

MINERS' KIDS HAUL OWN COAL

CHILDREN OF STRIKING miners gather themselves a wheelbarrow load of coal from a refuse pile in the mining area in Yukon, Pa., to help heat their homes during the shutdown. This was the only "digging" going on in the fields, as miners refused to heed the second order from their chief-tain, John L. Lewis, to return to work. (International Soundphoto)

Stamey Cove Completes Community Organization

MRS. MARTIN ROGERS (Mountaineer Correspondent)

The residents of Stamey Cove Wednesday night finished the job of organizing their Community Development Program by establishing their special committees.

The groups were set up at the meeting at the new Maple Grove Baptist Church.

Assistant County Agent Turner Cathey discussed the county-wide program after the Rev. V. N. Allen, the community chairman, opened the meeting.

Stamey Cove's organization was launched earlier with the election of principal officers and became the 24th member of Haywood's Community Development Program family.

Besides establishing the committees, the members of the community also set the second Wednesday night of every month as the date for their regular meeting.

They elected Martin Rogers, a regular of the Fulham's basketball team of the Western North Carolina Industrial League as coach of the community boys' cage squad, and Jennings Rogers as coach of the girls' team.

Mr. and Mrs. Martin Rogers were elected community 4-H Club leaders.

At the meeting also were visitors from outside the community. There were Mrs. Henry Osborne and Mrs. William Osborne of the South Clyde Community Development Program; Bill Milner, 1943 All-America guard at Duke and now end for the professional Chicago Bears; Miller Ingram, Waynesville photographer, and Bill Lindau, Mountaineer reporter.

The next meeting was announced for the Piney Grove Methodist Church.

The special committees and their members:

Survey—James McFalls, chairman; Mrs. Clarence Buchanan, Mrs. McKinley Pressley;

Ways and Means—Clarence Buchanan, chairman; Jennings Rogers, Mrs. D. D. Reid;

Program—Mrs. Cleo Rogers, chairman; Mrs. H. J. Rogers, Mrs. James McFalls;

Recreation—Mrs. V. N. Allen, D. D. Reid, Tommy Stevenson, Mary Francis Allen, chairman;

Refreshments—Mrs. Don Stevenson, chairman; Mrs. Edd Trull, Mrs. Craig Allen, Mrs. Herman Rogers;

Community Improvement—J. C. Allen, chairman; Cleo Rogers, Walter Roberts;

Home Gardens—Herman Rogers, chairman; Mrs. Hiram Campbell, Mrs. Walter Roberts;

Church and Ground Improvements—Jack Rogers, chairman; Jennings Rogers, D. D. Reid, Cleo Rogers;

Roads—Mrs. D. D. Reid, Hiram Campbell, J. C. Allen;

Home Beautification—Don Sheppard, chairman; Don Stevenson, Clarence Buchanan, Mrs. James Harkins;

Scrapbook—Carolyn Rogers, chairman; Judy Stevenson, Patsy Rhodarmer, Ruth Trull, and Ruby Trull;

Corn—D. D. Reid, chairman; John Trull, Jasper Thompson;

Pasture—Jack Rogers, chairman;

Magician To Give Performances For Lions Clinic

Magician James W. Wear will present "The Great Wear Wonder Show" in two performances at the Waynesville Township High School March 9 under the sponsorship of the Waynesville Lions Club.

Johnny Cuddeback, who is handling the arrangements for the club, said in the announcement today that the show was being presented to raise funds for the Lions' eye clinic, scheduled to open on Wednesday.

The first show will be presented at the Auditorium at 1:45 p.m., with the curtain scheduled to go up on the evening performance at 8 p.m., and each will be different from the other.

Mr. Wear and his troupe have given performances in other sections of the nation for the last 12 years, but this will be their first appearance in this area.

They recently wound up a two-year tour of the West Coast that included performances in Hollywood before more than 5,000 people who witnessed Wear's "Miracles in the Modern Manner".

The two-hour program features Wear's feats of escape, his attempt to shoot through a girl, and the "Floating Lady," "The Garden of Flowers," and many other attractions.

In brief, the show contains a balanced mixture of Chinese tortures, Arabian fantasies, and plain American comedy and humor.

The admission prices for the afternoon performance will be 25 cents for children and 50 cents for adults, while the night show tickets will cost 40 cents and 75 cents including tax.

ONCE IS ENOUGH

DOTHAN, Ala. (UP)—"Incumbent" is virtually an unknown word in city commission elections here. They just don't run again. In fact, since the commission form of government was adopted in 1934, six of the 12 commissioners have resigned. Only three have completed their terms. One died in office.

Clarence Buchanan, H. J. Rogers, Ray Pless;

Alfalfa and Winter Legumes—Jack Rogers, chairman; Don Stevenson, J. C. Allen;

Bee Culture—Wilson Putnam, chairman; Mrs. Clarence Buchanan, Wess Fowler;

Conservation—D. D. Reid, chairman; Robert Green, Ray Pless, Bruce Medford;

Community Center—Martin Rogers, chairman; Jennings Rogers, Walter Roberts;

Swine—Jasper Thompson, chairman; Wilson Putnam;

Dairying—Mrs. McKinley Pressley, chairman; Mrs. Mary Harding; Mrs. H. J. Rogers;

Forestry—McKinley Pressley, Clarence Buchanan;

Poultry—Mrs. Craig Allen, chairman; Martin Rogers;

Beef Cattle—D. D. Reid, chairman; Ray Pless, Hillard Pless;

Tobacco—H. J. Rogers, chairman; Jasper Thompson;

Fruits and Vegetables—the Rev. W. H. Pless, chairman; Robert Green, Aubrey Yarborough.

'DER MAX' IS NOW A MINK BREEDER

FORMER HEAVYWEIGHT CHAMPION Max Schmeling, having given up boxing, is shown in what he calls "indulging in another hobby." Schmeling is holding one of the minks he raises on his farm in Hollenstedt, Germany. Four of his 65 minks were gifts of U. S. friends. (International)

UNLIKELIEST PLACE

MEMPHIS—A frantic mother even called in the police when she hunted over the neighborhood and failed to find her three-year-old son. After a search through everything from back alleys to abandoned ice boxes she found him—taking a bath.

How Cause Cancer

ONTARIO, Ont. (UP)—In a mine 1/2-mile below the ground, 100 mice today run about freely. They are part of the search for the cause and cure of cancer.

The project is the brain-child of William R. Franks, veteran scientist. William Harris, who wears a hardrock miner's cap and a one-man staff in his hand, is the head of the underground laboratory.

Effect. I am the personal director of 11,000 mice—but it's a fascinating job I've ever had.

Three Laboratories are being set up to draw any conclusions to date this is the first project spread over three laboratories in the Porcupine gold mine, two on the 2,875-foot level. One laboratory is free of radon, generally believed to be the cause of cancer.

Results Observed In the first six months, the death rate in the radiation-free quarters was almost double that of the other two. In the six months just ended, the death rate in the radiation-free laboratory was slightly less than that of the radiation-free laboratory.

Participating scientist warn against undue optimism about results from the project, this is probably the most important of all cancer research, but not necessarily the easiest.

Project, sponsored by the National Cancer Institute, will cost at least \$300,000 this year.

Cat In Ceiling Wrecks Tedious Roofing Job

COFFEEVILLE, Miss. (UP)—Barbara Ann Bramen's father took the old roof off their house and put on a new one.

He finished the job, tore down the scaffolding, put away the ladder and tools, tiredly wiped his face and said, "Well I'm through and I'm glad."

Just then Barbara Ann's cat meowed. It was in the ceiling. So Bramen had to haul out all his stuff again and tear a hole in his new roof to let the cat out.

NO MORE HOT SEAT

PRICHARD, Ala. (UP)—Prichard firemen no longer get the hot seat. Fire Chief W. E. Dixon has invented a light asbestos screen which the fire fighters use to protect themselves when they have to turn their backs towards the fire.

National Cancer Institute, will cost at least \$300,000 this year.

Muriel Is Anti-Wolf Expert

HOLLYWOOD (UP)—As a beautiful model and actress, Muriel Maddox almost could write a book on how to keep the wolf from the door.

The kind of wolves she's met in Hollywood aren't the financial ones, either, since she has a part in Stanley Kramer's new "The Men." They're the kind who want to go on cozy beach parties and make a girl a star overnight.

"Of course, I have to be nice," Miss Maddox said. "But I also have to be positive."

Wolf No. 1 is the kind who asks a girl to his apartment to watch a classic silent movie on television. "Obviously, it's the old story about the etchings," Miss Maddox said. "But fortunately, I have trouble with my eyes and my doctor has advised me to rest them as much as possible, particularly with a picture role coming up."

Wolf No. 2 takes you home and wants to come in for a nightcap, say a cup of tea.

Auntie Sleeps Light "It happens," said Miss Maddox, "that my Aunt Minnie is in town from Wichita and she's a light sleeper. And puritanical, too."

Wolf No. 3 loves beach parties, at night.

"He's the guy who wants to cook some hamburgers and things somewhere along the blue Pacific, just you and me and the beautiful moon," she scoffed. "I'm so sorry, but I'm allergic to beaches. The sea air upsets me, and so do the sand fleas."

Wolf No. 4 has his den in railroad lounge cars.

"He often has an interesting book in his compartment that he knows you'll like, if you will walk down the aisle and borrow it. But so sorry, I've just read that particular book."

Wolf No. 5 is going to produce a movie, and you're just the type for an important role.

"He wants you to drop in at his home and discuss the part," Miss Maddox said. "He says it will make you a star overnight—overnight, he says."

"At that point, you receive an offer to do a play in New York and you're flying out the next day. But you'll give him a ring when you return, because you'd just love to talk about that picture."
