

Thumbnail Sketches Of 1942 Graduates

Brief biographies of seniors of the Waynesville High School. Others will appear in this newspaper next week.

BETTY FRANCIS
One of the most remarkable collections in this area of everything from dolls to records, is owned by Betty Francis, daughter of Mrs. W. G. Francis.

Some of the things Betty likes to do is drive a car, meet new people and go to new places.

Betty does not plan to go to college, but plans to travel after graduation. She was student council representative in the eighth and ninth grades, and secretary of the senior class.

MELITA BROWNING
Although she likes to cook and sew Melita Browning, daughter of Mr. Ed Browning, of Waynesville, Route No. 1, is most interested in getting a job.

Melita plans to go to work in the rubber plant after graduation. She has worked in the lunch room since she started to high school, has been a member of the art club in the tenth grade, was student council representative in the 7th grade.

PATSY BURGIN
Trying to decide whether to be a nurse, a wife or both is pretty hard for Patsy Burgin, daughter of Mr. and Mrs. W. H. Burgin, of Waynesville, Route No. 2.

Patsy plans to go to Mars Hill College and then enter the field of nursing (?).

Patsy likes music, sports and sewing—and she might as well add cooking. Patsy has been a member of the glee club for several years, has been of the journalism club and was student council representative in the 8th grade.

ZEB CURTIS, JR.
Between planning to be a chemical engineer, making good grades, keeping up with the sports world, reading a good deal, Zeb Curtis, Jr., son of Mr. and Z. W. Curtis, of Waynesville, is kept pretty busy. Zeb plans to go to Berea College where he will study to be a chemical engineer. He was student council representative in the 8th grade.

A big, red truck shrieks by and wails into the distance. Another fire—it's a very satisfying feeling to snuggle between the covers again with the thought that if ever it is your home the loss is ours, not yours.

With no means of resisting Jap air attacks, Singapore, in its last days, was a helpless target for enemy bombers. Native civilian defense workers are shown fighting the flames which consumed a group of houses after a bomb hit. Since then the Japs have invaded Java, capturing Batavia, and landed troops in New Guinea, 400 miles from Australia. (Central Press)

CLARENCE ARRINGTON
Having been voted the "most studious boys" by the class of '41, does not keep Clarence Arrington, son of Mr. and Mrs. O. T. Arrington, of Route No. 1, from being a regular fellow and liking sports.

Clarence plans to go to Berea College and then have a try at being an aviator—second choice he wants to be a teacher. C. declamation contest and was given the junior Lions Citizenship award by the Lions Club, he was salutatorian of 1941 graduating class, was a member of the FFA club in the 8th and 9th grades.

David works during the summer and part of the time after school, but hopes some day to be a pilot for Uncle Sam. His chief hobby is being a good Boy Scout.

New Rulings For Registrants With Dependents

Selective service registrants who have been deferred by reason of dependency only, but who wish to volunteer to compete for selective officer candidates must make applications through the local board, it has been pointed out this week by General J. Van B. Metts, state director.

All such volunteers must be American citizens and be eligible aside from their dependency claims, for classification in Class 1-A. In addition, the application to volunteer and waive of dependency filed with the local board must be signed by the dependents over 18 years of age, as well as by the registrant, and any volunteer under 21 years of age must obtain the written consent of his parents or guardians.

Volunteers who are found by the army to be initially qualified, will be inducted among quotas sent to the army by their local boards and given four months training in the ranks to determine if they are potential prospects for commissions as second lieutenants.

Any not recommended for an officer candidate school at the end of this training period may request to be transferred to the enlisted reserve which means that he will return to civilian life and not be subject to call for active service unless registrants having similar dependency claims are being called. Those who fail to complete the officer candidate course, or who are not recommended for commission, likewise may request transfer to the enlisted reserve, or
