MORE ABOUT Band Trip

(Continued from Page 1)
listened to the other bands perform.
Then we went outside to wait for our rating to be posted, and when everybody started shouting, "We made a one!" That was a wonderful moment.

We didn't do too much celebrating that night—we were too tired.
We left Greensboro about nine-thirty Saturday morning. It was an unusually quiet crowd to have made a one. Jimmy Galloway remarked: "This crowd sounds more like they made a three"—and we did.

We ate lunch in Hickory and then stopped in Asheville for about half an hour.
As we were driving along toward Enka we heard a siren and realized we had a police escort. Then right before we got to Canton a patrolman joined the escort. We went through all the red lights in Canton.

As we came to Lake Junaluska and saw all these cars (about 40) waiting for us, we cried, we were so happy.

Then as we drove through Waynesville with all those sirens open and horns blowing, it was just too wonderful to describe.
As we left the bus at High School we were greeted by our classmates and parents.

Some of the boys in the band carried Mr. Isley through the crowd on their shoulders.
Never was anybody as happy as we were that afternoon.

It's wonderful to be able to say, "I'm a member of the Waynesville High School Band." (That's one of the three best bands in the state of North Carolina, you know.)

The nutria is a muskrat-like animal native to South America.

W. H. Kinsland.

Saunook CDP Lays Plans For Softball Season

By MRS. CHARLES SPARKS (Mountaineer Correspondent)

Softball shared a large part of the discussion at last week's Saunook Community Development Program meeting.

Clifton Shook, chairman of the recreation committee, reported on the new rules which will govern the game this season, and the managers for the two community teams were lected: Mrs. Beulah Sparks as named girls' pilot, and Orville C. Hill, manager of the boys' squad.

A meeting of the recreation committee was set for 7:30 p.m. Friday at Mr. Shook's home.

In other business, Mr. Pettigrew was named to the committee to help complete the school auditorium.

The Rev. Nando Stephens, the community chairman, announced before adjourning the session, that the next Community Development meeting would be held May 5 at the Saunook School, with the Rev. Mrs. C. O. Newell of Crabtree, the County Community Development chairman, as principal speaker.

Following the meeting, refreshments were sold to help boost the community treasury.

Mrs. Pettigrew opened the session with a devotional program.

HIGHLANDS SCIENTIST NAMED

The 1951-52 president of the Association of Southeastern Biologists is Warren McA. Deason, head of the biological laboratory at Highlands.

Scientists and graduate students from universities and colleges throughout the Southeast spend the summer at the Highlands laboratory in research on botanical and zoological problems.

WITH THE CANDIDATES

Both Senator Frank Graham and Willis Smith spoke on National issues last week.

Senator Graham told an audience at Wilson last week he'd like to see North Carolina's method of

handling race relations used throughout the South. He made his statement in a speech which struck against proposed federal legislation on race problems.

At Warrenton, Mr. Smith, another of the three major candidates rally,

for the U. S. Senate, learned the Brantley plan. He warned it could cost the federal treasury.

He expressed his statement before an audience at a county
