Canton Firemen Honored For Long Service

Seven volunteer firemen of Canton were honored last Friday night for 25 years of continuous service for the city.

At a dinner meeting at The Champion Paper and Fibre Company's cafeteria, the seven were presented with pins in recognition of their devotion to duty.

Those honored were Chief C. L. Westmoreland, Tommy Furness, secretary and treasurer of the Canton Fire Department; Foreman Walter S. Price, J. E. Tate, W. W. Mitchell, Joe N. Mease, and Frank Smathers.

Assistant Fire Chief H. L. Seizer made the presentation.

If you find your emotional temperature near the boiling point, stop, take a couple of deep breaths, send up a prayer for help, count fifty, and smile. If that doesn't produce results quickly enough, then go write a letter to the offending person and put in it all you want to say to him. Then take that letter and put it away for 24 hours before you mail it. The chances are you won't, and you will have been saved from making a fool of yourself.

I think the above is pretty good advice for the young as well as the older generation. Let's put it to work, how about it?

The Haywood High School Student of the Week

By ANNE BISCHOFF

Another senior steps into the spotlight today. She is Carmichael Hannah, or as most of us know her, Bette.

Bette is a senior at St. John's High School this year and someday she will probably be playing a piano concert in Carnegie Hall under another spotlight.

Last year Bette was a columnist for St. John's school paper, The Mountain Echo. This year she is the editor.

She is a member of the First Presbyterian church of Waynesville, and for some time she has been organist for the church.

Bette is a member of the Girl Scouts, the Quill and Scroll (an International Honorary Society for High School Journalists), and a charter member of St. John's.

St. John's High School started in 1939 at Bette's home. She was in the second grade at that time.

Bette is the daughter of Mrs. William T. Hannah, of Waynesville.

For six months Bette had her own radio program, and she won the Ruth Craig Talent Award.

At the N. C. State Music Contest she represented St. John's with a piano solo. She also represented St. John's at the Valentine Dance in the Queen of Hearts Contest.

Bette has acting ability, too. And she proved it in "Kiss and Tell." She played the part of Corliss Archer.

Last year Bette was president of the Junior Class, and a very good

one, too.

In May, Bette plans to go to Ohio to take her entrance exam to enter Cincinnati Conservatory of Music.

Of course, her favorite pastime is playing the piano, but she also likes to swim and play softball.

As I said before, Bette will probably be a concert pianist, but she says, "I just want to do something in the musical field."

Bette plays for weddings, church, scouts, recitals, and contests. With this background I feel sure Bette will go to the very top in her music career.

Frank Davis Finds Ladino Pastures Profitable To His Iron Duff Dairy

Fifty acres of Ladino clover was a prime factor in helping Frank M. Davis, Iron Duff dairyman, to treble his net income from a herd of 25 dairy cows last October, he reported today.

The 50 acres of Ladino owned by Mr. Davis is one of the largest single pasture units in the county. He first planted Ladino in 1948, and has been high in the praise of it ever since.

"Of the fifty acres, I planted 20 correctly, and 10 just half right, and on the last 20 just broadcasted the seed, which did not do so well. I am going to re-work the soil on the last 20 acres and get a good stand," he commented.

Mr. Davis' plan for an "ideal Ladino clover pasture" is to add another ton of lime per acre, making three tons in all, then plowing this under, adding 300 pounds of triple phosphate per acre, and 600 pounds of 2-12-12 fertilizer per acre.

With this plan of fertilization, he has realized from past experiences, he will have a green pasture next fall long after natural grasses are gone. Last July he cut a ton of hay per acre off one section of pasture planted in Ladino Clover.

He grazes 40 head of cattle on the 50 acres, and had ample green pasture through the entire winter.

The pay-off came in October of 1949, when his D. H. I. records showed a net income from 25 cows more than trebled over the same

period two years prior. He attributes the fact that the Ladino clover enabled him to have green pastures longer was among the chief factors entering into this large increase in net income from the same number of dairy cows.

Mr. Davis has long been a leader in advocating more pastures in Ladino, and yesterday pointed out that "Ladino does not necessarily have to be on good land. It will grow in profusion on poor ridge land when properly planted and fertilized. Of course, favorable weather conditions always enter into this, but as a rule, the poor land can be made to produce just as good Ladino per acre cost as on good land," he said.

The Iron Duff dairyman feels that the time has come when farmers are going to have to pay more attention to pastures if a larger income is to be realized, and he feels Ladino clover is one of the big answers.

JUST AN OLD CUSTOM

NORTHAMPTON, Mass. (UP) — When the Smith College museum exhibited a model of an 1875 student's room, girls noticed some familiar decorations. On the wall above the washstand and its towel, embroidered "morning dip," were hanging several pennants from men's colleges.

Maggie Scouts To Be Inducted Thursday Night

Maggie's new Boy Scout troop will be installed formally into the international organization the night of March 9.

Fred Campbell, president of the Soco Gap Road Boosters Club, will receive the charter on behalf of the sponsoring organization from a representative of Daniel Boone Scout Council headquarters in Asheville.

The ceremony will take place at a Club dinner meeting which will be held at 7 p.m. at the Maggie School.

The dinner will be served by the ladies of the Maggie Methodist Church.

This item of business will be an important feature of the session, but not the only one.

During the course of the evening, the members of the club will elect their officers for 1950 and hear State Park Commission Chairman Charles E. Ray and Waynesville Chamber of Commerce President James Kilpatrick make the principal addresses.

The featured speeches will concern the coming Cherokee Indian Pageant and the building of the Hintooga Link of the Parkway.

Swain Trials To Test State's New Bear Caging Law

The March term of Swain Superior Court which opens at Bryson City today will provide two tests for North Carolina's new law which forbids the caging of bears.

Mr. and Mrs. W. P. McCoy are scheduled for a hearing before Judge Zeb V. Nettles on a charge arising from their allegedly keeping a bear in a cage at their tourist facility in Bird Town on the Indian Reservation.

Also charged in connection with the new law are Ode and Cato Lambert, both of Cherokee also.

The caging law, introduced by Rep. Long of Swain, was enacted by the 1949 General Assembly.

WANTS HIS 16 CENTS BACK

CHICAGO (UP) — George E. Sankstone, an attorney, has sued the Chicago Transit Authority for 16 cents and says he will take the case to the U. S. Supreme Court if necessary. He says the CTA overcharged him 16 cents for rides by a rate increase which he believes is confiscatory.

Magician To Appear Here

Magician James Wear, shown here with his pretty assistant, will present his "The Great Wear Wonder Show" in two performances Thursday at the Waynesville Township High School auditorium. The net profits will go toward paying the bill for the Waynesville Lions Club's eye clinic for needy adults and children. Each show will be different from the other. The matinee is scheduled to open at 1:45 p.m. The evening performance will begin at 8 o'clock.

Pictorial Report On Community Projects Given

Members of the Extension Service here gave Rotarians a pictorial review Friday of accomplishments of the Community Development program in Haywood.

Two screens were used, and two projectors showed a "before and after" picture of many projects which have been completed during the past year of activity.

Besides colored pictures, a series of charts showing farm sizes and incomes were shown and comparisons made after changes had been made in keeping with the program for "better home living".

Wayne Corpening and Miss Cornwell gave the narrative of the program, while the projectors were operated by Turner Cathey and Joe Cline.

Pre-School And Typhoid Clinics Continue Tuesday

The Haywood County Health Department today announced the schedule for this week for the inoculation clinics which are being held for children scheduled to attend school next fall.

Department officials reminded parents that their children must present certificates showing they have received the required inoculations, before they can be admitted to classes.

The schedule:

Tuesday, 9 a.m.—Pre-school and typhoid clinic, at Rock Hill School; 1 p.m.—Pre-school and typhoid clinic, Maggie School.

Wednesday, 9 a.m.—Pre-school and typhoid clinic, Lake Junaluska School.

Haywood Grads Of State College Name Officers

Wayne Corpening is the new president of the Haywood County N. C. State College Alumni Association.

He and other officers for 1950 were named at a recent meeting.

The retiring president was Henry Seaman of Canton.

H. M. Michal of Canton was elected first vice-president; Joe Cline of Waynesville, second vice-president; Howard Clapp of Waynesville, re-elected secretary; and G. N. Fortney of Canton, reporter.

During the meeting also the State College graduates saw films of the Long Island University-State College basketball game which was staged at Madison Square Garden in New York last January.

Part Of The Sheriff Welch Land At Auction

We have secured a contract to sell the following lands: Every tract offered will be sold regardless of price. The last bidder will be the purchaser.

This farm consists of 2700 acres and has been sub-divided into farms and tracts of various sizes, known as a part of the Sheriff Welch land, with 1½ mile of road frontage on highway U. S. 19A and 23.

This farm has every thing that a home seeker would desire, electric power, well watered, just rolling enough to be appreciated by a home seeker. Good grass, some of it well timbered, some tendable and pasturable. Nature has done quite a lot for this property—its natural surroundings and location makes it an ideal place to live and enjoy nature in its fulness. It is near the city and an ideal place to live and prolong life. We fully believe that this property should appeal to the most exacting. Drive out and look it over and meet us on the ground on Monday, March 13th. Music by our live wire band and Concert Singers.

We extend to you a cordial invitation to cancel all engagements and bring your wife, family, sweethearts, neighbors and friends to these Land Sales. If we do not know you, we want to get acquainted with you. Here you will see and hear the World's ORIGINAL TWIN AUCTIONEERS in action. The only TWO TWIN AUCTIONEERS in the world—We have sold in every state in the United States.

You will have an opportunity to hear our Live Wire Band and Concert Singers. You will receive an equal chance of ONE HUNDRED DOLLARS, and also, one pony, bridle and saddle. All children accompanied by their parents will have an equal chance. Lunch will be served on the grounds. Truly a great outing for you and the family. Something you will never forget.

Looking forward to seeing you face to face.
Yours respectfully,
Penny Brothers
