## WNCAC Encouraged By National Park Official

"Encouraging" results were brought back from Washington by the six men delegation representing Western North Carolina Associated Communities after discussions with A. E. Demaray, associate director of the National Park Service of the Department of Interior.

In a 75-minute session, Demaray told the group that funds would be unfrozen for a \$273,000 start on construction of a 10-million dollar road linking Bryson City and Fontana Dam, and that work could be expected to start this year.

An expenditure of \$2,531,000 has been earmarked to go towards completing sections of the Blue Ridge Parkway in North Carolina.

Those who attended the Washington meeting were Charles E. Ray, WNCAC vice-president; C. N. Allen of Hazelwood; Percy Ferebee, president of the group; Francis J. Heazel, president of the Asheville Chamber of Commerce; Fuller Brown of Asheville; and 12th District Rep. Monroe M. Redden, who had arranged for the meeting. The group returned home Thursday.

The WNCAC representatives plan to return to the Capital in the near future and present their case for park development to the senate appropriations committee.

To be recommended at that time are (1) Sufficient additional continuing appropriations to complete the Parkway and Bryson City-Fontana roads as soon as possible; (2) \$200,000 additional for fiscal 1948 for immediate construction of a \$135,000 pioneer museum at Mingo Creek, N. C., and a \$65,000 wing on the Park administration building at Gatlinburg, Tenn., to be used as a natural history museum; (3) restore a \$28,797 item, cut by the house last week, for administration, protection and maintenance of Great Smokies park, along with \$700,000 for existing roads and trails in all the national parks, of which Great Smokies would receive its pro rata share; (4) additional funds as soon as possible to improve the Black Camp Gap road to Heintooga, as well as the camp grounds there, and the Cherokee-Newfound Gap road.

Active palbearers were Ed Harkins, Norman Smathers, Buddy Cooper, Otis Thompson, Jack West and Norman Singleton.

Mr. Hardin was a native of Haywood county and had been connected with the Russell Motor company in Canton for a number

## Reich Coal Plan Splits Germany In Two Blocs

PARIS — The French evening newspaper Le Monde, which frequently reflects French Foreign opinion, commented that a new coal agreement being announced by the United States, Great Britain, and France confirmed the cutting of Germany into an eastern and western bloc.

Le Monde added: "The situation being as it is, with the U. S. S. R. and Poland disposing at their pleasure of all the coal of Saxony and Silesia, the agreement which has just been concluded could only have been reached between the three western powers.

"It represents the cutting of Germany into two regions, east and west, and it will not be the last. This division is a fact, even though everyone deplores it and asks that it be brought to an end."

## Ellen Glasgow Home Due To Be Restored

RICHMOND, Va.—The ante-bellum home of Ellen Glasgow here is to be preserved as a shrine to the southern novelist and to the era it presents.

The old home is expected to be restored to appear very much as it did in the unburned years of her youth, an era which to many, embodied southern living at its best.

Miss Glasgow's brother gave the home to the Virginia Historical Society, and the Association for the Preservation of Virginia Antiquities has purchased it from the society. The home was built in 1841.

Surviving are the widow, five children, Misses Josephine, Betty and Danny Hardin, all of Canton; his mother, Mrs. Icia Cogburn Ide of Greensboro, one sister, Mrs. W. S. Burnette, of Canton, and a half brother, Jack Cogburn, of Black Mountain.
