HEAR "Send The Light" MONDAY THROUGH SATURDAY—6:45 A. M. WWNC—570 On Your Dial Sponsored and Conducted By Evangelist Ralph Sexton Box 33 Asheville, N. C.

THIS FARM BOY GAVE ALL... You are only asked to lend your money!

LIEUTENANT (j.g.) PAUL BAKER, Navy pilot, with five Jap aircraft to his credit in the day's fighting, was hovering over the aircraft carrier Lexington at dusk, awaiting the signal to land. His gas tanks were nearly empty. Suddenly, over the horizon Jap planes were spotted. It was feared the Japs might discover the Lexington and try a suicide attempt. Baker's order to land never came. His landing lights might have given the Lexington's position away. Without hesitation, Lieutenant Baker turned his plane away from the big carrier and headed for the open sea, luring the Japs after him. He disappeared into the night, never to be seen again. The Lexington was safe.

You can buy extra Bonds!

Paul Baker had a big decision to make. It took him about two seconds. We, at home, also have a decision to make. We are asked to buy extra War Bonds at once. Our boys at the front are depending on us in this Fourth War Loan. Our patriotic impulse is to say "yes" first and look around for the money afterwards. Let us obey that impulse! It will do us good in more ways than one! Paul Baker sized his situation up in two seconds... and acted. We, whose duty is so trifling by comparison, need scarcely more time in which to do ours! Think! We are asked to make an investment, not a sacrifice! We are asked to invest the money we would normally use to replace automobiles or farm machinery or repair buildings and fences. We are asked to establish

a depreciation reserve which will be available for replacements after the war. We are asked to build up a financial reserve for unfavorable years that may come later, or for the education of the children, unexpected hospital bills, or the payment of taxes and debts. War Bonds are the best form of financial reserve ever offered you. Your money helps finance the war. By postponing unnecessary spending you speed production of planes and munitions to win the war. The gradual expenditure of your reserve after the war will provide jobs for returning soldiers and help stabilize the nation's finances in the postwar adjustment period. Ask yourself: Have I a single valid reason why I should not buy extra War Bonds? Then, like Paul Baker, make your decision and act!

Get Ready For The Day When Johnny Comes Marching Home

If you have a boy in the service, think what it will mean to have him come back and share with you the joy of equipping the farm with the best in tractors and other machinery. Think what it can mean for you to have the cash to put the children through college. Think what it can mean, a few years hence, to have new farm buildings or a new home or complete modern conveniences about the place. To thousands upon thousands of farm and ranch owners who have bought extra War Bonds, these things are assured. For the first time in their lives they are going to be able to have the things they've wanted. Some of them are your neighbors. How about you?
