last 35 acres of the land to be planted in the firm's long-range soil conservation and reforestation program at the lake.

"When these 35,000 seedlings are all planted, it will mean there will be trees on every acre Champion owns there," said Ted Davis, one of the firm's graduate foresters.

At the same time, he reminded Haywood County farmers that they still can obtain seedlings free of charge from the Tennessee Valley Authority to plant in idle or eroded land.

### Polite Bandit Uses Fist But With All Courtesy

MINNEAPOLIS (UP)—J. E. Barry told police he met a friendly, well-dressed man while he was walking home late at night.

The man, courteous and glib, walked along with him for nearly a block before he let a fist fly and struck Barry on the side of the face.

Barry was almost stunned and then was surprised when the man took him courteously by the arm and ushered him along the sidewalk for half a block.

At that point, he asked Barry to hand over his money. Barry said he gave the man \$42. The man thanked him kindly and walked away.

#### FIRST PILGRIM

BOSTON (UP)—Oldest thing in Boston is a burying ground on lower Tremont Street. The ancient graveyard was first established and used in 1630. It contains, among other bones, those of Mary Chilton—the girl who some claim was the first Pilgrim to step ashore on Plymouth Rock.

### White Oak Folks Hold Melodious CDP Meeting

By MRS. GEORGE BORING (Mountaineer Correspondent)

Wednesday night's Community Development Program meeting in White Oak was very melodious. Everybody sang.

The residents practiced ten songs which had been selected by the County Agent's office in connection with the musical phase of the county-wide recreation program.

The folks sang in quartets, duets, and in a body. There was the junior quartet of Gene Wilson Messer, Edgar Messer, Bobby Hunter, and Frank D. Ledford, for instance, who sang "Pray The Clouds Away," and "Where The Soul Never Dies," among other favorites.

Gene Messer and Bobby Hunter teamed up as a duet for "Home On The Range."

Edgar Messer and Bobby then got together for "Tramp On The Street."

During the meeting also the White Oak residents polished up their spelling with a practice match. Mrs. Rog Ledford assigned the words.

In the more serious portion of the session, Chairman Yoder Messer announced that the residents had raised a total of \$11.60 to donate to the County 4-H Club Camp at the Mountain Experiment Station near Waynesville.

George Boring, before the meeting adjourned, reminded all 4-H Club boys and girls of their meeting scheduled for Tuesday.

Mrs. George Boring led the devotionals. The next community meeting is scheduled for March 8.

### University Offers Course In Atomic Problems

KENT, O. (UP)—The 1950 winter quarter program at Kent State University offers "Problems of an Atomic Age," believed to be the first credit course of its kind of American colleges.

The course is designed to acquaint students with the meaning of atomic energy in the light of the natural sciences. Also up for discussion by campus and visiting lecturers will be the application of atomic energy for constructive or destructive purposes through the social sciences, and the problem of world peace.

### New Therapy Aids Victims Of Paralysis

NEW YORK (UP)—More than half of a group of 23 patients with paralysis of both arms and legs have learned to walk again through a modern rehabilitation program at Bellevue Hospital.

A report in the Journal of the American Medical Association said that of the 23 patients who could not walk because of injuries or disease, 13 learned to walk and five did not require any braces.

Of the remaining 10, five became wheelchair independent and three required assistance in getting into and out of their wheelchairs. Only two remained primarily bed and limited wheelchair patients.

Before starting the rehabilitation program, tests were taken to evaluate the extent of the disability. Then the patient was placed on a five-hour training program.

Exercises Used "Physical therapy in the form of heat was usually used prior to any exercise session," the report said. "Water gymnastics, electrical stimulation of muscles and ultraviolet radiation were all valuable."

The doctors prescribed psychological aids with occupational therapy and special training routines were started to teach the patient how to roll from side to side and sit up in bed. He gradually progressed to mat exercises, push-ups on the mat, wall pulleys and similar exercises.

Eighteen of the patients are now

### Railway Puts New Warning Signs At Clyde

By BOB MEDFORD Mountaineer Correspondent

Southern Railway workers weekend finished the job of putting new warning signs at the grade crossings in Clyde.

This was the latest step in the company's efforts to improve safety at these crossings.

Earlier, they had cut down high bank and removed brush and shrubbery which obscured the vision of approaching the intersection.

Two warning signs were placed in the latest work at crossing.

Meanwhile, South Clay community residents, headed by Community Development chairman, William Osborne, started a drive to have warning signals placed at crossings.
