Several College Basketball Games To Be Played Here

Western Carolina Teachers College will play several of their basketball games this winter at Waynesville, it was stated by John W. McDevitt of W. C. at the Rotary club meeting here Thursday.

The Catamount cage teams has begun practice for their season already, and expects to floor a winning combination. Their games here will be played on the high school court.

WILLIAMS WANTS \$80,000

BOSTON—Red Sox slugger Ted Williams was reported to be aiming for an \$80,000 contract next season, equal to the pay of Babe Ruth when at the height of his home run career.

4 Touchdown Drives Plus Safety Nets 6th Victory

Hard Blocking Forwards Open Gates To Mountaineer Win At Hendersonville

Although Hendersonville put up a stubborn defense that kept the Mountaineers down to conventional football through all but the last minutes of Friday night's game, the Waynesville forward wall opened the door for four touchdown drives and blocked three Bearcat punts, one being converted into a two-point safety.

This, added to Ervin Shook's three place-kicks for extra points, brought the final score to 29-0, upping the total for the season to 201 points while their opposition's score remained at 18 for the six games played.

Halfback Bob Milner crossed the goal line first after a drive from Hendersonville's 38 during the first period; bursting through left end for a 16 yard scoring sprint. Early in the second quarter, after the Bearcats kicked out on their 30, Shook took off around right end the first play, laterated to Carol Crahl and he went into the end zone standing up. With both placements good, the score at half-time was 14-0.

The third period went scoreless, with the Mountaineers driving deep into Bearcat territory. Early in the final quarter, Crahl tossed a long pass which bounced from the receiver's finger tips and into the hands of Bill Lowe, Hendersonville back who returned it from the end zone to his eight yard line.

Waynesville forwards then broke up the attempted punt, Lowe recovered the ball and was smothered in the end zone for a safety. Following the kickoff from Hendersonville's 20, the Mountaineers drove back steadily from mid-field and the last six yards was made by Crahl on a pass from Robinson. Shook's placement made it 23-0.

Hendersonville had to punt three plays after they took the next kickoff. Brackett and Milner began grinding out yardage, and from the one-foot line Minett smashed over right guard for the final touchdown. Shook and Milner came on the field for the extra point, but the kick went wild and the score remained 29 to 0.

Time ran out as the Mountaineers began setting up another score. Owen's kickoff to Hendersonville was fumbled, Waynesville took over on the 32. A penalty set them back 10 yards. A long pass to J. D. Caldwell took the ball to the 15, and the faked punt play was uncovered, with Shook tossing to Brackett, who was tackled on the 12 as the final whistle blew.

First Quarter

With Coach Weatherby putting his heavier players on the left side of the line Messer kicked off, and the return gave the Bearcats the ball on their 28. Pace picked up 2 yards on two plays, tried a third down punt which was blocked; he recovered on the 5. His next punt went to Shook on the Bearcat 38. Robinson picked up 7 yards, then Shook got to the 21 for first down. Robinson hit the line for 5 more, then Milner went between left tackle and end to the goal line. Shook converted, 7-0.

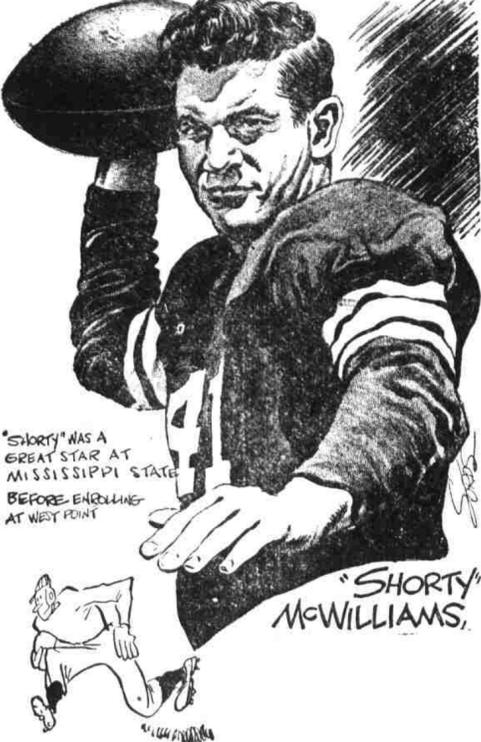

Hendersonville returned Messer's next kickoff from their 8 to the 22. Paul Johnson ran around left end for 15, then lost 9 the next play. A penalty gave them 5. Pace added 6 more, but they had to kick, the ball going out on Waynesville's 48. A steady drive, interrupted by two penalties, went to the Bearcat 29.

Second Quarter

Shook tossed a long pass for Messer which Lowe intercepted on Hendersonville's 10. On first play they lost 10, then kicked out of bounds on their 30. Shook laterated to Crahl in a play around right end, and excellent blocking gave the fullback the chance to hit high gear and travel into scoring territory.

N. C. STATE seemed to have surprised a lot of folks by trimming Wake Forest, but the Wolf-pack passes filled the winning prescription when halted by that hefty Deacon line. Carolina probably will consider them strong enough opponents to be included on their schedule next season. If they keep up the brand of ball they've played so far they look like a cinch for Southern Conference honors . . . DUKE had less trouble than was expected with Richmond, but know what to expect at West Point this Saturday. If they can upset the Cadets, 't would be a day of glory for the Blue Devils. Georgia Tech will give anybody a battle, and play at Durham Nov. 2nd. Their big-margin win over previously unbeaten L. S. U. can not be taken lightly. Nov. 2nd will find Carolina at Knoxville, where the Alabama Crimson Tide was washed to a pale pink by the Volunteers last week.

Rod and Gun

By TOM WALKER

ALL IN KNOWING HOW—And 10 year old John Reynolds of Winston-Salem proved he is acquainted with the right technique. Unhindered with expensive fishing tackle, but rather equipped only with a balloon stick, a piece of thread, and a bent needle for a hook, John recently went fishing in Forsyth County. A few minutes of fishing netted him a 14-inch crappie weighing approximately two pounds which he hauled in via the balloon stick—a very simple procedure he declares.

Roger Woody, age 7, is another young angler who is in the know on the right fishing techniques. Roger proved his proficiency in the art recently at Fontana Lake when he made a successful catch of eight bass after a short while of fishing with pole and line. Roger has a picture of his fine catch as proof that it isn't just another fish tale.

Third Quarter

Messer's kick was returned to the 20. Three plays later Lowe kicked out on the 47. Waynesville drove back until Milner fumbled and Lowe recovered on the Bearcat 10. The kick was taken by Shook on his 27, his blockers shifted to the right and off he went for the longest run of the game. His 72 yard touchdown jaunt, however, was called back due to a clipping penalty.

Then Minett picked up 10, but Crahl fumbled on a reverse and Hendersonville's McGraw recovered; which was countered when Buddy Wilson—a subguard who turned in one of the best performances of the night—intercepted a pass on his 29 and went back to Hendersonville's 48. Robinson and Milner drove to the 13.

Fourth Quarter

On second play Crahl's pass was intercepted in the end zone by Lowe and returned to the 8. Hendersonville's punt was blocked for the safety, making the score 16-0. From the kick-off at the 20, Milner returned to the 46. Brackett added 14, Robinson 5, Messer took a pass for 7, and after two other short gains Robinson passed to Crahl over left end, who made the touchdown. Shook came in to make it 23-0.

Waynesville held the Bearcats, started driving again with 37 yards to go. Six plays later Minett made the final touchdown. The game was over shortly afterwards.

that of the same period last season. This comparison shows that the revenue this year is a 123% increase over that of the same period for 1945-46, or \$105,808.50 compared with \$47,226.75 for the previous year.

This money from license fees is, other than Federal aid, the only source of revenue for the Division. It is the sportsmen's money being put to use for and in the interest of the sportsmen.

CONSERVATION CONFERENCE

At the annual Conservation Conference of the Garden Clubs of North Carolina held in Raleigh, October 10th and 11th, Dr. Willis King, fisheries biologist for the Division of Game and Inland Fisheries spoke to the group on the relation of pollution to conservation of fish, the effect of pollution on fish life, Dr. King pointed out that polluted waters may have the direct effect of either poisoning or causing suffocation to fish due to depletion of oxygen. Pollution also may destroy spawning areas and feeding areas by depositing a layer of sediment over the bottom of the stream. A third effect it may have is that of making the habitat undesirable, not necessarily killing the fish; but fish may not enter polluted waters for migration or spawning.

Dr. King continued by explaining several ways of attacking the problem of pollution. A solution may be effected, he pointed out, by two principal ways: (1) through improved legislation to replace the present laws which are inadequate

SEPTEMBER VIOLATIONS HIGH—Prosecution reports for the entire month reveal that September ranks third in the number of game and fish law violations in the State in any one month so far this year. September with 423 convictions was topped only by May with 480 and June with 444.

Total fines for the month mounted to \$2,815.95; and court costs reached \$2,683.49, as compared with the previous month, August, with 312 convictions, fines, \$1,463.49, and costs, \$1,896.71.

INCREASED REVENUE—An example of an increase in revenue for the N. C. Division of Game and Inland Fisheries is cited by a comparison of revenue from hunting licenses for one period this year with

Game To Be Played Here Tomorrow Night Against Black Bears

Coach Carl Ratchiff's Mountaineer junior varsity team will open their season tomorrow (Wednesday) night on the local gridiron against the Canton Jaycees.

Waynesville's starting lineup is expected to be made from the following 12 players: Gibson, Poteat, Enley, Price, Carswell, Arrington, Mitchell, H. Lamer, Winfred Limer, Burgin, Gaddis and Hubert Caldwell. Several other lightweights are expected to see action during the contest.

Preparations have been made to accommodate spectators, who will get a preliminary view of the material for Waynesville's and Canton's future varsity teams. A small fee will be charged.

Several of the Mountaineer reserve, although not on the first or second teams, have seen action this season, but have never had the opportunity to work as a team against outside opposition. Since the two teams will be evenly matched it should prove to be a lively contest.

and do not provide for proper enforcement, (2) by arousing public opinion so that desired legislation can be passed and that municipalities and industries will be encouraged to discharge waste in such a way that aquatic resources not be damaged.

It is suggested that the matter of pollution control be made one of the principal objectives of civic, garden, nature and wildlife clubs.

In connection with this symposium on pollution, a film, "Clear Waters," was shown. Produced by General Electric and distributed for showing in this area by the Carolina Power and Light Company, the film shows the value of pure water in recreation, public health, agriculture, and wildlife.

Professor Robert Stiemke reported on the research of the committee approved by the Governor to study pollution in the State.

Mrs. Z. P. Metcalf was chairman for the occasion included Mr. E. B. Garrell, director of the Soil Conservation Service,

Christ School Is 18 to 12 Winner Over Brevard 11

The Greenies of Christ School, this Saturday's opponents of the Mountaineers, scored touchdowns in three periods of last week-end's game at Brevard to win 18 to 13 on the Brevard field.

Showing a fast team, making full use of deceptive plays and driving power, the Greenies drove to a marker in the first period. Shuford plunged through center for the first touchdown, and hit the middle of the line later in the game for another. Andrews scored the second Christ School marker in the third quarter.

Cook made Brevard's first score in the second period, and Holden carried for the second touchdown during the final quarter.

Milligan Scores 6 to 0 Victory Over Catamounts

Milligan drove from their own 35 early in the first quarter, and with Holselav carrying the ball the last two yards, crossed over the Western Carolina goal line for the only six points made in the game. A crowd of 2,000 was present for the game, played Saturday night at Cullowhee.

Later in the first quarter Grogan of Canton blocked a Milligan punt which the Cats recovered on the visitors' 13, but an intercepted pass ended this threat and Milligan punted out of danger. First downs were nine for Milligan and seven for W. C.

NEW GIANT COACH

NEW YORK — Travis Jackson, star shortstop of the John McGraw-Bill Terry era, is returning to the New York Giants next season as a coach. Jackson, 42-year-old native of Waldo, Ark., will be brought back to the club from the Jackson, Miss. team in the Southwestern League.

MORE GO PER GALLON

because it's

POWER-PACKED WITH 100-OCTANE COMPONENTS

More miles for your money... more "go" per gallon—that's what you get with the new power-packed Sinclair H-C Gasoline. The new H-C gives you better mileage because it's a direct outcome of war-time development in aviation gasoline—power-packed with the same 100-octane gasoline components used to make the mighty fuel for fighting planes. You'll find that means not only better mileage but far more power and acceleration, too.

To give your car a new lease on life, try a tankful of new Sinclair H-C or new Sinclair Ethyl Gasoline today—power-packed with 100-octane gasoline components.
