

Green, 40 Wood Native In Seattle

Green, 40, a native of Haywood, died Friday in Seattle, from asphyxiation as stove explosion. Body is being returned to Haywood for funeral services.

Green was the son of Herman and the late Mrs. Mollie Green of the Fines section of Haywood county. Employee of the Columbia Company in Seattle, he was residing in the State of Washington since 1939 with the wife and two children. He served with the Army during World War II. He entered the service in November, 1942, and was discharged in November, 1945, after serving with the 797th Central Postal Directory in the China-Burma-India Theatre.

In addition to the wife, he has one sister, Miss Helena Green, Clearwater, Florida. Arrangements here are in charge of the funeral home.

Little At Home In Taylorsville

Little, brother of C. R. Little, died suddenly at his home in Taylorsville Tuesday.

Funeral services were held in the Taylorsville Methodist church Tuesday afternoon and burial was in the Taylorsville cemetery.

Little lived here for twenty years before moving to Taylorsville. His first wife was the late Maggie Nichols of Haywood county. She died two years ago.

Little was married on Christmas, 1949, to Miss Clara Little, who survives. He was a farmer in Taylorsville and was a member of the Taylorsville Methodist church.

Surviving are the widow, five sons, Asa, Earl, Richard, Earl, and Earl, Jr., and six daughters, C. R. Little of Taylorsville; Little of Rockford, Ill.; Little of Rockford, Ill.; and Ransom Little of High Point, N. C. and one sister, Mrs. Shields Little of Conover.

Haywood Farm Bureau To Meet Saturday

Members of the Haywood Farm Bureau and its Auxiliary will meet at 2 p. m. Saturday at the Haywood County Court House to elect officers and resolutions pertaining to farm and the coming state convention.

Incumbent President, Mrs. McCrary, and Mrs. Oral McCrary, Auxiliary president, will be the main speakers. Resolutions are to be adopted on dairying, livestock, and the naming of delegates to the N. C. Farm Bureau Convention at Raleigh.

Officials urge all members to attend the important meeting.

Lions Club To Have Ladies' Luncheon Program

Waynesville Lions Club will have a ladies luncheon Thursday night. The occasion will be a ladies' dinner program which will be held at the County 4-H Club at the Mountain Test Farm. The event is scheduled to start at 6 p. m. with Club President Dick Little filling as master of ceremonies.

Carolina's Choo Choo Takes A New Track

Charlie Justice (right), All-America tailback for the University of North Carolina, has become a field representative of the new Medical Foundation of North Carolina. He is studying plans of the foundation in a conference at Chapel Hill. With him are Maj. L. P. McLendon (left) of Greensboro, president of the foundation, and Dr. Sylvester Green (center), executive vice president. Justice will do part-time work for the foundation until his graduation from the university in June. Thereafter, he will be on full-time duty.

Fertilizer Men Meet Here With Farm Officials

Fertilizer dealers and fertilizer company representatives got together with agricultural officials last week-end to become familiar with recommendations for analyses for the new year.

Every fertilizer firm in Haywood county was represented at the meeting at the Court House here, and many farmers from throughout the county also attended the session.

Officials of the N. C. State Agricultural Experiment Station and the N. C. State College Extension Service explained to the dealers the 1950 fertilizer recommendations.

Deaths

BETTY JEAN RAY

Funeral services for Betty Jean Ray, 13, daughter of Mr. and Mrs. Walter S. Ray of Waynesville, who died Thursday in a Waynesville hospital, were held Saturday morning in Garrett Funeral Home.

The Rev. J. E. Yount, pastor of the First Methodist church, officiated, and burial was in Green Hill Cemetery.

Pallbearers were L. T. Haynes, Charles Burgin, Carl Shelton and Homer Justice.

She was a seventh grade student at the Bethel School and a member of the First Methodist church.

Surviving, in addition to the parents, are a brother, John Walter Ray; the paternal grandparents, Mr. and Mrs. Will Ray of Waynesville; and the maternal grandmother, Mrs. Lilly Parker of Cullowhee.

Billy Rogers And David Felmet Are Contest Winners

Billy Rogers, eighth grade student in the Waynesville Junior High School, won first place in the annual declamation contest sponsored by the Haywood Chapter, United Daughters of the Confederacy, for boys in the seventh and eighth grades. His declamation was "The New South."

David Felmet, Jr., also a student in the eighth grade, won second place with "The Death of Stonewall Jackson."

The contest was held in the school auditorium this morning with Mrs. Roy Campbell, historian of the U.D.C. chapter, presiding. Medals were presented to the two winners by Mrs. Sam Queen, president of the sponsoring group.

Other contestants and their declamations were as follows:

Charles Parris, "The Benefits of Civil War;" Roy Callahan, "Robert E. Lee;" Darryl Cagle, "Robert E. Lee;" Ted Rogers, "Robert E. Lee;" Larry Cullum, "A Giant Among Men;" Wilburn Duncan, "The Blue and The Grey;" Bobby Throver, "Under the Southern Flag;" Stanley Williamson, "Stonewall Jackson;" and Eugene Davis, "The Old South and The New."

Judges for the event were Mrs. Jack Klopp, Mrs. John Harrod, and Charles McDaris.

CARD OF THANKS

We wish to express our deepest appreciation to our many friends for their sympathy and kindness shown during the illness and death of our beloved daughter and sister and also for the beautiful flowers.

The Walter Ray Family

MORE ABOUT Roads

(Continued from Page 1)

of the right-of-way. The highway official pointed out that he did not feel any property owner should sign a right-of-way petition until he was first sure of exactly where the road was going. "Find out first, then sign if you are satisfied," the people were told.

The plan is for state forces to do as much of the grading, and straightening of curves as possible. This would save money, and permit the savings to be put on additional miles of paving.

Commissioner Thrash thanked Haywood for not putting "high pressure" on the engineers and himself. "Such tactics just consume time, and after all, this is your road program—decide for yourselves what you want, then we will work with you from an overall program."

"We do not have secret sessions. All meetings are open. And the best way to get what you want is to decide for yourselves, and have your committee recommend that project," he stressed again.

When asked about paving Highway No. 209 in Fines Creek, Mr. Thrash pointed out that no rural road money could be spent on a numbered highway. "But I will tell you, that this summer or fall, I hope the contract will be let to pave No. 209 from Ferguson's store all the way to Hot Springs. This would be paid for out of state and federal aid funds, and as part of our regular road program," he said.

A number of citizens pointed out where crushed stone was now needed for improving rural roads. Mr. Knight said he was aware of such places, and that orders had been given to highway forces to get such roads fixed immediately.

The 18 projects in the second phase of the paving of rural roads, as adopted by the group here this morning covers 37 miles, as follows:

- Dutch Cove, .6 miles of 18-foot paving, and 2.3 miles of 12-foot paving.
- Hannah cove road, 2.1 miles of 16-foot paving.
- Queentown, 1 mile of 16-foot paving.
- Center Pigeon, 1.5 miles of 16-foot paving.
- Henson Cove, 2.4 miles of 16-foot paving.
- Rhodamer Road, .9 miles of 16-foot paving.
- Lake Logan (Sunburst), 1.5 miles of 18-foot road.
- Ninevah Road, 1.7 miles, also of 16-foot paving.
- McClure Road, .8 mile, also of 16-foot paving.
- Coleman mountain, 3 miles of 16-foot paving.
- Iron Duff, 1.2 miles of 16-foot paving.
- Crabtree, 2.3 miles of 16-foot paving.
- Old Crabtree, 1.9 miles of 16-foot paving.
- Hyder Mountain, 5.1 miles of 16-foot paving.
- Thompson Cove, 1.2 miles of 12-foot paving.
- Thickety road, 4.7 miles of 16-foot paving.
- Lake Junaluska, 2.2 miles of 16-foot road.
- Worley Cove, .6 mile of 16-foot paving.

After the group formally passed the second phase of the proposed projects, Commissioner Thrash and his associates heard from citizens as to roads that are now "mud roads" and need immediate attention.

As this phase of the discussion progressed, Commissioner Thrash reminded several that in many instances there were roads not on the state system, and because of this fact, no stone could be put on by highway forces. "It does appear odd, that sometimes we put crushed stone to within several hundred yards of a man's house, then stop. This is because the road stops

Scientists and specialists in horticulture problems will start two days of lectures tomorrow for Western North Carolina fruit growers.

The Horticulture School will open at 9:30 a. m. at the Haywood County Court House, with County Agent Wayne Corpening in charge.

The school is being conducted by the State College Agricultural Extension Service in cooperation with the State Agricultural Experiment Station and the U. S. Fish and Wildlife Service.

Before the school ends Wednesday, the lecturers will have discussed the latest developments and the problems of every major phase of fruit production.

Dr. Clyde F. Smith will deliver the first lecture, discussing recent developments in the control of apple insects, after Mr. Corpening opens the school.

The use of Oil sprays in apple orchards will be George Turnipseed's subject in the next lecture, with a discussion of rodent control in apple orchards by Larry C. Whitehead following.

The pathology section, with Howard R. Garris, Extension plant pathologist presiding as chairman, will be held after lunch.

The program of subjects and discussions will be as follows:

Plant diseases: cause and behavior—James H. Jensen; apple diseases: how to recognize them—Carlyle N. Clayton; scab: why have it?—Howard R. Garris;

Black rot: why is it hard to control—Dr. Clayton; discussion of spray recommendations for 1950—Dr. Smith and Dr. Clayton;

Wednesday morning, starting at 10 a. m., the program will be as follows, in this order:

Orchard cover crops and soil conservation—Dr. John T. Bregger, U. S. Department of Agriculture, Clemson College; up to the minute news in apple production—H. R. Niswonger, N. C. State College; marketing of apples and consumer's preference—Dan Paul, representative of the North Carolina Chain Store Council; pruning—Dr. Niswonger.

Large W. Pigeon Audience Names CDP Officers

By Mrs. Howard H. Smathers
(Mountaineer Correspondent)

More than 100 residents of West Pigeon community elected their 1950 Community Development Program officers last Thursday night at a meeting at Bethel High School.

They named Ed Justice to succeed Jack Sloan as chairman of the organization, gave their vote for vice-chairman to Maurice Bumgarner, and also elected Mrs. Henry Garner as secretary and Mrs. H. H. Smathers as reporter.

Elected as committee leaders also were the Rev. Clyde Collins as recreation chairman, Mrs. Clifton Terrell as program chairman, and Mrs. R. O. Kelly as refreshments chairman.

The next regular meeting will be held February 16 at 7:30 p. m. at the school.

Women may deny it, but the noted shoe designer, Herman Delman, states in the American Magazine that their feet are getting larger. In fact, he says, the average American woman's foot has grown about two sizes in a generation.

right 'there on the system map," he declared, "and we cannot do otherwise."

"We are doing the very best we can to keep every rural road on system out of the mud. It is a big job, and we sometimes fail to fix a place, because as is often the case, we have not been told about the conditions."

Prolific Mrs. Fly
While a hen is content with laying but a single egg a day, Mrs. Fly lays 120 eggs eight or 10 times every summer.

"Pre-Shrunk" Label
Watch for the "pre-shrunk" label on cotton dresses before purchasing. Without this label, it is difficult to predict shrinkage.

Calling Out Lazy Hens
When a poultryman calls his flock, his aim is to weed out all the hens that are not doing their fair share of egg laying.

Ironing Tip
Always iron with the grain of the material when ironing bias-cut pieces. In this way you will avoid stretching the fabric out of shape.
