Community Field Day Series To Start July 20

The residents of Haywood County's organized communities are putting in some extra touches of house and farm cleaning this week. It's all in preparation for the opening of the second annual series of inter-community field days July 20.

Sponsored by the Haywood County Community Development Program, field days will include a morning tour of the host community by the visitors, a picnic lunch, and a comprehensive afternoon program.

All the field days will open at 10 A. M. Morning Star and Jonathan Creek will launch the series, with the Morning Star people in the role of guests.

The recreation program, Assistant County Agent Turner Cathey announced today, will include: a handicraft exhibit, tug-of-war, horse-shoe pitching, with divisions for those under 30 years old and those over 30; men's egg throw, family relay (teams of fathers, sons, mothers, and daughters); women's blind-fold race; singing, boys' and girls' softball games, and an eating contest.

This program will be held for each of the field days.

The complete schedule for the final part of July:

Holiday Crowd Enjoys Rides At School

This is a partial view of the thousands who visited the rides, and took part in the annual Fourth of July week program, as sponsored by the Boosters Club. This scene was made shortly before noon on July 4th right after the two high school bands had arrived at the scene after the parade. An even larger crowd was watching the athletic events in the stadium at the time this picture was made. (Staff Photo).
