LABORATORY TESTED

Almost everything you buy today has been tested

But what about the pattern by which you live? Is it

a concoction of your own mind, or a new formula for

proven by faithful Christians.

If you are a Christian, your creed has been tested in

the laboratory of life. For almost two thousand years

men have believed, served, worshipped, lived and died

\_many of them heroically \_in the Faith that is yours.

The Christian churches of this community do not

offer any new remedy for all life's problems. But they

preach and teach for our own time the Way of Life

And now, as then, men find peace and happiness in

that Way. Through twenty centuries that has been

in the laboratory. Its worth has been proven.

The Ark was built, and inhabited as the Lord had told Noah, and in time the rains came, and continued for 40 days and 40 nights, until even the tops of the highest mountains were covered.

When the rain stopped, gradually the mountain tops appeared and the Ark came to rest on Mount Ararat. Noah sent out a raven, which went to and fro until the waters were dried up.

And Noah sent forth a dove which returned, having found no spot on which it could rest; again, after seven days, he sent the dove forth again and when it came back it held an olive leaf in its

When the earth was again dry and the Ark came to rest on the ground, Noah builded an altar to the Lord and offered a sacrifice, and the Lord promised that never again would He curse the ground, nor smite every living thing, and He set a rainbow in the sky to remind Him of His promise.
