Aug. 29 Tentative Date For Opening Haywood Schools

School children put a red ring and a question mark around Monday. August 29th.

The board of education will decide the opening date of school for all the county when they meet Tuesday morning at ten o'clock. It now looks as if all schools in the county will open on the same date,

While the 29th is not definite. it now looks very logical that it will be the "back-to-school" day for Haywood's thousands of school children.
