**VICTORY FLEET DAY, SEPT. 27**—Americans will do honor on Victory Fleet Day, next Wednesday, September 27, to the ship operators who have helped to give the United States one of the highest and most interesting standards of living in the world. Merchant ships bring goods from Central and South America and Arabia—cocoa from America and West Africa—pepper from Ceylon, India, Netherlands Indies, Java, Burma and the Philippines—bananas from the West Indies, Cuba and Mexico—ginger from the Ivory Coast, and Jamaica—Pineapples

**Sentinels of Health**  
Don't Neglect Them!  
Have designed the kidneys to do a serious job. Their task is to keep the blood stream free of an excess of waste materials. The act of living—life—constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as nature intended, there is retention of waste that may cause body-wide disease. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all the time.  
Present, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.  
The recognized and proper treatment is to take medicine to help the kidneys get rid of excess poisonous body waste. **DR. JOAN'S PILLS**. They have had more than forty years of public approval. Are sold all over the country over. Insist on box sold at all drug stores.

## Assigned To Sea

**HOWARD SAMUEL MEDFORD**, S 1, c, son of Mr. and Mrs. Roy Medford, of Waynesville, has been assigned to sea duty. He entered the service on May 18, of this year and was sent to the Great Lakes Naval Training Center, Great Lakes, Ill. Upon completion of the course there he was sent to a service school in Gulfport, Miss., and then to New York and to sea.

Before entering the service he was employed at the Champion Paper and Fibre Company in Canton. His wife, the former Miss Effie Caldwell, is residing in Canton while her husband is in the navy.

## GASOLINE SITUATION IS TIGHT

The average civilian motorist should expect no increase in his gasoline ration for the next several months, at least not before the end of the war with Germany, the Office of Price Administration says. Civilian stocks of gasoline built up last winter have been greatly reduced despite increased imports and record domestic production. Civilian grade gasoline stocks have decreased approximately two million barrels in 30 days.

**ONIONS GALORE, THIS YEAR**  
Your hamburger sandwich may have gone without its onion last year but now there's no excuse for such a deficiency, because the War Food Administration estimates that this year's onion crop will be 45 per cent above the 10-year average, 1933-42.

## TO HOLD DOWN FOOTBALL TRAVEL

To restrict football travel, football team managers have been requested by the Office of Defense Transportation to confine sale and distribution of tickets to residents of local areas of cities or towns in which games are to be played.

## GO ON TO SCHOOL, GI'S ADVISE

The GI's overseas who are using their spare time to "crack their school books" in the hope of improving their possibilities when they return to civilian life, advise the boys and girls back home to keep on with their schooling. As Cpl. Kermit Greason of Atwood, Kans., put it: "Any boy who's in high school now had better finish right away. Because if he doesn't finish before he's drafted, or before he takes a full-time job, chances are he never will. That goes for girls too."

## HOG CEILINGS TO STAY UP

Ceiling prices on live hogs will not be reduced from present levels before June 30, 1945. OPA and WFA have announced. Present ceilings are \$14.75 a hundred pounds, Chicago basis, for hogs weighing 240 lbs. or less and \$14 a hundred, Chicago basis, for hogs weighing more than 240 pounds. WFA also said the support price of \$12.50 a hundred, Chicago basis, for "good to choice" butcher hogs

weighing 200 to 240 pounds, effective October 1, will be continued until June 30, 1945.

## DANISH ADVERTISER IS OPTIMISTIC

The Danish Information Service reports the following advertisement that appeared recently in a Copenhagen newspaper: "Apartment of three rooms and bath wanted at the end of the war, not later than October 1st."

## ROUND-UP

No rumors of Germany's surrender should be accepted unless confirmed by General Eisenhower, caution the War and Navy Departments and the Office of War Information. Five per cent of the 27 million Christmas packages mailed to Army and Navy personnel last year was lost because of faulty packing and addressing. Beginning September 22 all gasoline filling stations may accept off-highway "R" coupons. Production of corn pickers for this year's crop

## Lt. and Mrs. Allen Davis, Jr., Are Visiting Here

Lt. and Mrs. Allen Davis, Jr., are visiting the latter's grandmother, Mrs. D. V. Phillips. Mrs. Davis is the former Miss Margaret McRorie, daughter of Mr. and Mrs. C. F. McRorie, now of Washington, D. C., but formerly of Waynesville.

Lt. Davis is the son of Allen Davis of Franklin. He has recently returned from duty in the Central Pacific and after thirty days in this country is being sent back to duty in the same area.

Lt. Davis entered the service in August, 1941 while he was a student in the Franklin high school. He volunteered and enlisted in Asheville. He first reported to Jefferson Barracks, Mo., and received his training at a number of fields before being sent overseas.

Lt. Davis holds the Distinguished Flying Cross, with two oak leaf

is larger than for any previous year, the War Food Administration says. More than 4,000 automobiles a day are being scrapped, to leave an estimated 23,750,000 privately owned passenger cars in operation at the end of the year, according to a report issued by the Office of War Information.

## Friday Is First Day Of Autumn

Tomorrow is the last day of summer, and the official beginning of fall, although the weatherman got ahead of the calendar several times during the past ten days, when the mercury dropped down into the forties.

Last Friday—the day the third quarterly payment of income tax was due—was also the last official day for wearing a straw hat. That don't mean a thing, however, since many straw hat fans maintain that the old sun shedder does not feel exactly right until it begins to flop around and lose the stiffness.

clusters, and the Air Medal with seven oak leaf clusters. He took part in the battles of the Gilbert Islands, Marshall Islands, Caroline Islands and Marianas.
