

White Oak Community Eggs Interesting Easter Season Program

MRS. GEORGE BORING
Mountaineer Reporter

Community Development of the White Oak Community which was held Saturday March 24th, had many visitors from other parts of the County. Introduced were Mrs. Grace Hampton, Virginia; Mr. and Mrs. Crawford Ledford, Canton; Mrs. Bertie Ledford, Canton; Mrs. Williams and son John, Jonesville; Miss Doris James and Miss James, Lower Crabtree; Nellie Johnson, Bethel; Mrs. 2/e Hugh Carol Best, Crabtree, now stationed at San Francisco, California, and Mrs. Boring.

More than 80 folks attended this year and enjoyed taking part in the Easter Season Program. Chairman Boring presided over the program and the opening group sang "Lord, Build Me a Cabin." Mrs. Fisher read the 28th Chapter of Matthew which is the story of the "Resurrection." He also led the prayer. Minutes were read by Mrs. Boring and approved.

Business transactions were discussed, among them being donors for the Blood Drive, the Club House, work on the Club House, etc. Contributions for the White Oak was the main topic up for discussion. Even though this community is 100 percent for the Government road issue, it is, along with Catahoche, the only two towns that haven't any paved roads. The meeting was then turned over to the program chairman, Mrs. Boring.

She gave a short talk saying that the time of the resurrection is not only the time of the resurrection of nature, the time to rise in the trees, the time to creep through the ground, the time to sing and the whole earth to be resurrected. It is the time when spring begins to get into the blood, the time for wholesome recreation to come, but the real sign of Easter must not be forgotten in the spirit of hilarity. So the program will be divided into two parts, the first half being on the serious side, and the other half on the humorous side.

One of the most impressive parts of the Easter ceremony, was a large covered with white paper and with purple crepe paper, large urn of blooming yellow daffodils at the base. The flowers were extinguished and five dressed in white marched across carrying lighted candles and sang "Kneel At The Cross". A Bible review on both the old and new Testaments proved helpful to all. The story of how the hymn "Rock of Ages" happened to be written was told, and then everyone joined in singing the song.

Next came the egg hunt for the children, with some fifteen youngsters running hither and yon on the hunt. Little Frances Conard found the lucky egg, and Janie Davis found the chocolate bunny. The Easter Parade was one of the highlights of the evening with twenty-five couples taking part. It was a Mut and Jeff parade with the tallest boy having the shortest girl for a partner. Everyone sang "Easter Parade" while marching with Mrs. Boring playing it on the piano. The three lucky couples won prizes.

A style show, with the men dressed as women being the models, proved highly entertaining. The models were Henry F. Teague, Brown Messer, George Boring, Carl Davis and Frank D. Ledford. Also in the skit were Mrs. Rowe Ledford, Marcene Lowe, and Mrs. Boring. There was also three games played, an egg race, game of Rabbit, and Electricity the final game. Refreshments of cup cakes baked in various colored cups and decorated in Easter colors were served along with hot coffee.

Next meeting will be April 7th at the Community House.

Mr. and Mrs. Bill Ledford, Winston-Salem, spent Easter with their son and daughter-in-law, Mr. and Mrs. Byman Ledford.

Mrs. Grace Giles is returning Wednesday to her home in Hampton, Virginia. She has been visiting her daughter and son-in-law Mr. and Mrs. Joe Davis. She enjoyed her visit so much that she subscribed to The Mountaineer so as to keep up on the news of White Oak C. D. P. and other communities.

Mr. Jordan Comes Back

NOTRE DAME, Ind. — (AP) — John Joseph (Johnny) Jordan, newly appointed Notre Dame Basketball coach, is a former basketball captain for the Irish. As a senior he captained the 1934-35 team. The 39-year-old Jordan is now coaching Loyola University in Chicago and will finish out the year as mentor for that squad. Prior to his Loyola job Johnny coached Mt. Carmel High School for 13 years. During that time his teams won a combined total of 28 titles.

sort of function at Prospect House, Mrs. Geaney and Jane, the Irish cook, plan the eats.

"I do all the buying and Jane makes everything and presents the food in a very lovely way," Mrs. Geaney says. "All the desserts are made in the kitchen of Prospect House—all the Brown Betty, moussecakes—Oh, the strawberry shortcake! Jane makes it with a sweet dough and it's out of this world."

"I don't know how I keep my weight down. I guess it's from running my legs off. Jane does all the kitchen work and has the help of one maid only when we have parties."

On a recent Monday Mrs. Geaney and Jane got up a buffet luncheon for 50. Mrs. Geaney went to the market on Saturday and among other items bought a large ham. Jane cooked it on Sunday, trimmed it with pineapple and cherries, let it cool overnight and early Monday carved it and put it together again so it looked untouched.

Jane also shells fresh peas, made patty salad for the seafood Newburgh, prepared a tossed salad, cut up fresh fruit and baked chocolate and mocha cakes.

Mrs. Geaney says she uses American "Syracuse" china, purchased 10 years ago by the State Department and bearing its seal. For ordinary functions.

Official Hostess Finds Sweets Please Most Men; Favorite With Diplomats

By JANE EADS
AP Newsfeatures

WASHINGTON — Men like sweets, says Mrs. Victoria Geaney. As Uncle Sam's official housekeeper, Mrs. Geaney runs the nation's guest house for visiting dignitaries — "Prospect House," which the State Department took over a year ago last October. Dessert is a must on every menu.

Most of the government's real entertaining is done at the splendid old Georgetown mansion, leased from Mrs. James V. Forrestal, widow of the late Secretary of Defense. Blair House had been used for that purpose from 1942 until President Truman and his family moved in during White House repairs.

"There's always something going on—buffets, dinners, teas, receptions. I've been so busy, you know, I haven't been fishing for three years," Mrs. Geaney confided when I talked to her. An ardent salt-water fisherman, she used to spend weekends on Chesapeake Bay hauling them in. Now she barely has time to get to her little half-acre country place at Oxon Hill, in nearby Maryland, where she cuts the grass and raises flowers. She calls the place "My Retreat."

Man Of Double Distinction

NEW YORK — (AP) — Lou Novickoff, the "Mad Russian," led two minor leagues in batting the same year! In 1939 Novickoff topped the Texas League hitters with .398 in 419 times at bat. He was playing for Tulsa and was promoted to Los Angeles in the Pacific Coast League late in the season. He then proceeded to belt the horseshoe at a 452 clip for 135 times at bat to lead the PCL in the batting department.

New Frigidaire Lines Shown Here, Many Improved

New 1951 lines of Frigidaire appliances, highlighted by smartly-styled household refrigerators designed for once-a-week shopping and electric ranges featuring a revolutionary new "Wonder Oven" were announced here today by Fred E. Martin, Jr., of Martin Electric Co., who recently returned from a special Frigidaire meeting in Atlanta.

The extensive new product lines include: Four types of refrigerators with capacities ranging from four to 17 cubic feet; electric ranges in 40, 30 and 21-inch sizes, home laundry equipment featuring an automatic electric clothes washer, dryer and ironer; food freezers, electric water heaters, an electric dehumidifier for home or business use and home air conditioning units. Distinctive new Raymond Loewy styling and advance engineering design have been incorporated into Frigidaire's extensive line of household refrigerators as well as the ranges and other appliances.

Imperial Refrigerator Features Three Kinds of Cold

Top model of the broad new refrigerator line is the 10-cubic-foot two-door Imperial refrigerator, which provides three kinds of cold

Where Left Is Right

LAKE SUCCESS—(AP)—Ninety-three countries in the world favor the U. S. way of driving—the right side of the road—and only 34 drive like the English, on the left side, a U. N. survey showed. Left politically, Russians drive on the right side of the road.

Outside of Britain and Ireland, the only left-side driving is listed for Europe as in Sweden, Iceland, the Channel Islands, and the Isle of Man. The latter pair are under British control. But on Gibraltar and the islands of Malta and Gozo, both under British control, right-side driving is the law.

British-controlled areas account for the 10 in the western hemisphere where there is left-side driving. These include Bermuda, the Bahamas, British Honduras, Trinidad, the Leeward and Windward Islands, and Jamaica.

is a DeLuxe range equipped with two separate ovens and two high-speed broilers, providing a combined oven capacity of 10,280 cubic inches. The extra-large 6,160 cubic inch oven had one-third more usable space than ever before. The smaller oven has a capacity of 4,120 cubic inches, and provides a full 50 per cent more usable space than previously. Designed to provide the "ultimate" in capacity and flexibility, this top DeLuxe model is also equipped with the triple-duty deep-well cooker that not only cooks and bakes, but lifts up to provide a fourth surface unit, plus the new larger utensil drawer across the bottom.

model, 49 and 46 pounds of frozen food at near zero cold: Quickcube Ice Trays resting on a fast-freezing full-width shelf; and Ice-Blue, gold and plastic "swing-down" freezer door; sliding and adjustable aluminum shelves; full-width plastic chill drawers for storing extra ice cubes, or flat cuts of meat; basket drawers of 7.1 quart capacity, 25 per cent larger than before; big twin "stack-up" Hydrators; a Cold-Control, and a Season Control.

New Ranges Feature "Wonder Oven"

New ranges are glittering white porcelain-finished creations with the new slanted front styling, one-piece Flowing Tops and high back panels. Focal point of the new line is the "Wonder Oven" on two of three top range models. This revolutionary development permits the preparation of different foods at different temperatures at the same time, in the same oven. It is accomplished by converting one large single oven into two separate ovens with a movable unit. The upper oven has two heating units so that it may be used for broiling as well as baking or roasting. The lower oven is equipped with a single bottom heating unit, especially designed for baking or roasting. There are separate controls for each oven. Another unique feature of the new "Wonder Oven" is that the two ovens can be converted in a matter of seconds into a single giant oven of 6,160 cubic inches, 25 per cent larger than last year's standard ovens.
