

Registration For May Primary Continuing

Registration of qualified voters continue Saturday in all of Haywood County's 24 precincts. Meanwhile, the Waynesville Junior Chamber of Commerce continued its campaign to "get out the vote" for the coming State Democratic Primary on May 27.

Officials of the organization reiterated again that the JayCees were endorsing no particular candidate, but waging this campaign simply to try to get every qualified citizen to exercise one of his most vital duties and rights—to cast a vote and thus taking an active part in the selection of the governing officers.

"We want every qualified citizen to register, and then to vote not only in this Primary, but in every election.

"Official figures from the last general election show that less than 50 per cent of citizens registered actually cast votes.

"That means that only one out of more than two citizens in North Carolina are performing one of the most important duties of their American citizenship," JayCee officials declared.

Citizens may register between 9 A. M. and 6 P. M. on this coming Saturday and on May 13. The books opened last Saturday.

May 20—the Saturday before the Primary—will be challenge day in all precincts.

Car's Gas Tank Gives Up Silver Dollar Jackpot

JACKSON, Miss. (UP)—A mechanic here received the surprise of his life when he took the gas tank off a car and \$125 in silver dollars came tumbling out.

Two Memphis, Tenn., men, Barney Costello and Pete Carroll, had asked the mechanic to remove the tank. When the money came out, they hastily explained they were simply following an old western custom. They also explained to the sheriff, two deputies and a city detective who came to investigate. Costello and Carroll said out west it isn't unusual for a car owner to drop silver dollars in his gas tank as a reserve against the day he trades for another car.

Sheriff Albert Jones had heard of the custom, so the men were allowed to go on their way.
