WASHING—
 We have the latest equipment, and experienced attendants to do this all important job. The right use for every job.

WASHING—
 By using hot and cold water, and even steam to clean the chassis, we give a thorough job that is unsurpassed. Drive in.

TIRE REPAIRS—
 For years we have been in the service station and tire business—we are equipped for any tire job you may have.

WINDSHIELDS CLEANED—
 A clean windshield is the first step towards safe driving, and for that reason, we have everything on hand to do the job.

WAXING—
 There are all kinds of polishing jobs, but you'll find that one of ours is tops, because we take such pains.

WAXING—
 With our large staff of careful attendants, and a trained supervisor, we give you a waxing job that lasts longer.

TIRES CHECKED—
 When you drive in our station, an attendant immediately checks your tires and properly inflates them. Try us today.

EXPERIENCED ATTENDANTS—
 All our attendants are especially trained men—trained for their job. Every one is careful to give the utmost in satisfaction.
