Commissioners **Replace 2 Members** Of Hospital Board

Weaver H. McCracken and Aaron Prevost were appointed to mem bership on the board of the Haywood County Hospital by the coun ty board of commissioners at their meeting here on Monday.

The two new members take the places of E. B. Rickman and Captain George Plott, which were declared vacant on Monday by the ounty commissioners.

Mr. Rickman has recently become a member of the Bethel school board, and the law would will submit their report to- debar him from serving on both (Continued on page 8) -

General Survey Reveals That Majority Of Places

Will "Work By the Clock"

Beginning next Monday morning, everyone will start getting adjusted to a nation-wide change of dayight saving time.

A survey completed yesterday by The Mountaineer showed that for the most part Haywood could turn their clock up one hour, and then "work by the clock."

The merchants in an advertisement today are announcing new store hours. Opening hours for Monday through Friday will be at nine, and closing at six. Saturday hours will be from nine until nine, of course daylight time.

SCHOOL CHANGE TIME Yesterday a group of school officials decided it best to open school at 9:30 and close at 4:30, as it was found that to keep same hours under new time would be too early for some children to wait for the

COURT HOUSE The offices of the court house will fellow the clock at current

INDUSTRIES ON NEW TIME Royle-Pilkington Co., Dayton Rubber Company, and A. C. Lawrence Company, all said: "We will work by the clock."

CHURCHES HAVE SAME HOURS

The ministers of the churches of he community decided vesterday that they would follow the clock, and hold services accordingly.

Effective at two o'clock Monday morning, all clocks of the nation will be turned up one hour, and from that time on, there will only be one time-daylight saving, and all time mentioned on and after that date, will necesarily mean the "fast time" and without further explanation.

Local Bonds Sell For Low Interest Rate

Ten thousand dollars worth of Town of Waynesville refunding bonds were sold in Raleigh last week at an interest rate of three and one-half per cent. They were purchased by a Winston-Salem firm, which was among the seven bidders for the bonds.

Town officials state that this is the lowest rate of interest at which a Waynesville municipal bond has

ever been sold. The sale of refunding bonds cuts down interest for the town of Waynesville from five and one-half to six per cent and is in line with the refinancing program of the indebtedness of the town which is Held Friday Night now underway, J. H. Way, Jr. now underway, according to Mayor

In The South

Haywood county must lead the entire south in the gathering of scrap materials for

An Associated Press story out of Raleigh yesterday stated that Haywood so far led the state in the count of scrap gathered, with a million pounds to her credit, and that North Carolina was leading all the state in the south in the movement.

By simple arithmetic, it would seem that Haywood is the leading scrap-gathering county in the south,

Third Registration MERCHANTS CHANGE HOURS Of Selective Draft To Be Held 16th

Local Draft Board Designates Registration Places In Area Served.

Plans are being completed by the local draft board for the third registration held in this country under the selective service, which will take place on Monday, the 16th, according to a proclamation by Governor J. M. Broughton.

All males who have attained the age of 20 years before December 1, 1941, and those under 45 are required to register at this time.

The hours of registration have been set by the United States government from 7 a. m. to 9 p. m. Is Confirmed and all men are required to register in their own township at the board.

Those residing in Waynesville Junaluska, at Hallet Ward's fillstation, under supervision of W. H. McCracken.

George Brown Learns At Conference In Washington Haywood May Get Airport.

A CAA engineer is expected to visit Haywood county in the next few days to make a survey relative to the feasibility of establishing a U. S. Army airport here, according to George A. Brown, Jr. chairman of the county board of

Mr. Brown spent several days during the week in Washington in consultation with the aeronautical authorities on the proposed air-

The construction of the airport will be a joint project between the WPA and the CAA with the

county asked to provide a site. Mr. Brown states that no level supper meeting here Monday night farming lands will be considered for the proposed site, but that the cooperative "Forward With Christ government desires to construct Campaign" with stress being the airport on ridged land that placed upon church attendance for would not be suitable either for farming or grazing.

Several committees were named In addition to the authorities in to work out some of the details, Washington, Mr. Brown has also and among the reports made Monconsulted WPA officials in Asheday night, was the committee on ville, who will cooperate in the pastor's subjects. The plan is for matter of the site and allocation of all pastors to use the same sermon funds in this section. subjects both morning and evening

The establishment of an airport in this area is contemplated by the U. S. army for two reasons. It would afford the pilots experience in flying over mountainous areas and could be used as a primary training base.

It is said that if constructed, the field would cost somewhere between \$200,000 and \$300,000, and would be equipped with the standard arrangement of concrete runways Friday morning will mark the and hangars. formal opening of McAlbaney's, a

All subscriptions are payable in advance. Paper discontinued upon expiration unless paid.

The tire shortage brought about several changes in the Haywood dairying field this week, as business officials sought to combine and merge milk routes.

Last week the Biltmore Dairy

Farms bought the milk routes and buisness of the Osborne Dairy, the latter to continue as a milk producer for the Asheville firm, Before the terms of the pur-

chase became effective, the Biltmore Dairy sold all their old and newly acquired milk routes west of Canton to Pet Dairy Products Company, and Pet in turn sold their Asheville routes, both wholesale and retail, to Bltmore Dairy Farms.

After the trading was over, it found Osborne Dairy a producer for Biltmore, and the Biltmore routes stopping at the western edge of Canton, while Pet's routes went eastern edge of Canton, R. B. Davenport, manager of the Pet plant, said yesterday that his (Continued on page 8)
