

More than 1,500 North Carolina firms, employing 360,000 persons, have adopted payroll deduction plans for war bond buying.

Fashion writers refer to a static silhouette. That is as unintelligible to us as that other kind of static—the radio variety.

**NOTICE OF SALE**

**NORTH CAROLINA, HAYWOOD COUNTY. IN THE SUPERIOR COURT. HAYWOOD COUNTY VS.**

**SALLIE A. ATKINSON**, if she be alive, if not her heirs at law and her husband, if any, by whatever name he may be known. Under and by virtue of a judgment in the above entitled cause in the Superior Court of Haywood County, North Carolina, on August 24, 1942, the undersigned Commissioner will on the 28th day of September, 1942, at 12 o'clock Noon at the Courthouse Door of Waynesville, Haywood County, North Carolina, sell at public auction to the highest bidder for cash, subject to the confirmation of the court, the following described real property, located in Waynesville Township, Haywood County, North Carolina, and more particularly described as follows:

A certain lot or parcel of land situate in the Town of Southern Assembly, Haywood County, State of North Carolina, fully described in "The Index Map of the lands of the Southern Assembly" as lots Nos. 67, 68 and 69, Block Thirteen, which map is recorded in records of maps No. A, page 1, 3, 5 and 7 to which record reference is hereby made for a more perfect description of the lands and premises therein conveyed.

Being the same land conveyed by H. M. North to Sallie A. Atkinson, by deed dated the 6th day of August, 1919, and recorded in Deed Book 54, page 40, Office of Register of Deeds for Haywood County, North Carolina.

This the 26th day of August, 1942.

WM. MEDFORD, Commissioner.

No. 1226—Aug. 27-Sept 3-10-17

**At New Army Hotel**

Delighted with the prospect of being quartered in the Congress Hotel in Chicago, Corp. Bennett Coons is shown receiving his room key from Bernice Pelton. The Congress and Stevens Hotels are being rented by the Federal government and will eventually house 20,000 men of the armed services.

**MAN IS DIVORCED FROM CAKE-BAKING WIFE**

You cannot have your cake and eat it too. Everybody knows that. In San Diego, Calif., Llewellyn Davis and Mrs. Davis have come to the parting of the ways just for that reason.

The judge granted Davis a divorce after he told his sad story.

It seems that Mrs. Davis was baking a cake. In fact she had just finished putting on the icing.

Just then Davis came in and asked when dinner would be ready.

Now he has revised the old saying:

You cannot have your cake

**State College Hints**

By Ruth Current, State Home Demonstration Agent N. C. State College.

The following tips are offered on taking care of various kinds of shoes:

Smooth leathers, such as calf and kid—use cream polish, liquid polish, or wax polish that contains no turpentine. Turpentine dries out leather. Natural-colored cream may be used on all shades of leather, but will not cover water stains as will colored cream.

Patent leather—changes from hot to cold, or vice versa, cause patent leather to crack. The first time you wear a pair of "patent" shoes, rub them briskly with a cloth to warm them. Then bend your feet to limber shoes while they are still warm. Each time you put on patent leather shoes, warm the leather a little with the palm of your hand. Use patent leather cream or oil polish that contains no turpentine. Use even that sparingly. Wrap shoes in cotton wadding or clean cloth when you are not wearing them.

Gabardine—clean with a brush and a carbon tetrachloride cleaner, which you can buy under trade names at most stores. If your shoes are wool gabardine, protect them against moths as you do other wool clothing.

Elasticized fabric—these stretchable shoe materials are ruined by ordinary fabric cleaners. Get a cleaner recommended for this fabric. Read the directions on the bottle and follow them.

Cotton fabric—play shoes—if the materials are good quality and colorfast, you can clean them successfully with a brush and mild soap and water. Ask about colorfastness when you buy this type of shoe.

Cleanliness is important for successful canning. Even the dish cloths should be free from grease and dirt. The food to be canned, utensils, and the porch or room should be clean.

Did you know: (1) That beef heart has more minerals and vitamins than lean meat; (2) That kidneys and brains of meat animals have more vitamins than lean meat; (3) That you get more for your money when you buy enriched flour or enriched bread.

More vitamin C is needed in the diet. Tomato juice is an excellent source of vitamin C. Tomato

thrown in your face and eat it too.

juice is easy to can.

(1) To preserve the natural flavor and color, use knives of stainless steel and avoid use of copper, brass, and iron.

(2) Use fully ripe tomatoes.

(3) Wash, remove core, and cut into small pieces.

(4) Precook tomatoes until soft. Do not boil.

(5) Put softened tomatoes through a sieve to remove seeds.

(6) Reheat the juice to boiling point.

(7) At the simmering point, add one teaspoon of salt for each quart of juice.

**EXECUTION NOTICE**

**NORTH CAROLINA, HAYWOOD COUNTY.**

State of North Carolina on Relation of Zelline Walker

Against N. H. Walker, principal and E. H. Walker, J. R. Rogers, J. L. Walker and J. P. Hawkins, sureties.

IN RE INTEREST OF N. H. WALKER IN THE MINERAL INTEREST IN 133 ACRES OF THE S. B. REDMOND LAND on Wilkins Creek, Fines Creek Township, Haywood County, North Carolina.

Deed from W. C. Hill to S. M. Redmond, dated July 3, 1888 recorded in Book "X," page 382, record of deeds of Haywood County and conveying the following described tract of land, to-wit:

Lying and being in Fines Creek Township, Haywood County, North Carolina, on the East side of Piggon River, on Wilkins Creek side of said creek and runs thence S. 74° E. two poles to a white oak; thence North 74 poles to a white oak; thence N. 80° E. 100 poles to a white oak; thence N. 30° E. 100 poles to a chestnut oak; thence S. 80° E. 74 poles to a stake; thence S. 25° W. 158 poles to a stake; thence S. 78° W. 165 poles to a stake; thence N. 13 poles to the beginning, containing 133 acres more or less. Reserving, however, to the said W. C. Hill, his heirs and assigns all the minerals and mineral interests, with mining rights and privileges therein.

By deed dated March 21, 1900, recorded in book No. 12, page 451, record of deeds of Haywood County, the said W. C. Hill conveyed to E. H. Walker, Fannie McCracken, N. P. Walker, Mary L. Walker, W. M. Walker, J. L. Walker, A. C. Walker, Eva L. Walker, and Robert L. Walker all the right, title and interest of the said W. C. Hill in and to the above described land, and referring to the book and page record of the above mentioned deed from Hill to S. M. Redmond for description of same.

Then in his last will and testament the above named E. H. Walker willed to his eight children, share and share alike, his one-ninth interest in the above described mineral interests; and N. H. Walker, being one of the 8 children is entitled to 1-8 of 1-9 of said mineral interest.

In Haywood County, N. C., in Clyde Township and described as follows:

Being Lots Nos. 31, 32 and 7 and 8 of the J. P. Hawkins land in the Town of Clyde, Haywood County, N. C., as per map and survey by the J. R. Reagan, engineer, August, 1923, which map and record in the office of the Register of Deeds of Haywood County, N. C., in Book of Maps "B," index "H" and is hereby referred to for a complete description of the same.

Being the property that was conveyed to N. H. Waker as recorded in Book 88, page 558, record of deeds for Haywood County, N. C.

The above described property will be offered for sale to the highest bidder on the 5th day of October, 1942, at 12 m. at the court house door in the Town of Waynesville, Haywood County, State of North Carolina.

R. V. WELCH, Sheriff of Haywood County.

No. 1232—Sept 3-10-17-24

**-TIMELY- Farm Questions and Answers**

Question: When should fall vegetables be planted?

Answer: The time to plant is determined by the hardness of the vegetables and the length of time they require to mature. The tender ones, such as tomatoes and snap beans, will not stand any frost, while some of the cool season crops, such as kale and mustard, will withstand the early lighter frosts. Tomatoes, collards, and cabbage may be planted as late as July 15 and snap beans as late as September. Mustard and spinach should go into the ground not later than September 15.

Question: What are some of the more essential needs in the Nation's Food-for-Freedom program?

Answer: We need: 1 1/2 billion pounds of peanuts and soybean oil, or enough to fill tank cars to reach all the way across the United States and back; enough hogs to make a solid procession, two abreast, snout to tail, clear around the world; enough eggs so that if a person broke one every second, it would require 1,600 years to break them all; and enough 10-gallon filled milk cans to build 25 pyramids the size of the great pyramid of Egypt.

For once age and beauty is in hand. A new chemical is said to add life and women's hose.

Pitch horseshoes? A eight shoes and two stakes as much steel as an army
