
President Roosevelt asked Congress for \$15,960,000,000 for the navy and signed a bill authorizing establishment of a special limited service Marine corps composed of World war veterans and older men to be used in patrolling and guarding vital facilities. The navy announced that students in school or college who have not yet reached their 20th birthday may enlist in the naval reserve with permission to complete the current school year before reporting for duty.

Civilian Defense
President Roosevelt asked Congress for \$100,000,000 to be used by the ODC for air raid protection of civilians. The FBI announced it will conduct special war traffic schools for police of 120 strategically located cities.

Agriculture
The department of agriculture announced it will increase purchase of eggs to support market prices at a level at least 85 per cent of parity. Agricultural Marketing Administrator Henderson reported more than 2,850,000,000 pounds of agricultural commodities valued at \$300,000,000 had been shipped to Britain under the lend-lease program up to December 1.

Ships
The maritime commission awarded contracts for construction of 860 vessels. This brought the total of Liberty ships contracted for to 997. Labor Director Hillman proposed a plan to place shipyard workers on a six-day, 48-hour week in the Atlantic, Gulf and Great Lakes zones.

Priority Unemployment
President Roosevelt asked Congress for \$300,000,000 to aid workers who lose their jobs temporarily because of conversion of civilian industry to war production, if the worker is willing to take special training to fit him for a war industry job. Under the program work-

Gives Five Sons to Uncle Sam

Thomas L. Cummings, mayor of Nashville, Tenn., presents a five-star emblem of honor pin to Mrs. W. H. Casteel, of Nashville, whose five sons are serving in the armed forces of the United States. Looking on is her husband. More than seventy families in the U. S. are eligible for the five-star emblem award.

Many Register At St. John's Church

Last summer 153 visitors from 23 states and two foreign countries registered at St. John's church. This was an increase of 25 per cent over the registrations of the previous summer. Florida registrations led all other states with Louisiana and New York holding second and third places, respectively. An even greater number of visitors is expected at St. John's this year owing to the completion of the new church and the publicity connected with it.

Jesus Calls Four Disciples

HIGHLIGHTS ON THE SUNDAY SCHOOL LESSON

By NEWMAN CAMPBELL
(The International Uniform Lesson on the above topic for Feb. 1 is Matt. 4:18-22; Mark 1:16-20; Luke 5:1-11, the Golden Text being Mark 1:17, "Come ye after Me, and I will make you to become fishers of men.")

THERE ARE two distinct accounts of the calling of four disciples by Jesus, which is the story of today's lesson. St. Matthew tells us that Jesus, walking by the Sea of Galilee, saw two brothers, Simon, called Peter, and Andrew, casting their net into the sea, for they were fishers.

"And He said unto them, Follow Me, and I will make you fishers of men. And they straightway left their nets and followed Him."

Going on from that place, Jesus saw James, son of Zebedee, and his brother, John, with their father in their boat; and He called them, and they immediately left their father and the boat and followed Him. St. Mark tells the story approximately the same way, but St. Luke relates that Jesus "stood by the lake of Gennesaret, and saw two ships standing by the lake; but the fishermen were gone out of them, and were washing their nets. And He entered into one of the ships, which was Simon's, and prayed him that he would thrust out a little from the land. And He sat down, and taught the people out of the ship."

When Jesus stopped speaking to the people, he told Simon to launch out into deep water and let down the nets. Simon demurred, saying, "Master, we have toiled all night, and have taken nothing; Nevertheless, at Thy word I will let down the net."

Jesus Man of Authority
We are apt to think of Jesus as a gentle man, because He was so full of love and sympathy, but He must have also been a man of great authority, because when He issued an order, albeit in quiet tones, He always was obeyed. So Simon let the net down into the deep water, although it was customary to fish in shallow, and also although he and his partners must have been very weary because they had been fishing all through the night. The result of this was that their

ers would receive a weekly benefit payment equal to 60 per cent of regular earnings, but in no case more than \$24 a week in benefits for 26 weeks. The federal grant would make up the difference between unemployment compensation paid by the State and the 60 per cent war dislocation benefit. The WPA announced it is working on a program to shift to WPA rolls those workers dislocated by the war who do not fall within the scope of the program outlined by the President.

HOSPITAL NEWS

Mrs. Raymond Swayngim, of Waynesville, route 2, operative case, is better.

John Abbott Whitaker, of Waynesville, operative case, is resting more comfortably.

Miss Ruth Messer, of Waynesville, operative case, is improving.
