COMEDIAN Bob Hope (right) and his gag writer, Fred Williams, are shown after they were treated at the Community Hospital, Riverside, Calif., following an auto accident. They were returning from a golfing weekend when Hope's car skidded, overturning and striking a tree. Hope is suffering from a dislocated shoulder. (International Soundphoto)

THE TIE THAT BINDS

CHICAGO (AP)—Two robbers strode into Nathan Moreov's toggery shop and took \$35 and a watch from him. Then their eyes were caught by a display of fine silk ties. They could, the holdup men decided, be put to good use. So they used them to tie Moreov to a chair.

Open-pit iron mines such as those of Minnesota's abundant Mesabi Range have been a great asset to the nation because output could be expanded merely by putting more shovels to work. The flow of ore from three Minnesota ranges reached a high of 75,000,000 tons in 1942 in response to World War II demands.

Pigs Dirty? Not So, Pork Lovers Say

LINCOLN, Neb. (UPI)—Pork lovers are quoting results of North Carolina State College tests to prove their contention that the swine is about the cleanest, smartest, most respectable animal on the farm.

Compared to the chimpanzee, brightest of the ape family, the porker was a whiz at IQ tests, according to his champions. He learned to match dogs in hunting, it is said, and only frustrated vanity and common sense drove him to the hog wallow.

Pigs have no sweat glands, it was explained, and the only way for them to cool off is to plunge into the wallow. No other means of cleanliness is provided.

Snide references to a "hoggish appetite," or to the animal's habit of rooting in the soil draw instant defense of the pigs' friends. Can the hog help it if nature endowed him with one of the fastest growing bodies in the animal world? And it takes food to grow, they say.

As for rooting, the experts describe it as a good, clean habit and an economical way of getting essential minerals.

If Junior wants a pet, try a pig, according to these enthusiasts. They argue a porker makes a devoted pet, can be housebroken easily, and has one of the best constitutions for testing baby foods.

The warmth of the Gulf Stream makes Murmansk the only ice-free Russian port except those on the Black Sea. Archangel, five degrees farther south, is icebound in winter.

CROWN ROAST... Special pork treat for company.

By CECILY BROWNSTONE
Associated Press Food Editor

Go gale with pork now that there's such an excellent supply of it on the market. A festive Crown Roast of Pork is wonderful to serve when company's coming. To make life easy have the crown of ribs prepared at your market, allowing 1 to 2 chops per person; 10 to 12 chops will make a medium-sized crown. When you get the roast home, turn the rib ends up and fill the center with your favorite bread stuffing. Lift the roast to the rack in an open roasting pan, holding your hands underneath the crown. Roast uncovered in a moderate (350° F.) oven 35 to 40 minutes per pound. To serve, place paper frills over the ends of the ribs, or use large stuffed olives or small cooked white onions for garnishing. Add apple rings around the platter and you'll have as succulent a dish as anyone could eat.

For a family dinner try the following recipe with pork chops, potatoes and other vegetables blending with a delicious tomato gravy. Pork is so rich in B vitamins and offers such high quality protein, as well as essential minerals, that it's a fine meat to serve to a family. Take advantage of goodly pork supplies.

PORK CHOP SKILLET DINNER

Ingredients: 4 pork chops, 4 cups pared sliced potatoes, 2/3 cup coarsely diced green pepper, 1 cup diced celery, 1 cup sliced onion, 2 teaspoons salt, 1/4 teaspoon pepper, 1 can condensed tomato soup, 1/2 cup water, 1/4 teaspoon tabasco sauce.

Method: Brown pork chops in skillet; remove from pan. Starting with potatoes put vegetables in layers in a deep 2-quart skillet. (Reserve about 1/3 of the green pepper, celery and onion.) Sprinkle each layer with part of the salt and pepper. Place the browned pork chops on top of the vegetables. Top with remaining green pepper, celery and onion. Sprinkle with remaining salt and pepper. Mix together tomato soup, water and tabasco sauce; pour over meat. Cover and cook on top of range over low heat 1 to 1 1/2 hours. Makes 4 servings.

WHY BURN BRUSH?

DAVIS, Calif. (AP)—Worthless brushland ought to be burned over in this state for a number of reasons, says Dr. George H. Hart of the College of Agriculture here. California's growing population makes it necessary to use land, he says, and livestock feed increases after burning brush whether the land is seeded or not.

MAKING IT HARD FOR THEMSELVES

SYDNEY, Australia (AP)—Three spinsters, anxious to improve their front lawn, helped themselves to some material dumped outside for road repairs and top dressed the lawn with it. The result should be interesting. The top dressing used was a three-in-one sand-cement mixture.

In Kyoto, Japan, sea shells take the place of church bells. Shinto priests there call the people to worship by blowing into giant conchs, which produce a sound not unlike that of a foghorn.

Eniwetok, Marshall Islands atoll serving as a proving ground for the United States Atomic Commission, encloses a blue-green lagoon six times as large as the District of Columbia.

California leads all other states in the number of civil aircraft according to a study made by Civil Aeronautics Administration. Texas, Illinois, New York, Michigan follow in that order.
