

wing Mon. and Tues. At The Park

Wyman, Dennis Morgan and Eve Arden are cast in Warner amusing story of an underseas romance, "The Lady Takes A" now playing at the Park Theatre.

Legion Seeks Toys For Children Of Europe

The Haywood American Legion Post 47 of Waynesville is starting a drive to collect toys for needy children overseas.

Post Commander Ernest Edwards said today the local campaign is part of a nation-wide campaign being conducted by Legion posts throughout the nation.

The name of the drive is "Tide Of Toys" (TOT).

Thanks to the Marshall Plan, says National Commander George Craig of Indianapolis, the children of the war-torn countries of Europe are now better fed.

This new campaign, he adds, is to give them the joys that children should have.

Though they'll arrive too late for Christmas, they'll be appreciated anyway.

Everyone who donates a toy to the campaign should attach a little message with it—a simple greeting or a letter, for instance. The toys may be left at the Garrett Furniture Company here.

After they are collected, the toys for Europe will be distributed by CARE, the American organization that has been aiding in European relief.

"Let's remember," says Mr. Craig, "that for years the playgrounds of Europe's children have been bomb-pits; their toys the grisly trophies of war."

"Let's remember also that Government-to-Government aid must necessarily be cold and remote, and that the Legion can supply the warmth and personal touch."

One of the first things that the students noticed as they entered into the school building after their vacation was the newly refinished floors.

All the hall floors are refinished and they sure add a lot to going to school.

"Slumber" parties, spaghetti suppers, and get-togethers are a lot of fun when you combine them all into one. Especially when you try to get 13 girls into three beds.

Everyone had loads of fun when Joan Morris threw a slumber party Friday night.

Did the girls get any sleep? No, and they didn't even attempt to try.

The teenagers can be proud of one thing, and that is their new record for being careful drivers.

Time and again we have been recorded as being the worst drivers in the State.

Until a Patrolman came to our rescue, our parents, teachers, and friends believed us to be just that.

This is the first time in a long time that we have had any backing up in what we have believed to be true. When we drive we try to be careful.

We appreciate and extend our thanks to State Highway Patrol Corporal John L. Carpenter for coming to our rescue.

Don't you think that it would be a good idea to have a high school boy Model of the Month to model with the girls?

We have had some cut girls selected and I bet that the boys would also make a hit as models.

This month Frances Hoyle was chosen as the High School Model of the Month. She is modeling a blouse and skirt, which are very attractive on her. She also wears crepe-sole shoes which are very much in style now.

The model is presented one of the three pictures of herself as a gift for modeling the clothes.

THE YOUNGER SET By MILDRED MEDFORD High School Senior

It is amazing how fast the "younger set" settled down to school life after a long vacation.

On Wednesday it was hard to believe that we would be going back to school on Thursday. But everybody was there with all their supplies and ready to start to work.

I can quote Mary Brendle McClure on "I am glad to be back in school. I missed the teachers and all my classmates during the holidays. Yep! It's good to be back again." She was really sincere.

4 of 5 Folks Over 15 Years Old Had Polio Germ

If you are over 15 years of age the chances are four out of five that you have already been infected with the polio virus.

This statement — startling as it may seem—is based on prevailing scientific opinion, according to Felix Stovall, Waynesville area campaign director for the 1950 March of Dimes.

In a review of a recent research report from national headquarters, Mr. Stovall revealed that March of Dimes scientists came to this conclusion after completing sample surveys to detect polio antibodies in the blood of normal persons. He explained that the presence of polio antibodies in the blood result from some previous contact with the polio virus.

"Fully 80% of normal adults tested showed the presence of polio antibodies in their blood streams," Mr. Stovall declared. "Scientists now believe polio is much more widespread than the actual reported number of cases would indicate. In most of the individuals tested, there was no known previous history of polio."

Scientists feel that the majority of these infections were of the unrecognizable, subclinical type which produces no symptoms at all or symptoms so mild that they cannot be diagnosed.

Scientists believe that these subclinical polio infections are fortunate, he explained inasmuch as it is this type of repeated exposure which can build up strong resistance to the disease.

Without such protection, he pointed out, polio would be an even greater tragedy than it now is.

He added that more than \$11,000,000 in March of Dimes funds have already been spent in seeking a preventive to the disease and to minimize its crippling after effects.

Polio Benefit Singing Event To Be Held Jan. 15

The annual Polio Benefit Singing Convention, conducted by the Rev. Kay Allen and W. T. Queen, will be held at 2 p. m. January 15 at the Haywood County Court House.

That is the same day the 1950 March of Dimes campaign is scheduled to open officially. Singers, from soloists to large choruses, from everywhere and anywhere are invited to attend this benefit event, which last year raised \$300 for polio victims.

Deaths

MRS. MILA BIRDINE DAVIS Mrs. Mila Birdine Davis, 68, native of Haywood county, died this morning in Dayton, Ohio at the home of a son, James Leonard Davis, after a long illness.

Funeral services will be held at the Olivet Baptist Church, Wednesday at 3 o'clock, with the Rev. Jarvis Underwood officiating. Interment will be in Cove Creek cemetery.

The body is expected to arrive in Waynesville at 11 a. m. Wednesday and will remain at Crawford Funeral Home until the hour of the funeral.

Surviving are two sons, Caldwell C. Davis and James Leonard Davis, of Dayton, Ohio; one daughter, Mrs. R. E. Gemin of Maggie; two sisters, Mrs. John Wyatt of Maggie and Mrs. Bill Wilson of Montana; and one brother, George Caldwell of Montana.

Correction

M. O. Galloway, not Mark Galloway, is sole owner of the Graeceland Farms.

Dwight Williams is the manager of the farm.

In stories published in the Mountaineer in regard to the prize-winning Graeceland Farms Hereford bull, the error in names appeared.
