It has helped with house furnishings (especially in making slipcover), home management, food preparation and planning menus for balanced meals. We have learned the latest methods of conserving food (canning, freezing, drying, storing and brining).

The family life work has helped us understand our families better. Home demonstration work has been of inestimable value to those of us who were trying to beautify our homes and grounds. The clothing project work has helped us to look for and find better values in clothing. We have learned to mend and make our clothing. The fabric is dark brown moire taffeta, the details include a cuffed, square neckline, a fitted bodice, and a moulded, draped hip yoke from which a fully flared skirt billows and swirls. The set-in belt ties in front.
