

Local Masons Discuss State Program With Their Grand Master

Increased interest in Masonry was stimulated by the proposed program of Dr. Charles H. Pugh, of Gastonia, as he conferred with local leaders during the annual Summer Assembly here this week. Shown here are, left to right: Paul Martin, past master; C. B. Hosaflook, secretary; W. A. Coble, past master; Dr. Pugh; Joe Howell, high priest; Albert Abel, treasurer, and Harry Kent, Illustrious Master. (Staff Photo).

peace-loving world. He stressed the importance of the nation's moral obligation to the world—"if thine enemy hunger, feed him; if he thirst, give him drink." "Certainly America is following the golden rule," said the speaker. Dr. Pugh hit at the United Nations for failing to open sessions with prayer. The speaker also pointed out the importance of individuals and nations to recognize God. He did not call the names of any nation, but said: "Why should we do business with any nation which refuses to acknowledge our God?"

cooperative now serves 4150 members along 800 miles of rural lines in Buncombe, Haywood, Jackson, Macon, Transylvania, and Rabun (Georgia) counties. An over-all repasing program, including multiplying the main lines, larger and improved voltage regulation and switching stations designed to meet the increasing demands of the present members and new members to be connected during the next several years, has just been completed.

The cooperative recently purchased a site near the Drive-In Theatre in East Waynesville for a new headquarters building. Plans for this building, designed to meet the present and future needs of the cooperative, were completed by the architect last fall; however, the board of directors decided to forego construction until a more favorable time. Plans have also been worked out to install two-way radio equipment in the main headquarters and all trucks of the cooperative. This equipment when installed will permit the co-op personnel to render better service at all times and at the same time cut down transportation expenses. An application for the installation of this equipment is now pending before the Federal Communications Commission.

The Cooperative has been allocated \$2,041,000.00 from the Federal Government. To date \$1,430,663.00 of these funds have been advanced for the construction of the distribution system leaving a balance available in the amount of \$610,337.00 for additional planned work including the headquarters building. The cooperative has repaid to the Federal Government on principal and interest \$195,091.00 to date, including \$65,225.00 in the form of advance payments.

Mr. and Mrs. Thomas Murray left Sunday for their home in Hampton Village, Virginia after visiting the latter's mother and sister, Mrs. W. L. McCracken and Miss Elizabeth McCracken.

fore the proper authorities, they will be less inclined to break the laws and risk other people's lives. We believe in maximum protection for ourselves, our families, our friends, and our visitors.

"Also, in view of the fact that another school term is beginning, we feel that it is doubly important that we work for the safety of our children and maintain the same efficient Patrol we now have.

"We wish to request, Sir, if you find it consistent with the policies of your division, that you reconsider the proposed change of our Patrol force, especially in view of the fact that our needs are for greater protection and safety on our roads, rather than less."

Very truly yours,
