to result from these special rallies. Yesterday Catahoochee township met their quota, with \$87.50 to spare. This is the first township to make the quota. Waynesville was the next highest, with almost half of the quota raised.

The first rally of the week will be held at the Clyde school on Friday night, at 7:30. The Canton committee will have charge of this meeting, featuring the Canton high school band and several speakers from Moore General Hospital.

A similar rally was held at Bethel on Monday night at which time \$4,175 in bonds were sold.

Those in charge of bond sales in this area announced three rallies would be held, the first to be at the Jonathan Creek school on Tuesday, December 5th, at 7:30. The Waynesville band will be featured, men just back from the battle fronts, as well as leaders in this area in the war bond work, including Mr. Francis, Mr. Allen, J. E. Massie, permanent county chairman, Jonathan Woody, district chairman, M. H. Bowles, in charge of school, Charlie Ray, W. Curtis Russ and others.

The second rally will be held on Wednesday night at the Crabtree school, with the band and returned men from the battle front speaking. On Friday night, December 8th, a rally will be held at the Fines Creek school.

Most of the sales of bonds made to date have been small purchases. One of the largest purchases was made by the First Baptist Church here when \$2,250 of the building fund money was put into bonds.

A purchase of \$3,000 in bonds was assigned Haywood by the Standard Oil Company of New Jersey. The company is buying a half million in bonds in the state.

Annual Christmas Tuberculosis Seals Now On Sale

The 38th annual sale of Tuberculosis seals was launched on Monday in the community, according to Mrs. Frank Ferguson, local chairman, who is urging that everyone respond to the call.

Mrs. S. P. Gay has been named to have charge of the sales in the industrial plants. Mrs. John M. Queen and Mrs. Jimmy Boyd will conduct the sales through the mailing lists.

Seals are being sold through all the schools in this section of the county. Children are taking them home to their parents and teachers are assisting the students in making sales in various areas.

Last year more than \$400 was raised through the local sales, with seventy-five per cent kept for work among tubercular patients and suspects. Much of the money was spent through the schools and the health department.
