

COVERING HAYWOOD'S POLITICAL FRONTS

(Continued from page one)

500 Haywood voters are either in the service or out of the county on "offense" jobs.

This has been giving some types of business real headaches for the past few months, and now it looks as if the politicians are going to do a little head scratching. In the general elections, it would not matter, but in the primary, the law is still on the books which plainly says: "No absentee voting in the primary—except men in active military service."

To get that many voters back here on May 30th is out of the question.

Getting absentee material in service, have it properly filled out, notarized, and returned would be too expensive.

Failure to get those 1,000 or more votes cast on May 30th will make a difference when counting time comes. For the most part, the voters away from here are the conservative and individual voter, who marks his ballot according to his wishes and goes on about his business. The "floaters" who hang around for hand-outs are still with us, and the outcome when many of those fellows vote is just a matter of guess.

This war is proving to be hard on everyone, and the candidates who haven't thought of it before, now realize that campaigning this year is going to be pretty tough sledding, and every sure vote is going to be worth a lot.

Crippled Children Easter Seal Sale Is Now Underway

schools, but the children are not selling them on the streets, it has been pointed out.

A play depicting the work of the Society for Crippled Children and their needs will be presented as part of the program in the Waynesville area, under direction of Miss Hester Anne Withers.

The first performance of the play will be given at the Hazelwood school on Friday of this week; Monday at the local high school; Tuesday at the Central Elementary school; and Wednesday at the East Waynesville school.

In addition to the seals that are being sold by the individual members of the two sponsoring organizations in the county, a number of letters are being mailed to citizens in the county containing seals and a return envelope in which to send back money in payment.

Sharp Cut Gasoline Will Start Today

get tires will be about all who can get gasoline," one operator said.

The same groups eligible for tires are included in the unlimited gasoline allotment, the order said. Some 10,000,000 motorists will be effected by the order, and 100,000 service stations in Eastern America will operate under the ruling, starting today.

Section To Have Blackout Signals On Friday Night

(Continued from page one)

This will start at 9 and last until 9:02.

Citizens in the area are requested not to use their telephones at this time unless absolutely necessary, in order to facilitate reports from air wardens coming to headquarters in the town hall.

All stores and buildings with special lighting and signs are asked to have outside switches out in order that the air wardens who

will be instructed to aid in "all darkness" may turn them off at once.

These same signals will be used when the blackouts are actually being staged. Announcements will be made regarding rehearsals for next week's blackouts.

Daytime air raid rehearsals will begin on Tuesday of next week,

the 24th, at 2:30. Signals for beginning and all clear blasts will be the same as those just described.

Those in charge of the air raid practices are asking that all school authorities and plant officials take this opportunity to teach pupils and employes to evacuate buildings and property quickly.

Jerry Rogers, chief of police of Hazelwood, is county chairman of air wardens; Robert Hugh Clark, of the Waynesville area; and Rufus Gaddis, of the Hazelwood section.

Wardens for Waynesville are: R. H. Gibson, T. G. Boyd, T. G. Massey, F. E. Worthington, Roy Francis, Clayton Walker, Dr. N. M. Medford, John Morris, W. C. Boutwell, Roy Campbell, R. L. Coin, C. W. Minette, J. H. Howell, W. A. Bradley, W. F. Strange, C. L. Grah, E. E. Fuller, Hartmen Farmer, J. C. Brown.
