

Russia's 'Voice' In U.N. Council Has Oxford Ring

LAKE SUCCESS, N. Y. — The "Voice of Russia" in the United Nations security council is a 40-year-old Englishman who never has set foot on Soviet soil.

To Robert Daniel Hogg, a graduate of Oxford, generalists all the lack of interpreting the speeches of Soviet Foreign Minister Vyacheslav Molotov, Robert D. Hogg, a 40-year-old Englishman, is the best interpreter of the Russian in the U.N. security council.

The respected Englishman is one of the veterans of the U.N. staff of some 30 official interpreters who speak eight languages but it is his rendition of Gromyko's Russian into English which commands major attention.

Hogg considers it his duty to interpret because of "how and precise language and clarity of thought."

Wanted! Men And Women Who Are Hard Of Hearing

Because of a constant shortage of competent interpreters, these specialists never need worry about jobs. Their average salary in the U. S. runs around \$6,000, tax free, plus allowances.

Henry Ford Dies At 84 In Detroit

Automobile Maker Passes Quietly at Home of Cerebral Hemorrhage

Henry Ford, a symbol to the world of American industrial genius and the father of mass production, died quietly at his home in Detroit late Monday of a cerebral hemorrhage at the age of 84.

Funeral services were held on Thursday afternoon at St. Paul's Episcopal cathedral on Detroit's Woodward avenue. The street was lined with thousands of people who echoed the startling sound of his first automobile a half century ago.

As news of his death flashed around the world, speculation arose as to the effect on the \$900 million industry he founded with a \$25,000 investment in 1903. Industrialists concede that his passing will have little effect on the Ford Motor company since it has been firmly managed by 26-year-old Henry Ford II who took the reins from his aging grandfather in 1945.

It was assumed that the late Ford's personal fortune of upwards of \$200 million will go to his widow, Clara Bryant Ford, who was with him when he died. They were to have celebrated their 68th wedding anniversary and her 80th birthday today.

Three Jobs For Trees

As a big word for small-size weather, says the U.S. Forest Service, a 100-foot tree belt can reduce dust count by 75 per cent, and even when bare, the trees will cut wind velocity. The belts come in opposite directions from summer and winter winds and can be planted strategically.

State Traffic Law Changes Announced, Go In Effect July 1

RALEIGH—(AP)—Commander H. J. Hatcher of the state highway patrol, pleased over General Assembly action to help curb highway accidents, said today he was ready to receive applications for 210 additional patrolmen. He now has 213.

The applicants, he said, must be high school graduates, 5 feet 10 inches tall, weighing at least 160 pounds, and must pass rigid physical examinations. They also must be of good moral character.

Contrary to wide belief, the new limit of 55 miles an hour does not go into effect until July 1; also the effective date of all other provisions of the "safe and sane driving law. Appropriations for new patrolmen also are effective July 1.

The prewar speed limit was 60 miles an hour. Early in the war, it was lowered to 35 miles an hour, chiefly to conserve rubber, and late in 1945 Governor Cherry increased it to 50 miles an hour.

The new law has more severe punishment for violations of the highway laws. Among other things, first conviction of drunken driving carries a mandatory fine of \$100 and revocation of driver's license for one year; second conviction, a \$200 fine and revocation for two years; and third, \$400 fine or one year in prison, or both, and permanent revocation of license.

Speeding in excess of 75 miles an hour will be punishable by a fine of \$75 and six months revocation.

Every driver must stand a driving examination after July 1, and quadrennially thereafter. All motor vehicles will be inspected once in 1948 and semi-annually thereafter.

Canton's Signal Company To Get Federal Approval

Canton's 30th Signal company of the U. S. National Guard is expected to obtain federal inspection and recognition at an early date, according to Capt. Fred Ferguson.

The minimum requirements for inspection have been met and all men who have applications in process and all new applicants are asked to be present next Wednesday evening at 7 o'clock at the armory to complete all necessary papers and receive instructions for inspection night.

There are 200 vacancies remaining, Mr. Ferguson stated, and now that the draft law has expired, all young men who are 18 years of age or older and who are interested in learning technical skills are invited to apply for membership in the guard.

The pay scale runs from \$2.67 to \$5.50 each drill night and the annual payroll will exceed \$50,000 when full strength is reached.

Veterans may enlist in grade as long as vacancies on the T. O. exist. These men have shown that ratings obtained during their spare-time as members of the guard have served them to great advantage in battles as well as in increased pay during emergencies.

Dallas R. Clark USN Receives Unit Citation

Dallas R. Clark, Chief Machinist Mate, U. S. Navy, has received the following President Unit Citation for his service on the USS Houston.

"For outstanding performance against enemy Japanese, Feb. 8, 1942. At sea almost constantly, often damaged but self-maintaining, the Houston kept at sea. She maneuvered superbly and with deadly anti-aircraft fire repulsed the nine Japanese bombing squadrons attacking a troop convoy under her escort.

"Later, in company with other Allied ships, she engaged a powerful enemy force, carried the brunt of the action with her two remaining 8 inch turrets and aided in damaging and routing two enemy heavy cruisers from the line of battle. On Feb. 28, the Houston went down, gallantly fighting to the last against overwhelming odds. She leaves behind her an inspiring record of valiant and distinguished service.

"Clark entered the regular navy in 1931 and was the first reported casualty of World War II at the time the Houston was sunk in March, 1942. He was taken a prisoner by the Japs and held for over three years, undergoing many hardships.

"He is the son of Mrs. Nellie Clark of Waynesville and the late Dee Clark.

Canton American Legion To Meet Monday Night

The regular meeting of the Canton Varner-Blinnhart Post 61, American Legion, will be held at the Moose lodge hall Monday evening at 7:30. All members are urged to be present.

CHURCHES TO START UNION REVIVAL AT CANTON, APRIL 20

Canton Churches are again uniting this year in simultaneous revival services to be held April 20 to 27. It was announced following a meeting of the Ministerial association Monday.

Visiting ministers will be secured by most of the pastors, while others will conduct their own services.

Five churches have enrolled for these services, as follows: First Methodist, with Rev. C. L. Heckard of Lake Junaluska, as the visiting speaker; The Plains, Rev. George B. Culbreth, pastor, in charge; First Baptist church, Rev. Marshall Mott, of Black Mountain, speaker; Central Methodist, Rev. John W. Moore, of Lake Junaluska, speaker; and North Canton, with the pastor, Rev. C. D. Sawyer, preaching.

Services will be held twice daily, at 10 in the morning and 8 o'clock in the evening.

President Aids Woman In Unsnarling Red Tape

NEW ORLEANS—A New Orleans woman who had tried since 1944 to collect retirement pay she accumulated while a civil service employee finally lost patience with red tape snarls and resorted to a more direct method: she wrote the President.

Yesterday Miss Iris Regan received two letters.

"Your letter of March 2, 1947, addressed to the President of the United States," said a message from the Civil Service Commission, "has been forwarded by the White House to this office for reply."

The check should be received promptly.

The other letter contained the check, for \$111.65.

The state flag of Mississippi is somewhat similar in design to the Confederate flag and is sometimes mistaken for that flag.

FIRE AT CAMPBELL HOME

The fire department was called late Thursday afternoon to the home of Mr. and Mrs. Roy Campbell on Thomas Street, to extinguish a blaze said to have caught from a flue. There was considerable smoke but the damage was thought to have been slight.
