charged will be able to obtain copies from draft boards, offices of Veterans Administration, USES or community veterans' information centers.

### LEND-LEASE FOOD DELIVERIES DROP

Meat, dairy and poultry products head the list of foods for the Allies, in the War Food Administration's report of July deliveries for shipment under lend-lease. These deliveries totaled 522,851,964 pounds compared with 658,116,418 pounds in June and 1,231,844,656 pounds in July of last year.

### COST OF LIVING REMAINS STABLE

The cost of living has risen six tenths of one per cent in retail prices of essential commodities. The figure is for the month ended July 15, most recent for which data are available.

### NOW YOU CAN DRAW A BEAD ON 'EM

If you have a few moments to spare, you may begin to oil up the family flint-lock. WPB has taken cognizance of the fact that animals and birds are causing widespread destruction to crops and livestock all over the country. The ban on the sale of ammunition to hunters will be removed temporarily in the near future.

### GO-TO-SCHOOL CAMPAIGN PROGRESSES

More than 40 national organizations—educational, economic, social and civic—are supporting the campaign to get employed high school pupils back to the class-room next month. In 30 States especially organized campaigns are under way. Greatest stress is being placed on the importance of having a well-educated citizenry in the post-war era and the hundreds of thousands of high school boys and girls who have gone to work are being advised by veterans and others of the importance of preparing for the new era.

### HOG BRISTLES FLOWN OVER "HUMP"

Most dangerous air route in the world, by general admission, is the flight from India to China over the Himalayan mountains. This run, known as flying "The Hump", is used for hauling vital war cargoes to China. On the equally dangerous return flight, Chinese hog bristles make up part of the cargoes.

## Haywood Boy and English Girl

PVT. WOODROW QUEEN, son of Mr. and Mrs. C. C. Queen, of Waynesville, and Miss Daphne Belambeau, of "Anesley Lodge", Anesley Road, London. Pvt. Queen entered the service in February, 1943, and was inducted at Camp Croft. From Croft he was sent to Fort Bragg and then to Camp Cook, Calif. From the latter he was sent overseas, and now serving with the invasion forces in France. Prior to entering the service he was engaged in farming in this county.

American pigs are killed too young to have time to grow the long, strong bristles characteristic of Chinese pigs—in reality boars. These hog bristles from China are very important in the making of paint brushes for the Navy and U. S. Maritime Commission, as well as for brushes used in wool combing machines.

### NEW CEILING PRICE ON BRIDES?

Now life has no more surprises: In Durban, South Africa, a man was able to get himself a wife by paying her dad \$88 in hard cash plus seven cows. So what? So, into the office of the Price Controller there appeared a man who protested that his prospective father-in-law had jacked up the price to \$128 in hard cash. The f-i-l explained that increased cost of living made it necessary for him to boost his price. The Controller allowed as how the problem was beyond his province. But, says Canada's Wartime Information Board which reported the incident, it proves that even this primitive man would see the solid common

sense and usefulness of price control.

### ANZACS MEET U. S. MEN'S FOOD NEEDS

Australia and New Zealand have supplied American forces in the Pacific battle zone with 250,000,000 pounds of meat, 34,000,000 dozen eggs, 175,000,000 pounds of fresh fruit and vegetables, 27,000,000 pounds of butter and 55,000,000 pounds of sugar up to the beginning of this year, the Commonwealth Food Control announces.

### ARMY CAN FIELD 50,000 BALL TEAMS

The Army purchases annually enough baseball equipment to outfit 50,000 baseball teams and 100,000 softball teams; the Navy enough for more than 11,000 and 22,000 respectively, OWI reports. The Army and Navy buy up about 90 per cent of all sports and game equipment produced in the United States and, as a consequence, civilians can expect little or no increase for the present in the amount left over for their use. Last year the services bought sports and game paraphernalia, devoted to the use of enlisted men, costing \$38,000,000. Even so, total new supplies represent approximately one baseball glove to every 17 men in the Army and for every 28 in the Navy.

### ROUND-UP

WPB announces: The total value of farm machinery produced during July, 1944 was \$75,595,553, a figure which is 51.2 per cent higher than the monthly average during the 12 preceding months. Manufacturers of corn pickers and binders were urged to speed up their production during August and September so that corn growers will have this machinery for the fall harvesting season. American coal mining machinery sent to Britain is helping to raise the rate of production of "strip" coal from the current 10,000,000 tons a year to 18,000,000 or 20,000,000 tons. Lumber stocks at sawmills and concentration yards totaled 4,118,083,000 board feet at the end of the second quarter, 1944, the lowest figure since December, 1941. Exactly 15,000 electric hair clippers will soon be made and the finished snippers will go to the armed services.

Marry an army man, girls. He can cook, make beds, and sew; and he is in perfect health—and he's already used to taking orders.

## Wins Medal

PFC. LEE MAN C. MORGAN, son of Mr. and Mrs. Leeman K. Morgan, of Hazelwood, has recently been awarded the Combat Infantryman badge. Pvt. Morgan is now serving in the Hawaiian Islands. He entered the service in September, 1942, and was stationed at Fort McClellan, Ala., for several months before he was transferred to Camp Butner. From the latter he was sent to Fort Ord, Calif., prior to being sent overseas. He was in the battle of Attu, where he was wounded and received the Purple Heart. He was also on combat duty on the Marshall Islands.

Before he entered the service he was engaged in farming in the Waynesville area.

### To Teach Tropic Farming

An agricultural school that is expected to help offset the lack of tropical products formerly imported from the Far East is now being built in Honduras. Such schools are necessary because modern tropical agriculture is highly technical and requires many well-trained men to lead in the new movement for growing in Middle America many of the tropical products for which the United States formerly depended upon the Far East.

**When Your Back Hurts -**  
And Your Strength and Energy is Below Par  
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acid and other waste matter from the blood.  
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested of many years. Are at all drug stores. Get Doan's today.

**DOAN'S PILLS**

# NOTICE

**To Haywood County Servicemen and Women and Members Of Their Immediate Families.**

We are anxious for everyone of Haywood county's men and women in service to have an opportunity to vote in the General Election to be held on November 7, 1944.

We are now accepting applications for Absentee Ballots and Registration for the 1944 General Election by Servicemen and Women and urge that you apply immediately.

Application for ballots can be made by the wife, husband, parents, brother, sister or child of voter by indicating relationship and the ballots will be forwarded to the voter by the chairman.

The law requires that Servicemen and Women have to be 21 years of age to be eligible to vote, a resident of the state for one year and precinct for four months, (or will have been by November 7, 1944), and that he or she will can read and write.

Published elsewhere in this issue of the paper, with the compliments of The Mountaineer, is an application blank that can be clipped out, filled in and sent to us. Or you can apply at the office, which is open each day from 9 a. m. to 5 p. m.
