THE YOUNGER SET

By MILDRED MEDFORD
High School Senior

One still remembers the concert that the Davidson College was in town, I'm sure, that you should.

At the concert at Waynesville, then attended the dance at the Armory, given in honor of the Student Council of the W.T.H.S.

As if the Davidson boys giving the concert as much as they enjoyed listening to it. Certainly the band director, did not, he was scared.

He was directing before the group, but "was so interested in the music he forgot about the group."

Violinist, Melvin Sipe, sure the square dance. And the square dance but the music, as he called it. Melvin was asked how long he had been playing the violin, he said "I told you that, I would play it."

Of the boys, Bill Hart from the Davidson boys had never square danced. He did. He did very well, for a beginner.

The dance was over and he was getting their coats. A group of Davidson boys carrying the room on their shoulders. He was Ralph Roberts. Why did they do that because he was "Oogie"?

After every concert. Tomorrow the students of W.T.H.S. are going to enjoy a very interesting program, sponsored by the Student Council, and given by the Bible Club.

They will do the Highwayman, a Psalm, Sea-Fever, and "No, Sir" in Choral Reading.

Miss Terrell has been coaching and Elaine Francis acting as the director.

It seems as if Waynesville High School is not the only school that has "laid down the law" to the

Frances McClure, Dot Mills, Betty Farmer, Mourine Carver, Braxton Crocker, and Velda Arrington have passed all the requirements for the Junior Homemakers Degree.

What are the requirements? Well, the qualifications are "stiff," such as studying the National F.H.A. constitution and having your mother say that you have contributed to the family life, and still another is, having your teachers say you have shown interest in the homemaker field. Now, can you pass those three plus about 10 more?

Congratulations girls. I hope you can get the State and American Degree Homemakers soon. These girls will all receive a key, the symbol for the Junior Homemaker, which will be put on their chapter pin.

C. of C. Will Stage Annual Banquet On April 21st

The annual Chamber of Commerce banquet will be held on Friday, April 21, the board of directors decided here Tuesday night. Carl Goerch, editor of The State, is slated to be the principal speaker.

Full details of the program have not been completed, but Charles Ray, chairman, said today that varied forms of entertainment, together with some down-to-earth matters which would make the evening of importance to every citizen.

The directors approved plans for being co-sponsors to a motorcade into upper South Carolina as a means of promoting expanded tourist business.

Several plans of promotion were approved by the board, with details to be worked out in plenty of time.

If you come in late over at St. John's you will stay until 5:00 o'clock rather than just 45 minutes, as at W.T.H.S.

So far they haven't enforced the law about chewing gum, but in the past offenders have had to pay five cents if they were caught, and from all indications, this rule might come back into use.

Maybe we will have some teachers in the future, in spite of everyone saying they wouldn't be teachers if it depended on their life.

Last week at the Clyde High School a Future Teachers Association was organized with John A. Byers as the advisor.

Geraldine Fish was elected president; Alice Medford, vice-president; and Freda Hipps, secretary and treasurer.

These are some more of our future teachers from Clyde: Joseph Medford, Mark Brown, Charlie Morgan, Dorothy Smith, Vicky Haynes, Buzz Morgan, Shirley Well, and Pandy Crane.

These girls and boys will get some practice teaching while they are still in High, just to find out if that is what they are really and truly interested in.

Research scientists have found that there are at least three kinds of viruses which can cause polio. Infection by one kind doesn't always result in immunity against the other two.

time to get work underway in time to reach prospective visitors in late spring.

The Haywood High School Student of the Week

Yes, it's another basketball star from Clyde High School. Geraldine Fish, a senior, daughter of Mr. and Mrs. Gerald R. Fish from Clyde.

Geraldine is the captain of the basketball team this year, and has played on the first team for the past three years. She was also the captain of the team last year.

Besides being at the top in basketball she is and has been the president of the Beta Club for two years. No wonder she is the president, for on her record nothing shows but A's.

Geraldine is the president of the Clyde F.H.A. chapter and also the president of the county F.H.S. chapter. She attended the State F.H.S. Rally at Raleigh, last year, and modeled a suit, and this year she has attended the District Rally at Bryson City where she took part on the program doing a South American dance.

She was also in the "Follies of 48," given at the Clyde High School, and did the same dance as that at the District Rally.

Geraldine is a member of the Clyde Methodist Church. She is the Secretary of her Sunday School Class, vice-president of the county sub-district M.Y.F., representative from her Sunday School Class to the Board of Education of the church, sings soprano in the church choir, and has been the president of the M.Y.F. in the past.

As for music she said that she was an accomplished player of the ukelele and that it had been the "death of her life," because everyone was always teasing her about it. "But it's lots of fun."

Geraldine plans to enter Woman's College at Greensboro next fall after graduation from Clyde High. At the present she hasn't decided what her major will be, since she "lives only in the present."

GERALDINE FISH

Little Symphony To Play Here On March 7

The North Carolina Little Symphony, conducted by Dr. Benjamin Swain, will come to Waynesville for concerts on March 7, according to an announcement by Mrs. Frieda Knopf, local chairman of the Symphony Committee.

A children's program will be played in the afternoon at 1:15 o'clock in the Waynesville High School Auditorium and will be broadcast over Station WHCC.

The adult concert will be presented in the evening at the same place. The time has not as yet been announced.

The concerts here are made possible by the Symphony Society membership drive held last fall. A membership card in the Symphony Society will serve as admission to the evening concert, as well as to all other Society-sponsored concerts throughout the state this season.

Children's tickets for the evening concert may be purchased at the door for 60 cents. Non-members will also find single-admission tickets on sale the night of the concert.

Pasture Field Day Set For Next Thursday

A Pasture Field Day will be held Thursday at the Mountain Test Farm to aid in the promotion of the campaign to have 10,000 additional acres of Ladino clover and orchard grass or Fescue planted in Haywood County this year.

Dr. W. W. Woodhour of N. C. State College will be the principal speaker on the program, which will open at 10 a.m.

In the morning there will be a renovation demonstration to illustrate the seeding of Ladino and orchard grass by practices recommended by the Experiment Station and N. C. State College Agricultural Extension Service.

In the afternoon, there will be an inspection of the pasture demonstration projects at the Test Farm and of the seeding done at the Farm and Home Field Day at the Jack McCracken Farm in Pigeon Township last July 26.

The visitors also will go to the R. F. Rogers farm in Crabtree to see the results of the renovation demonstration that was started last August.

The Pasture Field Day is for the benefit of all farmers interested in improved pastures, all veterans taking agricultural training, and other student farmers.

Extremely hot or cold water, wringing or rubbing, and alkaline soaps are harmful to wool fabrics.

The blue spruce is Utah's state tree; the Segoe Lily its flower, the sea gull its bird.

Jack-of-All-Jobs

AS THOUGH he didn't already have enough to do, William R. Sadowski (left), is shown being offered another job by John Fomeroy, town clerk of Sunderland, Mass. Among the offices held by Sadowski are: chief of police, assistant fire chief, superintendent of streets, constable, fire warden, park committeeman, superintendent of flood control and of the town dump. For all this he gets \$4,000 yearly. (International)

Pre-School Clinics Continue Through Next Week

The Haywood County Health Department's clinics for children planning to enter school next fall continue next week according to the following schedule:

March 7—
9 a.m.—Pre-school and clinic for typhoid inoculations, at Rock Hill School.
1 p.m.—Pre-school and clinic for typhoid, inoculations, at Maggie School.
March 8—
9 a.m.—Pre-school and clinic for typhoid inoculations, Lake Junaluska School.

Health officials reminded parents again that the law requires the presentation of certificates showing the child has had the required inoculations. Otherwise, he or she will not be permitted to enter class.

The rosefish, or ocean perch, gives birth to live young.
