

# Pretty Girls To Join Washington Blossoms A Beauty Contest

By JANE EADS  
AP Newsfeatures

WASHINGTON—Some of the prettiest girls of the Western Hemisphere will compete for beauty with the capital's famed Blossoms, which are expected to reach their rosette prime in 1951.

Selected from each of the states, Hawaii, Puerto Rico and Alaska will serve as princesses in the annual Cherry Blossom Festival for those dates by the National Capital Commission. Some 20 maids of honor from the Latin American region will be in attendance.

One of this year's festivities, expected to draw some 200,000 visitors to the city, is solidarity of the Americas. This is in keeping with the Pan American Union convention taking place here at the moment.

Highlights of the festivities will include the coronation ceremony of the cherry blossom queen by Oscar L. Chapman, mayor of the interior. She will be crowned from the princesses by means of a gigantic wheel of fortune at a dance and reception given by the Pan American Union on the night of April 6.

Monday and Sunday shows at the Jefferson Memorial will be held with the coronation ceremony. Special entertainment will be provided by the Latin American U. S. Service bands which will perform there'll be a water display in the Tidal Basin, with a display of the cherry blossoms.

Princesses are selected by the committee in Washington. They are given as much attention as the group as included in the group as Joy Dirksen, daughter of Republican Senator from Illinois; Buchanan, 19, daughter of Congressman Frank Buchanan; Mary Baker, daughter of Edward H. Baker (R-Tenn.); Edna Bender, daughter of George Bender (R-O.); Mary Kay Kilday, daughter of Rep. D-Tex.; International Rice Jackie Hoffpauir, Lake La., and Maine's 1951 Apples, Ann Bachelder, a senior from Me., high school.

## Bethel News

MRS. HORACE PEEK (Mountaineer Correspondent)

The Methodist Youth Fellowship of Bethel Methodist Church now has a lovely memorial chapel in which to meet. The old pulpit which was used in the first church built by the congregation was re-finished for use in the new chapel.

During Youth Activities Week the young people built an altar with a velvet backdrop and put up new draperies in one of the upper rooms of the Sunday School building. The pulpit Bible was presented by the Women's Society of Christian Service.

Mrs. N. J. Potter of New York City gave a spine piano in memory of her father and mother, Mr. and Mrs. Harrison Mauney, and Sunday night H. K. Terrell, chairman of the board of trustees, presented the piano for dedication. The congregation joined with the minister in an impressive dedication service. The altar was decorated with flowers in memory of Mr. and Mrs. Mauney.

At the present time, the Bethel Community Cemetery Fund is \$1468.60—\$1075.60 in cash and \$393.00 in pledges to be paid before the project is completed.

The trustees had hoped that the contractors might begin work the first week in April, but unless funds come in more rapidly, this will not be possible.

The original contract of \$1800.00 will cover leveling, seeding, and straightening tombstones on the old section of the cemetery, which was deeded by Elijah Deaver. When the \$1800 is raised, work will begin on this section.

Details of the project covering the new section of the cemetery are being worked out and will soon be made public. In the meantime, contributions designated for this section will be reserved.

Everyone who has collected money for the cemetery project should turn it in at once to Mrs. Edith Howell, Route 3, Canton, so that work can begin as soon as possible.

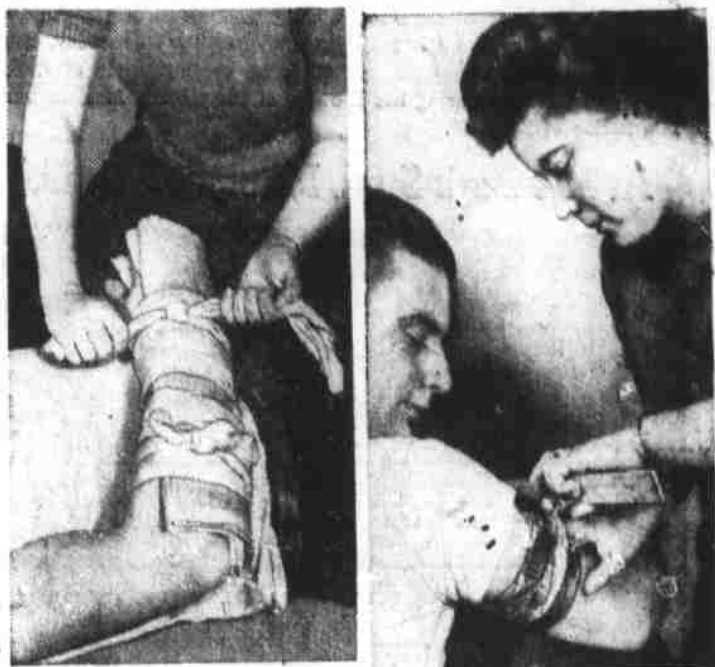

## First Aid For War

AP Newsfeatures

FIRST AID knowledge may become vital if threats of war should turn into reality. The American Red Cross has long sponsored classes in giving help to the injured. Now the Red Cross gives these hints of knowledge you should have if called upon when disaster strikes. One member of every family is urged to have proper training in modern first aid.

SHOCK in some degree is present in almost every injury. Here the victim is covered to hold body temperature, but not too warm. Small amounts of fluid are given. Can you recognize shock? Do you know what else to do?

IN FRACTURE old newspaper may be used for a splint, but in some cases no splint can be used.

FOR BLEEDING tourniquet may be applied. Do you know when this is required; when not?

FOR SOME BURNS dry dressings should be applied as shown here. Do you know what material to use? Could you recognize cases where it cannot be used?

## At Home In Three

NEW YORK — (AP) — One minor league champion team played at home in three cities. This was the 1905 A. J. G. club of the New York State League (forerunner of the Eastern League). This team not

only represented the three cities of Amsterdam, Johnston and Gloversville but actually split its home schedule among three different parks in the three adjoining cities. The team was popularly known as the "Jags," from the three cities' initials.

## Pity The Poor Coach

CHICAGO — (AP) — The plague of injuries and ailments which has crippled the Chicago Black Hawks in the National Hockey League has not been confined solely to the players. On a recent trip to New York, Coach Ebbie

Goodfellow was afflicted with an attack of neuritis in his left ankle. This necessitated his sleeping with his shoe on. The swelling was so big that Goodfellow was afraid to remove his shoe for fear that he would be unable to get it back on the next morning.
