Former Resident Given Promotion In State Housing

T. Newton Cook, former Haywood County supervisor of the Farm Security Administration, is slated to become the Public Housing Management advisor for all of North Carolina, effective January 23, according to statement by Wade M. Miles, general housing manager in the area.

Cook is now Miles' assistant for projects in Norfolk County, Portsmouth and South Norfolk, Va.

In his new position, Cook will have his headquarters in the area office in Richmond.

Cook has had extensive experience in North Carolina, both in government housing and farm security.

He was graduated from the N. C. State College of Agriculture and Engineering in 1931 with a bachelor of science degree in agricultural economics.

In 1935 he joined the Farm Security Administration as a county supervisor in North Carolina and during the next six years served in Haywood, Buncombe, Onslow, Cherokee, and Carteret counties.

Cook went to work for the FHA, (then known as the EPHA) in 1941 as a project manager at Jacksonville and Camp Lejeune, and the New River area.

On April 1, 1946 he was transferred to Virginia as housing manager for Williams Court Apartments and Barlow Place.

Bethel Jr. 4-H Club Plans To Help Camp

The boys and girls of the Bethel Junior 4-H Club are trying to raise \$40.

That was the quota assigned to them last Monday as their share of the campaign to help finance the County 4-H Club Camp near Waynesville.

The club heard Assistant County Agent Joe Cline discuss the payments for the camp and later gave out record books to the boys.

Miss Jean Childers, assistant home demonstration agent, passed out record books to the girls and told each member to make a garment for display at the Bethel School auditorium at a later date.

The club members also discussed the County 4-H Congress for club officers. This meeting will be held January 28 at the Haywood County Court House, a week before the Achievement Day program.

Children's Friend Makes Amends For Thief

DULUTH, Minn. (UP)—Burglars broke into a grade school here and stole \$9.50.

Six dollars of the loot was precious money the children had set aside for their "World Friendship Among Children" fund.

When Mrs. Wilkes Covey of Minneapolis heard what happened she promptly sent the children a check for \$6. The children are going to use it to send packages of new clothing to youngsters overseas.

Housewives' demands for kitchen work surfaces that can't be harmed by acids or extreme heat have resulted in widespread use of clay tile surfacings for kitchen drainboards, counter tops and back splashes.

Cream Covers Highway As Truck Overtakes

NORFOLK, Neb. (UP)—Highway crews were sent to a stretch of highway 81 north of here when police reported the road was slick and dangerous.

They found the highway covered with cream.

A truck loaded with 24 10-gallon cans of cream, valued at \$425, turned over.

The workmen didn't try to skim the cream off. They just covered it up with gravel.
