Officers Are Named For Balsam Church

Church officers and Sunday School officers and teachers were elected for the coming year at a recent conference of the Pleasant Balsam Baptist Church. The Rev. J. M. Woodard was named pastor.

The church officers include Lawrence Hooper, treasurer; Mrs. Perry Smathers, clerk; Alden McCracken, janitor; Mrs. Ned Sparks, pianist; and Miss Bernice Smathers, chorister.

Last Rites Held For John Dills, Canton Officer

Funeral services were held in the Asbury church at Otto this afternoon for John Dills, 55, Canton police officer, who died Sunday morning in an Asheville hospital following a lengthy illness.

The Rev. L. C. Stevens, pastor, and the Rev. Horace L. Smith, pastor of the First Baptist church of Canton, officiated.

Pallbearers were Canton Police Chief W. N. Stroup, Jim Mason, Mayor F. W. Woody, W. L. Snyder, Harold Moffitt, and Macon County Sheriff A. B. Stagle.

A native of Macon county, Mr. Dills was deputy sheriff of that county for 12 years before going to Canton eight years ago. He had been a member of the Canton police since going there. He was a member of the Asbury Methodist church of Otto.

Quick Thinking Rescues Two Trapped In Car

GARY, Ind. (UP) — An automobile skidded into a telephone pole in a residential area and the car burst into flames, trapping a 19-year-old boy and girl inside.

About 20 horrified bystanders watched as the couple tried to escape.

A second car pulled up and a man and woman stepped out. They pushed through the crowd and wrenched one door open, pulling the young passengers out.

When police arrived, the rescuers had left the scene without identifying themselves.

Capt. John Clark of the Gary Fire Department said "whoever they are, they saved two lives."

The largest business firm in this country in the early 1800's was the American Fur Company, founded by John Jacob Astor.

Mr. and Mrs. Trantham

MR. AND MRS. E. L. TRANTHAM, JR., were married on Friday, June 23, in Central Methodist Church, Asheville. Mrs. Trantham is the former Miss Betty Jo Hawkins of Biltmore, daughter of Mrs. Mary Hawkins and J. P. Hawkins of Clyde.

Americans Setting Travel Record

WASHINGTON (UP) — The American itch to "go places and see things" is expected to set a post-war foreign travel record this year with an estimated 345,000 U. S. citizens visiting Europe and the United Kingdom.

They will leave \$220,000,000 abroad, spending an additional \$93,000,000 for foreign transportation.

The importance of this intercontinental travel is readily apparent to the Marshall Plan countries who need dollars. To attract tourists they have promoted extensive campaigns and made traveling easier by simplifying restrictions and custom regulations.

An ECA program for the study of travel techniques has been responsible for much of the easing of red tape requirements.

John Forney Rudy, public relations director of the National Federation of American Shipping, acknowledged the boost the program has given to American-flag ship lines.

Rudy said, however, that only about one-half the passenger accommodations will be offered as were available in 1939. Today's 11,000 accommodations compare with 23,000 then, or 41 American vessels compared to 71 in 1939.

"But in proportion to space available, both American and foreign flag lines probably will carry more passengers than ever before in their history," Rudy said.

How "Problem" Dogs Get That Way

CHICAGO (UP) — Many "problem" dogs got that way because they were brought up as juvenile delinquents, says the American Veterinary Medical Association.

A dog's adult behavior may hinge on things it should start learning when three months old.

The veterinarians pointed out three examples of annoying dog habits that may be prevented by early training:

1. The book-chewing, furniture-gnawing dog probably was not furnished toys as a puppy. Given toys, he can devote his energy to playing instead of destroying.

2. Dogs that refuse to eat unfamiliar food are prisoners of taste habits formed during puppyhood. If given a variety of suitable foods while young, dogs usually are not finicky eaters when they get older.

3. If a dog is given its own bed at an early age, it is less likely to seek the comfort of its owner's bed or to nap on the family sofa.

Small Business Helping Handicapped Veterans

CHICAGO (UP) — Small businesses are doing the best job to rehabilitate disabled veterans, the Veterans Administration finds.

The VA said "the neighborhood garage, the local haberdashery, the job printing shop and all types of small scale business enterprises" are doing the "major share" of training handicapped ex-G.I.s.

Some 45,000 business and industrial firms now are training handicapped veterans under public law 16, the vocational rehabilitation act, the VA said. The number of veterans being trained is less than 58,000.

Business men who have trained disabled veterans have been "favorably impressed" in nearly all cases, the VA said.

The hedge hog is notorious for its snake-killing proclivities. It bites the victim near the tail, then curls up and lets the snake strike repeatedly, injuring itself on the hedge hog's spine. After the snake is exhausted, the hedge hog simply bites his victim into pieces and eats it.

Oldest Undergraduate Made Phi Beta Kappa

GAMBIER, O. (UP) — Kenyon College claims it has the oldest undergraduate ever elected to Phi Beta Kappa, the national scholastic honor society.

Beta Chapter of Ohio elected William R. Hay, 39, to membership. Hay is a senior.

He was graduated from high school at the beginning of the depression and didn't have a chance to go to college, so he worked as a laborer, a machine hand and as an orchestra leader.

Oklahoma To Vote On World Government

ENID, Okla. (UP) — Oklahoma will be the third state to vote on a resolution favoring a world government stronger than the United Nations. The resolution will be on the Oklahoma ballot next November.

Dr. Arthur E. Elliott, state president of the United World Federalists, Enid, said an Ardmore Okla., oilman, Wirt Franklin, is directing money-raising to finance the drive for "yes" votes.

A similar resolution carried 9-10-1 in Connecticut and 11-10-1 in Massachusetts.

Too Much Baby Sitting Called Bad Influence

CARTHAGE, Ill. (UP) — An authority on adolescent and adult psychology says the baby sitter is symbolic of the "age of juvenile delinquency."

Baby sitters can't replace parents, at least not seven days a week, Dr. Frank B. Miller, personnel director of Carthage College, said.

"In nine out of ten cases it is the fault of the parent when the youth of America enters the courtroom," Miller said. "Only the parent can give the child love, support, confidence and guidance toward what is right."

The heads of Moore barley, a new strain, stay on when ripe, thus allowing the farmer to wait until the whole crop is ready to harvest.

Variety Show Set For This Week

More than 130 talented actors had been cast in parts today for this week's performances of "Trippin' Around," variety musical benefit being sponsored by the Waynesville chapter of Beta Sigma Phi sorority.

The performances will open at 8:15 p. m. Friday and Saturday at the Waynesville High School Auditorium.

More than 50 children will have parts in one of the scenes, "Fairy Express," in the show.

As a preliminary to the event, a parade will be held Thursday featuring floats, decorated autos, bicycles, and tricycles, costumed marchers, and the Waynesville Township High School band.

The procession will form at the Waynesville Presbyterian church to start at 1:15 p. m.

Civic organizations already entered include the Business and Professional Women's Club, Chamber of Commerce, Junior Chamber of Commerce, Lions Club, Rotary Club, Veterans of Foreign Wars, Beta Sigma Phi, and United Daughters of the Confederacy.

Among the business firms and individuals entered are Garrett's Furniture, Garrett's Funeral Home, Crawford Funeral Home, Rogers Electric, Tut's Town and Country Shop, Boyd Furniture, Massie Furniture, Palmer's Dairy, Porter Frady, Bill Norris, and the First National Bank.

In the parade also will be the children of the show cast, and members of the choruses in costume.

"We are trying to make this the most unique and best parade we have ever had in Waynesville," Mrs. Edwin Russell, chairman of the parade committee, said today.

"The parade is in connection with 'Trippin' Around,' and its purpose is to stimulate interest in our future Community Club House."

The sorority will use the proceeds from the two performances to help finance the building of a club house for the community.

Prizes will be awarded to children winning the events in the parade contests.

Further details may be found in the show's advertisements which appear in this issue.

Aunt Clara Puts Bite On U. S.

CLEVELAND, O. (UP) — Miss Clara Kibler could put a notch in her gun if she had a gun.

She bagged the United States post office and got \$5 it didn't want to give.

Miss Kibler, or "Aunt Clara," mailed two dishes to her niece in Maryland. They were smashed en route, and Aunt Clara asked the post office for the \$5 they were worth.

The post office told her to write a letter and fill out forms. She did. Then they asked her for the original wrapping paper. She fooled them there; she had it, sent by her niece.

Then they wanted the broken dishes for appraisal. Aunt Clara had them too.

The post office offered Aunt Clara \$2. She said no, firmly.

Then they insisted on proof of value. Clara got it by consulting a couple of antique dealers. One of them said \$7.

Aunt Clara sent in her proof; to the Post Office Department, which was weakened by the long months of combat.

The government surrendered, unconditionally. It sent Aunt Clara the \$5 (the whole business already had cost her more than that).

"It's the principle of the thing," she said, pocketing the fiver.
